Art After the Bomb Darrell D. Davisson, 2008 This book is requisite reading material for any person claiming to be an educated and informed member of the global community Our understanding in the West of the Eastern cultures specially the different cultures involving the Muslims is alarmingly low The book strives to offer a view from the ground a keyhole perspective that offers the readers a close and personal peek into some of the ethical underpinnings and the philosophical guiding parameters that inform the Muslim and the Eastern mind There are over 1.3 billion Muslims in the world It would be a serious intellectual fallacy to assume that they are all homogenous or to be more preposterous assume they are all terrorists It is extremely tragic that it took the Iranian hostage crisis to teach us about Shia Islam and 9/11 to teach us about Wahabi Islam Properly acquired knowledge not just what we learn from the media will allow us to be anticipatory and rational rather than being reactive and emotional For the Muslim reader specially the children and the youth the book strives to offer a deeper understanding of Islam beyond the boundaries of ritual Islam into the wide open space of spiritual and intellectual Islam To inspire them to appreciate and live up to the wonderful legacy of Islam and not to be mired down into some deviant interpretations of people with questionable motives The book is designed to encourage the process of tearing down walls and building bridges We share common dreams aspirations and challenges We share a common globe and a

common destiny The author believes that there are no clashes of civilizations just clashes of ignorance and misunderstanding

**Shamanic Christianity** Bradford Keeney,2006-03-13 A guide to reconnecting with Jesus Mary and the saints as shamanic teachers of divine mysteries Contains meditations contemplations parables and active ritual tasks that help bring forth a shamanic understanding and practice of Christianity Shows shamanic experience to be the root of mystical communion When the missionaries came to North America to save the American Indians they were perplexed to discover that while they talked about Jesus some of the Indians claimed to talk directly with him Among Christians there is almost complete silence on the subject of the place of shamanism in experiencing the divine yet shamanic experience is at the root of all mystical communion Shamanic Christianity offers a chance to rekindle the shamanic practices of Christianity to those who wish to restore their direct connection to the spirit world In the tradition of contemplative practice this reconnection takes the form of devotions Presented in four forms these devotions begin with a specific contemplation followed by a meditative focus then a parable from the author s own visionary experiences and finally an active mystical practice to help ground the meditations and contemplations in a ritual or ceremony that involves active participation These four forms serve to reintroduce Jesus Mary and the historically renowned saints as shamanic teachers of divine mysteries whose spiritual presence is readily available to contemporary lives The author also presents specific directives for handling everyday challenges in a shamanic inspired manner drawing upon creative activities and resources that encourage approaching the world with the imaginative and playful spirit of a child whose personal freedom and creative expression is always wide open to possibilities
