Salt Of The Earth The Story Of A Film Fiftieth Anniversary Edition:

Salt of the Earth Herbert J. Biberman, 1965 Concerns the struggle of Biberman one of the Hollywood Ten to produce and distribute the film against blacklisting and boycott within the film industry **Hollywood and the Movies of the Fifties** Foster Hirsch, 2023-10-10 A fascinating look at Hollywood's most turbulent decade and the demise of the studio system set against the boom of the post World War II years the Cold War and the atomic age and the movies that reflected the seismic shifts The definitive book on 1950s Hollywood Booklist Lavish insightful rich expansive penetrating Kirkus Hollywood in the 1950s was a period when the film industry both set conventions and broke norms and traditions from Cinerama CinemaScope and VistaVision to the epic film and lavish musical It was a decade that saw the rise of the anti hero the smoldering the hidden and the unspoken teenagers gone wild in the streets the sacred and the profane the revolution of the Method the socially conscious the implosion of the studios the end of the production code and the invasion of the ultimate body snatcher the small screen television Here is Eisenhower's America seemingly complacent conformity ridden revealed in Vincente Minnelli's *Father of the Bride* Walt Disney's *Cinderella* and *Brigadoon* among others And here is its darkening resonant landscape beset by conflict discontent and anxiety *The Man Who Knew Too Much* *The Asphalt Jungle* *A Place in the Sun* *Touch of Evil* *It Came From Outer Space* an America on the verge of cultural political and sexual revolt busting up and breaking out *East of Eden* *From Here to Eternity* *On the Waterfront* *Sweet Smell of Success* *The Wild One* *A Streetcar Named Desire* and *Jailhouse Rock* An important riveting look at our nation at its peak as a world power and at the political cultural sexual upheavals it endured reflected and explored in the quintessential American art form *On Strike and on Film* Ellen R. Baker, 2007 Baker explores the 1951 miners strike in Hanover New Mexico in which the Mexican American miners were prohibited from picketing When their wives picketed for them leading to a victory for the miners in 1952 the miners union was forced to consider g **The Suppression of Salt of the Earth** James J. Lorence, 1999 Examines the conception production distribution and suppression of the pioneering labor feminist film made during the virulently anti communist era of the Cold War *Here's Looking at You* Ernest D. Giglio, 2005 *Here's Looking at You* Hollywood Film Politics examines the tangled relationship between politics and Hollywood which manifests itself in celebrity involvement in political campaigns and elections and in the overt and covert political messages conveyed by Hollywood films The book's findings contradict the film industry's assertion that it is simply in the entertainment business and examines how while the majority of Hollywood films are strictly commercial ventures hundreds of movies ranging from *Birth of a Nation* to *Fahrenheit 9/11* do indeed contain political messages *Here's Looking at You* serves as a basic text for political film courses and as a supplement in American government and film studies courses and will also appeal to film buffs and people in the film industry *Blue Book of 16mm Films*, 1945 *Encyclopedia of American Social Movements* Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for

abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice

The Psychopathology of American Capitalism Thomas Paul Bonfiglio, 2017-06-08 This book synthesizes psychoanalytic and Marxist techniques in order to illuminate the resistance to a socialization of the American economy the protectionist discourses of anomalous American capitalism and the suppression of the capitalist welfare state After the Second World War Democrats and Republicans effectively eliminated the communist and socialist parties from the American political spectrum and suppressed their allied labor movements The right wing shift of both parties fabricated a false opposition of left and right that does not correspond to political oppositions in the industrialized democracies Marxist perspectives can account for the massive inequality of the political economy but they are insufficient for illuminating its preservation Psychoanalysis is necessary in order to explain why Americans continue to vote within a two party system that neglects the lower classes and why the working class tends to vote against its own interests The psychoanalytic techniques employed include doubling repetition displacement condensation inversion denial fetishizing and cognitive repression In examining the fixation upon the proxy binary of Democrat vs Republican which suppresses the true opposition of left vs right and neutralizes alternatives the work analyses numerous contemporary political issues through applications of Marxist psychoanalytic theory

The Marxist and the Movies Larry Ceplair, 2007-11-16 As part of its effort to expose Communist infiltration in the United States and eliminate Communist influence on movies from 1947 1953 the House Committee on Un American Activities subpoenaed hundreds of movie industry employees suspected of membership in the Communist Party Most of them including screenwriter Paul Jarrico 1915 1997 invoked the Fifth Amendment and refused to answer questions about their political associations They were all blacklisted In *The Marxist and the Movies* Larry Ceplair narrates the life movie career and political activities of Jarrico the recipient of an Oscar nomination for his screenplay for *Tom Dick and Harry* 1941 and the producer of *Salt of the Earth* 1954 one of the most politically besieged films in the history of the United States Though Jarrico did not reach the upper echelon of screenwriting he worked steadily in Hollywood until his blacklisting He was one of the movie industry s most engaged Communists working on behalf of dozens of social and political causes *Song of Russia* 1944 was one of the few assignments that allowed him to express his political beliefs through his screenwriting craft Though MGM planned the film as a conventional means of boosting domestic support for the USSR a wartime ally of the United States it came under attack by a host of anti Communists Jarrico fought the blacklist in many ways and his greatest battle involved the making of *Salt of the Earth* Jarrico other blacklisted individuals and the families of the miners who were the subject of the film created a landmark film in motion picture history As did others on the blacklist Jarrico decided that Europe offered a freer atmosphere than that of the cold war United States Although he continued to support political causes while living abroad he found it difficult to find remunerative black market screenwriting assignments On the scripts he did complete he had to use a pseudonym or allow

the producers to give screen credit to others Upon returning to the United States in 1977 he led the fight to restore screen credits to the blacklisted writers who like himself had been denied screen credit from the late 1940s to the mid 1960s Despite all the obstacles he encountered Jarrico never lost his faith in the progressive potential of movies and the possibility of a socialist future *The Marxist and the Movies* details the relationship between a screenwriter's work and his Communist beliefs From Jarrico's immense archive interviews with him and those who knew him best and a host of other sources Ceplair has crafted an insider's view of Paul Jarrico's life and work placing both in the context of U S cultural history [Catalog of Copyright Entries. into motion over the past decades the PM has been subjected to marginalisation poorly informed critiques and misrepresentations Interestingly while the PM enables researchers to form discerning predictions as regards corporate media performance Herman and Chomsky had further predicted that the PM itself would meet with such marginalisation and contempt In current theoretical and empirical studies of mass media performance uses of the PM continue nonetheless to yield important insights into the workings of political and economic power in society due in large measure to the model s considerable explanatory power **Halliwell's Who's who in the Movies** ,1999 Princeton Alumni Weekly ,1940
