## **Shakespeare's Military World:**

**Shakespeare's Military World** Paul A. Jorgensen, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 Shakespeare's Military Language Charles Edelman, 2004-01-01 Shakespeare's Military Language A Dictionary is a comprehensive reference guide to Shakespeare's use of military language customs and ideas More than just a book of definitions an A Z of nearly 300 entries provides a comprehensive account of Shakespeare's portrayal of military life tactics and technology and explores how the plays comment upon military incidents and personalities of the Elizabethan era and how warfare was presented on the Elizabethan stage Warfare is everywhere in Shakespeare and the military action in many of Shakespeare's plays and the military imagery in all his plays and poems show that he possessed an extraordinarily detailed knowledge of warfare both ancient and modern Shakespeare's Military Language is an ideal guide to Shakespeare's military references for students of Shakespeare at every level *Shakespeare's Musical Imagery* Christopher R. Wilson, 2011-11-03 A study of the meaning of Shakespeare's musical imagery in his plays and poems **Shakespeare's Military Spouses and Twenty-First-Century Warfare** Kelsey Ridge, 2021-09-05 This volume presents a fresh look at the military spouses in Shakespeare's Othello 1 Henry IV Julius Caesar Troilus and Cressida Macbeth and Coriolanus vital to understanding the plays themselves By analysing the characters as military spouses we can better understand current dynamics in modern American civilian and military culture as modern American military spouses live through the War on Terror Shakespeare's Military Spouses and Twenty First Century Warfare explains what these plays have to say about the role of military families and cultural constructions of masculinity both in the texts themselves and in modern America Concerns relevant to today's military families domestic violence PTSD infertility the treatment of queer servicemembers war crimes and the growing civil military divide pervade Shakespeare's works These parallels to the contemporary lived experience are brought out through reference to memoirs written by modern day military spouses sociological studies of the American armed forces and reports issued by the Department of Defence Shakespeare's military spouses create a discourse that recognizes the role of the military in national defence but criticizes risky or damaging behaviours and norms promoting the idea of a martial identity that permits military defence without the dangers of toxic masculinity Meeting at the intersection of Shakespeare Studies trauma studies and military studies this focus on military spouses is a unique and unprecedented resource for academics in these fields as well as for groups interested in Shakespeare and theatre as a way of thinking through and responding to psychiatric issues and traumatic experiences Shakespeare's Theatre Hugh Macrae Richmond, 2004-01-01 Under an alphabetical list of relevant terms names and concepts the book reviews current knowledge of the character and operation of theatres in

Shakespeare's time with an explanation of their origins      **Shakespeare Expressed** Kathryn M. Moncrief, Kathryn R. McPherson, Sarah Enloe, 2013-08-29 A collection of essays originally presented on the Blackfriars stage at the American Shakespeare Center Shakespeare Expressed brings together scholars and practitioners often promoting ideas that can be translated into classroom experiences Drawing on essays presented at the Sixth Blackfriars Conference held in October 2011 the essays focus on Shakespeare in performance by including work from scholars theatrical practitioners actors directors dramaturgs designers and teachers in a format that facilitates conversations at the intersection of textual scholarship theatrical performance and pedagogy The volume's thematic sections briefly represent some of the major issues occupying scholars and practitioners how to handle staging choices how modern actors embody early modern characters how the physical and technical aspects of early modern theaters previously impacted and how they currently affect performance and how the play texts can continue to enlighten theatrical and scholarly endeavors A special essay on pedagogy that features specific classroom exercises also anchors each section in the collection The result is an eclectic stimulating and forward thinking look at the most current trends in early modern theater studies      Shakespeare's Tudor History: A Study of Henry IV Parts 1 and 2 Tom McAlindon, 2017-11-01 This title was first published in 2002 An intensive study of Shakespeare's most ambitious and complex achievement in the historical mode The book offers an account of the play's critical history from 1700 until the 1980s deals with the aspects of Tudor history relevant to an understanding and offers close readings of the text structured around what the author believes to be the play's three dominant concepts time truth and grace In an attempt to correct what he sees as a certain falsification of critical history the author aligns his account of the play's reception with one of its major preoccupations the inescapable and informing presence of the past      Shakespeare's Invention of Othello Martin Elliott, 1988-06-18      *Shakespeare's liminal spaces* Ben Haworth, 2024-07-09 This engaging study appreciably advances recent critical developments in the way the playwright created his worlds to reflect concurrent cartographic geopolitical and social anxieties In seeking to expose the dynamics and fluctuations of power on the stage Shakespeare's liminal spaces provides a unique set of perspectives through which Shakespeare's forests battlefields shores and gardens are revealed as deliberate dramatic devices with the capacity to destabilise social structures Haworth's nuanced consideration of these spaces reveals that they were ideally suited to the staging of social frictions as he traces the shifting balance of power between opposing ideological standpoints and the internal struggles between an emergent subjectivity and conformity with the centralised authorities of Church and Court      *Shakespeare and the Politics of Commoners* Chris Fitter, 2017-07-14 Shakespeare and the Politics of Commoners is a highly original contribution to our understanding of Shakespeare's plays It breaks important new ground in introducing readers lay and scholarly alike to the existence and character of the political culture of the mass of ordinary commoners in Shakespeare's England as revealed by the recent findings of the new social history The volume thereby helps to challenge the traditional myths of a non political commons and a culture of obedience It

