Rebaf (en), 2025-05-24 The middle of his life which is described in this novel by C A Rebaf in volume 3 can also be seen as an experimental platform for the concept of open marriage This was a revolution in the 1990s but was also described in literature much earlier as a form of marriage But that too like life itself all began before in Africa Scientifically correct the external relationships of marriage are described as yin xy for women and yang yz for men Rules are established A happy state is achieved for a time But all in all the ups and downs are reminiscent of a yoyo which is portrayed and characterized in a biting and merciless manner In the end the whole experiment fails All under the aspect *How it could have been* *My Escape* Benoite Groult, 2012-10-23 This witty autobiography captures the rich and varied life of a renowned French author and pioneering feminist through the obstacles and movements in twentieth century France Born in 1920 in Paris Benoite Groult obtained the right to vote only when she was twenty five years old She married four times bore three children underwent several illegal abortions became a writer after she turned forty and a feminist in her fifties Groult chronicles her experiences and her intellectual developments through successive phases as an obedient child an awkward and bookish adolescent and a submissive wife until finally becoming a liberated novelist Here she recounts
