The

Complete Merchant of Venice Donald J. Richardson, 2013-08-28 The Merchant of Venice is problematic Not only does it present the disparate and unrelated stories of the caskets and the trial for a pound of flesh but it challenges contemporary audiences to evaluate the treatment of Jews and what constitutes justice The character of Shylock although presented as an object of ridicule and even comedy to Shakespeares patrons might even be considered tragic to one sensitive to injustice In fact the implied definition of justice is challenging what justice is represented by a forced conversion from one belief to another The definition of friendship between Antonio and Bassanio is itself quite satisfying Bassanio at one point says he would sacrifice his wife for the friendship IV i 292 97 which naturally Portia bridles at The character of Portia herself is also challenging While intelligent rich and beautiful she behaves questionably when she deliberately entraps Bassanio her affianced lover into ostensibly betraying her by giving away her ring and then apparently treating the whole incident as a joke Surely Bassanio is entitled to a modicum of resentment if not anger Additionally she entices Nerissa to do the same with Gratiano While this scene V ii would evoke great laughter from an audience who is in on the joke to a modern thinking person it smacks of sexism ridicule the male at his expense and make fun of him for his resentment Of course the groundlings would pay no attention to such an offense It seems clear that The Merchant of Venice today demands re interpretation and re definition
