Regent Park A Study In Slum Clearance:

Regent Park Albert Rose, 1958-12 More than ten years of study of the problem of slum clearance in Toronto plus participation in the planning and execution of the Regent Park project provided the author with an exceptional opportunity to know thoroughly the materials of his study **Regent Park. A Study in Slum Clearance [in Toronto]. [With a Facsimile.]** Albert Rose (Professor of Social Work, University of Toronto.), 1958 Regent Park Redux Laura Johnson, Robert Johnson, 2017-05-12 Regent Park Redux evaluates one of the biggest experiments in public housing redevelopment from the tenant perspective Built in the 1940s Toronto's Regent Park has experienced common large scale public housing problems Instead of simply tearing down old buildings and scattering inhabitants the city's housing authority came up with a plan for radical transformation In partnership with a private developer the Toronto Community Housing Corporation organized a twenty year billion dollar makeover The reconstituted neighbourhood one of the most diverse in the world will offer a new mix of amenities and social services intended to reknit the urban fabric Regent Park Redux based on a ten year study of 52 households as they moved through stages of displacement and resettlement examines the dreams and hopes residents have for their community and their future Urban planners and designers across the world in cities facing some of the same challenges as Toronto will want to pay attention to this story *Governing Metropolitan Toronto* Albert Rose, 2023-11-10 *Governing Metropolitan Toronto A Social and Political Analysis* 1953 1971 provides an in depth examination of Toronto's metropolitan governance lauded as a model of truly metropolitan government in North America Over nearly two decades Toronto restructured its local government twice adopting a two tier federation model to address the challenges of urbanization suburban expansion and regional cooperation This system integrating multiple jurisdictions under a central framework sought to resolve disparities in infrastructure housing and municipal services while accommodating the province's broader economic and environmental goals Albert Rose a scholar and civic participant contextualizes Metro Toronto within Canadian and global urban governance traditions offering insights into its achievements and the challenges posed by evolving social environmental and political dynamics Rose argues that Toronto's experience demonstrates how metropolitan governance must grow from addressing physical infrastructure to managing complex social issues such as housing and environmental quality While the provincial government provided oversight and enabled Metro's creation its involvement underscores the role of higher level authorities in urban governance The study situates Toronto's system alongside other Canadian and international models including Winnipeg's uni city approach and Minnesota's Metropolitan Council suggesting that Toronto's adaptable federation structure may be better suited for larger more complex urban regions Rose's work highlights the ongoing interplay between local autonomy and provincial guidance offering critical lessons for urban governance worldwide and serving as a valuable resource in understanding the transformative potential of metropolitan systems This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission

to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1972 Toronto's Poor Bryan D. Palmer, Gaétan Héroux, 2016-11-23 Toronto's Poor reveals the long and too often forgotten history of poor people's resistance It details how people without housing people living in poverty and unemployed people have struggled to survive and secure food and shelter in the wake of the many panics downturns recessions and depressions that punctuate the years from the 1830s to the present Written by a historian of the working class and a poor people's activist this is a rebellious book that links past and present in an almost two hundred year story of struggle and resistance It is about men women and children relegated to lives of desperation by an uncaring system and how they have refused to be defeated In that refusal and in winning better conditions for themselves Toronto's poor create the possibility of a new kind of society one ordered not by acquisition and individual advance but by appreciations of collective rights and responsibilities **Habitations et Milieu de Vie** John Miron, 1994-04-12 Les collaborateurs identifient certains critères importants pour l'évaluation de la situation actuelle et future dans le domaine du logement précisent les questions et priorités de la recherche en matière de logement et signalent certaines questions de politique qui se dessinent Les articles sont répartis en six sections facteurs économiques démographiques et institutionnels sous-jacents la demande de logements au cours de la période de l'après-guerre principaux aspects de l'offre de logements et notamment financement technologie et réglementation croissance du parc immobilier et modifications de la qualité des logements équilibre entre l'offre et la demande compte tenu de ce qui est suffisant convenable et abordable évolution de l'environnement des lieux habités les besoins et questions pour l'avenir L'ouvrage contient également certains résumés utiles des mesures prises entre 1945 et 1986 en matière de politiques de logement Document de référence essentiel sur le logement urbain et le développement des villes au cours de la période d'après-guerre au Canada Habitations et milieu de vie sera apprécié des universitaires des planificateurs des professionnels et des étudiants qui s'intéressent aux questions de logement **Our Lives: Canada After 1945** Alvin Finkel, 2012-05 The people forces and events that have shaped post war Canada Social Policy and Practice in Canada Alvin Finkel, 2012-05-09 Social Policy and Practice in Canada A History traces the history of social policy in Canada from the period of First Nations control to the present day exploring the various ways in which residents of the area known today as Canada have organized themselves to deal with or to ignore the needs of the ill the poor the elderly and the young This book is the first synthesis on social policy in Canada to provide a critical perspective on the evolution of social policy in the country While earlier work has treated each new social program as a major advance and reacted with shock to neoliberalism's attack on social programs Alvin Finkel demonstrates that right wing and left wing forces have always battled to shape social policy in Canada He argues that the notion of a welfare state consensus in the period after 1945 is misleading and that the social programs developed before the neoliberal counteroffensive were far less radical than they are sometimes

