Salmo De Kaplan El:

El salmo de Kaplan Marco Schwartz, 2006 Estamos ante una novela desplegada a través de una trama inteligente y divertida narrada de forma precisa e inquietante en un desconocido pero cautivante mundo de una comunidad judía del Caribe. En este contexto es donde un entrañable viejo judío decide llevar a cabo el más intenso de los proyectos: la captura de un alto jerarca nazi que seguramente todos los indicios se esconde en un restaurante tropical. Para ello da la espalda a su propia familia y compromete a un amigo, el sargento Contreras. Los avatares de la investigación por momentos quijotesca nos deslumbran al mostrarnos un mundo lleno de luz y color pero también con claroscuros y ambigüedades perfectamente planificadas. Con un sorprendente final, Marco Schwartz cierra la partitura que le lleva a ganar el Premio de Novela La otra orilla por unanimidad frente a un jurado de una categoría inapelable. Nilda Piñón, R.H. Moreno Durán y Eduardo Berti. Con una prosa precisa y afilada con una sabia mezcla de ternura y piedad por su personaje central, Marco Schwartz ha plasmado esta inteligente novela en la que buscar y escapar son las dos caras de una moneda a tal punto que la irónica sorpresa del final no parece de hecho sino inevitable. EDUARDO BERTI FAJA Nosotros Nilda Piñón, R.H. Moreno Durán y Eduardo Berti en calidad de jurados del I Premio de Novela La otra orilla 2005 manifestamos que tras una deliberación en la que tuvimos que pronunciarnos sobre 9 novelas seleccionadas entre las 621 presentadas decidimos otorgar el premio dotado con 30 000 dólares a la novela *El salmo de Kaplan*, presentada bajo el seudónimo Abel y que resultó ser de Marco Schwartz.

Jewish

Literatures in Spanish and Portuguese Ruth Fine, Susanne Zepp, 2022-10-24 This volume offers a thorough introduction to Jewish world literatures in Spanish and Portuguese which not only addresses the coexistence of cultures but also the functions of a literary and linguistic space of negotiation in this context. From the Middle Ages to present day the compendium explores the main Jewish chapters within Spanish and Portuguese language world literature whether from Europe, Latin America or other parts of the world. No comprehensive survey of this area has been undertaken so far. Yet only a broad focus of this kind can show how diasporic Jewish literatures have been and are while closely tied to their own traditions deeply intertwined with local and global literary developments and how the aesthetic praxis they introduced played a decisive formative role in the history of literature. With this epistemic claim the volume aims at steering clear of isolationist approaches to Jewish literatures.

The Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African, American, African, Asian, Anglophone, Caribbean and Latinx writers. Furthermore, post-Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of Carlos Aira and Chico Buarque.

those of younger novelists such as Juan Gabriel Vásquez Alejandro Zambra and Valeria Luiselli Yet for many readers the Latin American novel is often read in a piecemeal manner delinked from the traditions authors and social contexts that help explain its evolution The Oxford Handbook of the Latin American Novel draws literary historical and social connections so that readers will come away understanding this literature as a rich and compelling canon In forty five chapters by leading and innovative scholars the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity for only with a broader view can one fully appreciate García Márquez or Bolaño This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times its development during the nineteenth and the first half of the twentieth century and its flourishing from the 1960s onward Furthermore the Handbook explores the regions representations of identity narrative trends and authors that make this literature so diverse and fascinating reflecting on the Latin American novel's position in world literature