also brings together leading Shakespeareans who digest recent social history with eminent early modern social historians who turn their focus on Shakespeare This genuinely cross disciplinary approach generates fresh readings of over ten of Shakespeare s plays and locates the impress on Shakespearean drama of popular political thought and pressure in this period of perceived crisis The volume is unique in engaging and digesting the dramatic importance of the discoveries of the new social history thereby resituating and revaluing Shakespeare within the social depth of politics **Celtic Shakespeare** Rory Loughnane,2016-04-08 Drawing together some of the leading academics in the field of Shakespeare studies this volume examines the commonalities and differences in addressing a notionally Celtic Shakespeare Celtic contexts have been established for many of Shakespeare s plays and there has been interest too in the ways in which Irish Scottish and Welsh critics editors and translators have reimagined Shakespeare claiming connecting with and correcting him This collection fills a major gap in literary criticism by bringing together the best scholarship on the individual nations of Ireland Scotland and Wales in a way that emphasizes cultural crossovers and crucibles of conflict The volume is divided into three chronologically ordered sections Tudor Reflections Stuart Revisions and Celtic Afterlives This division of essays directs attention to Shakespeare s transformed treatment of national identity in plays written respectively in the reigns of Elizabeth and James but also takes account of later regional receptions and the cultural impact of the playwright s dramatic works The first two sections contain fresh readings of a number of the individual plays and pay particular attention to the ways in which Shakespeare attends to contemporary understandings of national identity in the light of recent history Juxtaposing this material with subsequent critical receptions of Shakespeare s works from Milton to Shaw this volume addresses a significant critical lacuna in Shakespearean criticism Rather than reading these plays from a solitary national perspective the essays in this volume cohere in a wide ranging treatment of Shakespeare s direct and oblique references to the archipelago and the problematic issue of national identity *Shakespeare's Roman Worlds* Vivian Thomas,2021-03-30 The infinite variety of Shakespeare s Roman plays is reflected in the diversity of critical commentary to which they have given rise Originally published in 1989 the distinguishing feature of this study is that it endeavours to convey a clear idea of the relationship between the characters and events in Shakespeare s plays and the main narrative sources on which the four Roman plays are based while simultaneously undertaking a critical analysis of the plays through the perspective of Shakespeare s Roman worlds particularly the creation and operation of the value system Hence these plays are perceived as political plays histories and tragedies **Parameters** ,1987 *Shakespeare and the Just War Tradition* Professor Paola Pugliatti,2013-04-28 Brought to light in this study is a connection between the treatment of war in Shakespeare s plays and the issue of the just war which loomed large both in religious and in lay treatises of Shakespeare s time The book re reads Shakespeare s representations of war in light of both the changing historical and political contexts in which they were produced and of Shakespeare s possible connection with the culture and ideology of the European just war tradition But to discuss

