The Seeker's Guide to Saints Mitch Finley, 2016-03-09 Who were the saints and what is it about them that causes people all over the world to remember them What were their stories motivations passions and shortcomings This informative delightful inspiring book reveals the truth behind the misconceptions and the mystique in a survey of saints throughout the history of the Church The stories included here emphasize that although the saints were often flawed and quirky individuals what made them saintly above all else was their dedication to faith They had a passionate extraordinary pull out all the stops devotion writes award winning Catholic author Mitch Finley and a desire for truth that is not unlike our own

**The New Age Magazine**, 1921      God & Therapy Gerald Alper, 2016-05-03 Why in over thirty years of private practice after listening to hundreds and hundreds of patients dreams had I not once encountered the presence of God the joyful fantasy of an afterlife the radiant appearance of an angel Why in the outpouring and welter of wishes secrets and hopes to which a therapist regularly attends was heaven never mentioned from the Preface Gerald Alper dares to enter the difficult area of spiritual religious nonmaterial existence Afterlife death and dying relationship with God and other similar topics are presented carefully and scientifically The book is a pleasure to read As a former Jesuit priest ordained in 1960 with a Magna Cum Laude and a Masters of Theology I struggled with this issue for many years before assuming full responsibility for my

beliefs With that background I found the book refreshing courageous instructive and compassionate I recommend it highly to anyone wishing to add the perspective of humanism to their religious upbringing Daniel L Araoz Ed D former professor Long Island University ALPER never writes dull books He has one of the most creative analytic minds of his generation Dr Jerome David Levin author of THE CLINTON SYNDROME This is a book about what people in their heart of hearts when no one is looking believe or don t believe before organized religion political correctness and group pressure gathers them up in its collective grasp It is a psychodynamic axiom that death does not exist in the unconscious If that is true then neither does the afterlife Neither do angels the pearly gates or heaven There is however in addition to hope and belief a very profound desire to be paid attention to to be cared for to be reassured