depicted Social Policy and Practice in Canada A History begins by exploring the non state mechanisms employed by First Nations to insure the well being of their members It then deals with the role of the Church in New France and of voluntary organizations in British North America in helping the unfortunate After examining why voluntary organizations gradually gave way to state controlled programs the book assesses the evolution of social policy in Canada in a variety of areas including health care treatment of the elderly child care housing and poverty

Contemporary Perspectives on Jane Jacobs Dirk Schubert, 2016-05-13 Jane Jacobs s famous book The Death and Life of Great American Cities 1961 has challenged the discipline of urban planning and led to a paradigm shift Controversial in the 1960s most of her ideas became generally accepted within a decade or so after publication not only in North America but worldwide as the articles in this volume demonstrate Based on cross disciplinary and transnational approaches this book offers new insights into her complex and often contrarian way of thinking as well as analyses of her impact on urban planning theory and the consequences for planning practice Now more than 50 years after the initial publication in a period of rapid globalisation and deregulated approaches in planning new challenges arise The contributions in this book argue that it is not possible simply to follow Jane Jacobs s ideas to the letter but instead it is necessary to contextualize them to look for relevant lessons for cities and planners and critically to re evaluate why and how some of her ideas might be updated Bringing together an international team of scholars and writers this volume develops conclusions based on new research as to how her work can be re interpreted under different circumstances and utilized in the current debate about the proclaimed millennium of the city the 21st century

Doing Good J.T.H. Connor, 2000-12-15 A history of Toronto s general hospital offers a window on a broader history of Upper Canada and Ontario over the last two centuries In this lively and authoritative account J T H Connor traces the hospital s two hundred year evolution as its mandate to do good forced constant adjustment to changing social medical and government attitudes Doing Good presents the hospital s history in three phases roughly speaking the first and second halves of the nineteenth century and the twentieth century From its conception in 1797 to the mid 1850s it did not actually acquire a home until 1819 nor occupy it until 1829 it functioned as a charitable institution catering to the sick poor It acted initially as a clearing station for sick immigrants it later was deeply affected by political events and became embroiled in the medical turmoil of Toronto in the 1840s and early 1850s In the second era from the mid 1850s it was a public charity receiving stable government funding and constructing a new home in eastern Toronto By the 1870s it was winning praise as a model hospital In the twentieth century it early on established close links with the University of Toronto building a vast and up to date new facility adjacent to the university which opened in 1913 Its international reputation as an academic hospital grew over the decades to include a high profile in research most notably in cancer and medical technology By the 1960s the institution was being run as a public hospital and the late 1990s saw its absorption into a hospital mega corporation the University Health Network along with three other nearby hospitals This work is the most comprehensive analysis of any

Canadian hospital or health care institution yet to appear Using trustees minutes medical journals newspapers and government reports along with correspondence photographs and reminiscences of trustees nurses doctors and patients Connor offers acute observation and detailed analysis as well as compelling character studies and revealing anecdotes Broad in scope and meticulously executed Doing Good brings vividly to life the day to day routines the behind the scenes intrigue and the people and politics of a great urban hospital