El estudio de la ética en las novelas de Juan Gabriel

Vásquez Rui Liu, 2019-12-19 La presente tesis doctoral aborda el análisis de los valores éticos que se establecen en las cuatro novelas de Juan Gabriel Vásquez Los informantes 2004 Historia secreta de Costaguana 2007 El ruido de las cosas al caer 2011 y Las reputaciones 2013 El trabajo se distribuye en tres partes La primera parte mediante una breve presentación sobre la vida de Vásquez presenta el cambio y la maduración en la trama narrativa del autor La segunda parte realiza una exploración sobre sus intereses en el sentido moral que revela su narrativa y donde se reflejan ciertos problemas sociales históricos y políticos existentes en Colombia Podrámos percibir la actitud precalculada del autor hacia la violencia el terrorismo global y la cultura de los mass media de nuestro siglo y la consecuencia negativa que trae esta cultura misma así como el pensamiento del vacío y del olvido En la tercera parte partiendo de la crítica que propone Wayne C Booth y Zhenzhao Nie y la teoría de la zona gris penetraremos en el análisis detallado sobre los comportamientos y las decisiones que adoptan los personajes en

cada novela bajo su correspondiente escena histórica y notamos que en el proceso de rastrear el origen y el desarrollo de la enfermedad nacional la violencia incansable el autor nos brinda como la violencia se fomenta bajo los hilos del comportamiento humano influido por la inmoralidad tales como el deseo la mentira la corrupción la debilidad la ceguera y el egoísmo etc Llegamos a la conclusión de que Vásquez considera que una persona moral debe esforzarse constantemente en los siguientes aspectos en el sentido social en el sentido familiar y por último en el sentido individual En primer lugar desde el punto de vista social Vásquez revela la importancia del amor para rebelarse contra una realidad imperfecta Desde el punto de vista familiar Vásquez admite que mantener la felicidad familiar no es un asunto fácil y requiere un esfuerzo continuo El autor piensa que una persona moral debe ser fraternal y para mantener este amor fraternal la gente debe comprender la importancia de la comunicación y luchar contra el egoísmo e individualismo que nos acosa constantemente Por último desde el punto de vista individual el autor considera que para llegar a ser una persona moral hay tres elementos indispensables no mentir saber reflexionar y saber arrepentirse Primero Vásquez afirma que una persona moral debe ser una persona honesta tanto consigo misma como con los demás En segundo lugar Vásquez concluye que una persona moral debe ser una persona que sabe reflexionar El autor critica las acciones que se ejecutan sin reflexión ni prudencia as descubrimos que bajo su pluma la mayoría de los personajes son víctimas de actos promovidos por cierta ideología social o política sin consideración a su adecuación y sostiene que el hecho de no pensar es el suelo natural en el que se cultivan las ideologías extremas la ceguera el orgullo y otros factores inmorales mientras que reflexionar es la manera correcta para conseguir la redención moral Por último Vásquez en su análisis de la condición humana considera que somos imperfectos por naturaleza por lo tanto sus novelas muestran su comprensión hacia el ser humano una compasión sincera hacia los defectos naturales de los jóvenes debido a su corta edad y experiencia en el mundo y ponen el acento en la conciencia del arrepentimiento sobre la reconstrucción moral de una persona

De Auschwitz a Argentina Sabine Schlicker, 2021-10-21 Auschwitz es una metáfora y una metonimia de los campos de exterminio y un símbolo y sin duda de los crimenes nazis Se refiere tanto a las víctimas del nazismo como a los perpetradores que huyeron después de la Segunda Guerra Mundial a Sudamérica a veces en el mismo barco que los refugiados judíos Desde el nuevo milenio puede constatarse un verdadero boom de textos literarios y filmáticos provenientes del Cono Sur que se apropiaron de esta temática y forman un nuevo subgénero de manifestaciones artísticas ficcionales y factuales que se analizan en este estudio Mientras que los documentales las novelas testimoniales los testimonios de sobrevivientes judíos y las novelas autobiográficas recurren a una representación seria y realista existe también una vertiente opuesta provocadora e irreverente que se manifiesta en historias contracéticas tiras malvadas parodias espeluznantes o en caricaturas e historietas Todas estas figuraciones revelan menos sobre el nazismo histórico que sobre los imaginarios que se vinculan a la entre los que se destacan mitos y teorías de conspiración Hitler en Argentina el IV Reich el oro nazi y temas destabulizados de colaboración oportunismo y relaciones prohibidas *Haunted Laughter* Jonathan C.