Shakespeare's representations of war means for Pugliatti not simply to examine his work from a literary point of view or to historicize those representations in connection with the discourses and the practice of war which were produced in his time it also means to consider or re-consider present day debates for or against war and the kind of war ideology which is trying to assert itself in our time in light of the tradition which shaped those discourses and representations and which still

substantiates our moral view of war      **Fictions of Credit in the Age of Shakespeare** Laura Kolb, 2021-02-04 In Shakespeare's England credit was synonymous with reputation and reputation developed in the interplay of language conduct and social interpretation As a consequence artful language and social hermeneutics became practical profitable skills Since most people both used credit and extended it the dual strategies of implication and inference of producing and reading evidence were everywhere Like poetry or drama credit was constructed fashioned out of the interplay of artifice and interpretation The rhetorical dimension of economic relations produced social fictions on a range of scales from transitory performances facilitating local transactions to the long term project of maintaining creditworthiness to the generalized social indeterminacy that arose from the interplay of performance and interpretation **Fictions of Credit in the Age of Shakespeare** examines how Shakespeare and his contemporaries represented credit driven artifice and interpretation on the early modern stage It also analyses a range of practical texts including commercial arithmetics letter writing manuals legal formularies and tables of interest which offered strategies for generating credit and managing debt Looking at plays and practical texts together **Fictions of Credit** argues that both types of writing constitute equipment for living practical texts by offering concrete strategies for navigating England's culture of credit and plays by exploring the limits of credit's dangers and possibilities In their representations of a world re-written by debt relations dramatic texts in particular articulate a phenomenology of economic life telling us what it feels like to live in credit culture to live that is inside a fiction      **Music in Shakespeare**

Christopher R. Wilson, Michela Calore, 2014-02-27 With an A-Z of over 300 entries **Music in Shakespeare** is the most comprehensive study of all the musical terms found in Shakespeare's complete works It includes a definition of each musical term in its historical and theoretical context and explores the diverse extent of musical imagery across the full range of Shakespeare's dramatic and poetic work as well as analysing the usage of instruments and sound effects on the Shakespearean stage This is a comprehensive reference guide for scholars and students with interests in the thematic and allegorical relevance of music in Shakespeare and the history of performance Identifying all musical terms found in the Shakespeare canon it will also be of use to the growing number of directors and actors concerned with recovering the staging conditions of the early modern theatre      **Shakespeare on Masculinity** Robin Headlam Wells, 2000-12-21 Reviews

Shakespeare's view of masculinity through *The Tempest* *Hamlet* *Othello* *Macbeth* and others      **Shakespeare Against War** Robert White, 2024-05-31 Whilst Shakespearean drama provides eloquent calls to war more often than not these are undercut or outweighed by compelling appeals to peaceful alternatives conveyed through narrative structure dramatic context and

poetic utterance Placing Shakespeare's works in the history of pacifist thought Robert White argues that Shakespeare's plays consistently challenge appeals to heroism and revenge and reveal the brutal futility of war White also examines Shakespeare's interest in the mental states of military officers when their ingrained training is tested in love relationships In imagery and themes war infiltrates love with problematical consequences reflected in Shakespeare's comedies histories and tragedies alike Challenging a critical orthodoxy that military engagement in war is an inevitable and necessary condition White draws analogies with the experience of modern warfare showing the continuing relevance of Shakespeare's plays which deal with basic issues of war and peace that are still evident

**The Oxford Handbook of Shakespearean Comedy** Heather Hirschfeld, 2018-09-06 The Oxford Handbook of Shakespearean Comedy offers critical and contemporary resources for studying Shakespeare's comic enterprises It engages with perennial yet still urgent questions raised by the comedies and looks at them from a range of new perspectives that represent the most recent methodological approaches to Shakespeare genre and early modern drama Several chapters take up firmly established topics of inquiry such as Shakespeare's source materials gender and sexuality hetero and homoerotic desire race and religion and they reformulate these topics in the materialist formalist phenomenological or revisionist terms of current scholarship and critical debate Others explore subjects that have only relatively recently become pressing concerns for sustained scholarly interrogation such as ecology cross species interaction and humoral theory Some contributions informed by increasingly sophisticated approaches to the material conditions and embodied experience of theatrical practice speak to a resurgence of interest in performance from Shakespeare's period through the first decades of the twenty first century Others still investigate distinct sets of plays from unexpected and often polemical angles noting connections between the comedies under inventive unpredicted banners such as the theology of adultery early modern pedagogy global exploration or monarchical rule The Handbook situates these approaches against the long history of criticism and provides a valuable overview of the most up to date work in the field

Timon of Athens, Shakespeare's Pessimistic Tragedy Rolf Soellner, Gary Jay Williams, 1979

## Decoding **Shakespeares Military World**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
