The Plays of Saint Thérèse of Lisieux Saint Thérèse of Lisieux, 2008 Over a period of about three years toward the end of her life St Therese of Lisieux 1873-1897 was asked by her Carmelite superiors to compose eight theatrical pieces for special occasions in her convent She did not consider them mere trivial amusements On the contrary Therese invested herself wholeheartedly in the writing and performance of these little dramas which provided a welcome opportunity to articulate her growing spiritual insights and share them with her religious community Here we find echoes of her great themes some where developed at greater length than anywhere else in her writings Mary of Nazareth and Joan of Arc humility and the little way confidence and love and so much more In the present volume for the first time all eight of her plays or pious recreations as they are sometimes called in the French are published together in their entirety for English speaking readers They open a new window onto the message

of the church's youngest Doctor. Also included is a masterful general introduction by the noted Theresian expert Bishop Guy Gaucher O.C.D. as well as individual introductions to each play explaining it in context and significance.
