Mori were descendants of the crew of the waka Kurahaup who had arrived in New Zealand about 300 years earlier. Two Voyages follows the journeys of the waka Kurahaup, its occupants and their descendants, and Abel Tasman and his crew. It follows the journeys from their origins to their point of coincidence in Golden Bay. This wonderfully illustrated book explores the discovery of New Zealand by the Polynesians and by the Europeans after them. It looks at the factors giving impetus to the two journeys, the people who undertook them, their routes, the means by which they travelled, and their tragic first meeting. There are many books about the history of New Zealand that begin with the arrival of Europeans; this one ends there.
