The Saints John Coulson,1958 **The Saints, a Concise Biographical Dictionary** John Coulson (ed),1960 *The Saints: a concise biographical dictionary, ed ,* The Saints, a Concise Biographical Dictionary. Edited by John Coulson... Introduction by C. C. Martindale,... Cyril C. Martindale (S.J., Le P.),1958 **The Saints. A Concise Biographical Dictionary. Edited by J. Coulson, Etc** John Coulson,1958 **The Saints** John Bonett,1958 **The Saints** John Coulson,1958 **The Book of Saints** Basil Watkins,2015-11-19 Now fully revised and updated The Book of Saints is a comprehensive biographical dictionary of saints canonised by the Roman Catholic Church It contains the names of over 10 000 saints including all modern ones with significant information about their lives and achievements Each section begins with an illustration of a particular saint and the volume includes a list of national martyrs a bibliography and a helpful glossary Produced by the Benedictine monks of St Augustine s Abbey Chilworth formerly Ramsgate this classic resource is now in its 8th edition and is fully revised to include all the saints canonised in the last ten years including Pope St John Paul II and Blessed Paul VI *A Brief Biographical Dictionary* Charles Hole,1866 *A brief Biographical Dictionary. Compiled and arranged by ... C. H.* Charles HOLE,1865 Critical Studies in Ancient Law, Comparative Law and Legal History Alan Watson,2001 This book focused on texts and contexts is dedicated to a great contemporary Romanist legal historian and comparative lawyer Professor Watson **Looking for a Miracle** Joe Nickell,2009-12-02 The willingness of people to believe in magical icons mystical relics and miraculous pictures like the Image of Guadalupe is almost as curious as these phenomena themselves Though they cry out for scientific investigation millions of people blindly accept them as fact Historical and paranormal investigator Joe Nickell confronts such strange events powers and objects as the Shroud of Turin bleeding or weeping statues burning handprints liquefying blood ecstatic visions miraculous cures and people speaking in tongues in *Looking for a Miracle* Departing from standard critiques of religion Nickell carefully investigates the evidence relating to specific claims Religious believers and rationalists alike have much to learn from this revealing examination of the evidence for the miraculous **Heavenly Sustenance in Patristic Texts and Byzantine Iconography** Elena Ene D-Vasilescu,2018-10-22 This book examines ideas of spiritual nourishment as maintained chiefly by Patristic theologians those who lived in Byzantium It shows how a particular type of Byzantine frescoes and icons illustrated the views of Patristic thinkers on the connections between the heavenly and the earthly worlds The author explores the occurrence and geographical distribution of this new type of iconography that manifested itself in representations concerned with the human body and argues that these were a reaction to docetist ideas The volume also investigates the diffusion of saints cults and demonstrates that this took place on a North South axis as their veneration began in Byzantium and gradually reached the northern part of Europe and eventually the entirety of Christendom The Social Structure of the First Crusade Conor Kostick,2008-05-31 The First Crusade 1096 1099 was an extraordinary undertaking Because the repercussions of that

expedition have rippled on down the centuries there has been an enormous literature on the subject Yet unlike so many other areas of medieval history until now the First Crusade has failed to attract the attention of historians interested in social dynamics This book is the first to examine the sociology of the sources in order to provide a detailed analysis of the various social classes which participated in the expedition and the tensions between them In doing so it offers a fresh approach to the many debates surrounding the subject of the First Crusade

When They Severed Earth from Sky Elizabeth Wayland Barber, Paul T. Barber, 2012-01-02 Why were Prometheus and Loki envisioned as chained to rocks What was the Golden Calf Why are mirrors believed to carry bad luck How could anyone think that mortals like Perseus Beowulf and St George actually fought dragons since dragons don't exist Strange though they sound however these myths did not begin as fiction This absorbing book shows that myths originally transmitted real information about real events and observations preserving the information sometimes for millennia within nonliterate societies Geologists' interpretations of how a volcanic cataclysm long ago created Oregon's Crater Lake for example is echoed point for point in the local myth of its origin The Klamath tribe saw it happen and passed down the story for nearly 8 000 years We however have been literate so long that we've forgotten how myths encode reality Recent studies of how our brains work applied to a wide range of data from the Pacific Northwest to ancient Egypt to modern stories reported in newspapers have helped the Barbers deduce the characteristic principles by which such tales both develop and degrade through time Myth is in fact a quite reasonable way to convey important messages orally over many generations although reasoning back to the original events is possible only under rather specific conditions Our oldest written records date to 5 200 years ago but we have been speaking and mythmaking for perhaps 100 000 This groundbreaking book points the way to restoring some of that lost history and teaching us about human storytelling

Decadent Genealogies Barbara Spackman, 2018-03-15 Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness By means of an ideological and rhetorical analysis of scientific as well as literary texts she shows how the rhetoric of sickness provided the male decadent writer with an alibi for
