**Activation or Workfare? Governance and the Neo-Liberal Convergence** Ivar Lodemel, Amilcar Moreira, 2014-09-29 The last decade of the 20th century was marked by a shift in how welfare states deal with those at the bottom of the income ladder This shift involved the introduction strengthening of work obligations as a

condition for receiving minimum income benefits which in some countries was complemented by efforts to help recipients return to the labour market namely through the investment in active labour market policies ALMP Based on case studies of developments in the US and eight European nations UK Norway Denmark Netherlands Germany France Portugal and the Czech Republic this book argues that this first set of reforms was followed by a second wave of reforms that whilst deepening the path towards the focus on work brings important innovations be it the tools used to help recipients back to the labour markets ex financial incentives and in how activation policies are delivered ex integration of benefit and employment services Looking at the array of developments introduced during this period we discern two key trends The first concerns the strengthening of the role of the market in the governance of activation which is visible in the strengthening of the focus on work or the marketisation of employment services The second concerns a move towards the individualisation of service delivery visible in the expansion of the use of personal action plans or in efforts to streamline service delivery Finally we show that the onset of the sovereign debt crisis in Europe has triggered a new wave of reforms Whilst tentative only our analysis points to a worrying trend of the curtailment or benefits Portugal and activation services Netherlands Czech Republic to minimum income recipients and in parallel a further deepening of the focus on work conditionality UK and Norway

*The Politics of the New Welfare State* Giuliano Bonoli, David Natali, 2012-09-27 Since the early 1990s European welfare states have undergone substantial changes in terms of objectives areas of intervention and instruments Traditional programmes such as old age pensions have been curtailed throughout the continent while new functions have been taken up At present welfare states are expected to help non working people back into employment to complement work income for the working poor to reconcile work and family life to promote gender equality to support child development and to provide social services for an ageing society The welfare settlement that is emerging at the beginning of the 21st century is nonetheless very different in terms of functions and instruments from the one inherited from the last century This book seeks to offer a better understanding of the new welfare settlement and to analyze the factors that have shaped the recent transformation

The Oxford Handbook of Governance and Public Management for Social Policy Karen J. Baehler, 2023 Public administration plays an integral role at every stage of social policy creation and execution Program operators management decisions shape policymakers perceptions of what can and should be accomplished through social programs while public administrators wield considerable power to mobilize tangible and intangible resources and fill gaps in policy designs Furthermore the cumulative effects of public administrators daily activities directly influence outcomes for program participants and may shift policy itself Location also matters to social policy as those same administrators are expected to innovate continuously in response to shifting local and national conditions including changes in budgetary allocations client needs and capacities and public attitudes This Handbook will aim to capture what is being learned across six geographical regions Africa Asia Australasia Europe Latin America and the U S and Canada Specifically each regional section will contain

6 10 chapters canvassing a particular set of promising practices or emerging challenges at the regional or sub regional level in addition to a brief overview written by the section editor The regional sections will be flanked by integrative chapters As a whole the volume contains 65 chapters

**Welfare State Reforms Seen from Below** Bernhard Ebbinghaus,Elias Naumann,2017-11-24 Studying the political economy of welfare state reform this edited collection focuses on the role of public opinion and organized interests in respect to policy change It highlights that welfare states are hard pressed to reform in order to cope with ongoing socio economic and demographic challenges While public opinion is commonly seen to oppose welfare cuts and organized interests such as trade unions have tended to defend acquired social rights this book shows that there have been emergent tendencies in favour of reform Welfare State Reforms Seen from Below analyses a wide range of social policies affecting healthcare pensions and the labour market to demonstrate how social groups and interest organizations differ and interact in their approaches to reform Comparing Britain and Germany with its two very different welfare states it provides a European perspective on the changing approaches to welfare This book will be of interest to those wanting to learn more about the politics of the welfare state and of relevance to students and academics in the fields of political economy and comparative social policy
