recorded interviews with descendants of the original settlers she builds up a detailed picture not only of the social and religious aspects of their lives but also of how they set about building a new community in the wilderness For more than a century people in the Outer Hebrides have been asking what happened to those who left for the New World Oatmeal and the Catechism answers that question BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Kentucky Moonshine David W. Maurer, 2021-10-12 When the first American tax on distilled spirits was established in 1791 violence broke out in Pennsylvania The resulting Whiskey Rebellion sent hundreds of families down the Ohio River by flatboat stills on board to settle anew in the fertile bottomlands of Kentucky Here they used cold limestone spring water to make bourbon and found that corn produced even better yields of whiskey than rye Thus the licit and illicit branches of the distilling industry grew up side by side in the state This is the story of the illicit side the moonshiners craft and craftsmanship as practiced in Kentucky A glossary of moonshiner jargon sheds light on such colorful terms as puker slop and weed monkey With a new foreword by author Wes Berry David M Maurer s classic history of this subject is tongue in cheek but nevertheless provides a realistic look at the Kentucky moonshiner and the moonshining industry
