Shanghai Odybey:

Shanghai Odyssey Homer Sykes, Grimstone Foundation, 2002 As Shanghai enters the 21st century this most dynamic of Chinese cities looks back over a decade of phenomenal growth It is a focus for foreign investment and futuristic architecture yet the city's international past is still very much in evidence In the crowded streets and shopping malls there is an unabashed enthusiasm for consumerism and a great capacity to enjoy whatever life has to offer Sykes's pictures range from moments of personal intimacy to industrial projects and his work achieves a subtle chemistry between photojournalism and fine art photography The photographs are accompanied by perceptive captions and a lively chronology of historical events Homer Sykes travels widely on assignment throughout the world

Wuhu Diary Emily Prager, 2007-12-18 In 1994 an American writer named Emily Prager met her new daughter LuLu All she knew about her was that the baby had been born in Wuhu a city in southern China and left near a police station in her first three days of life Her birth mother had left a note with LuLu's western and lunar birth dates In 1999 Emily and her daughter now a happy fearless four year old returned to China to find out more That journey and its discoveries unfold in this lovely touching and sensitively observed book In *Wuhu Diary* we follow Emily and LuLu through a country where children are doted on yet often summarily abandoned and where immense human friendliness can coexist with outbursts of state orchestrated hostility particularly after the U S accidentally bombs the Chinese embassy in Belgrade We see Emily unearthing precious details of her child's past and LuLu coming to terms with who she is The result is a book that will delight anyone interested in China and that will move and instruct anyone who has ever adopted or considered adopting a child

with the following questions how have a generation of migrants made Shanghai into a cosmopolitan hometown what role have they played in making Shanghai a global city and how do foreign residents now fit into the nationalistic narrative of the China Dream Addressing a gap in the market of critical expatriate studies through its focus on China this book will be of interest to academics in the field of international migration skilled migration expatriates urban studies urban sociology sexuality and gender studies international education and China studies The Cultural Politics of Talent Migration in East Asia Brenda Yeoh, Shirlena Huang, 2013-09-13 As the world globalises more people than ever are on the move including the many professional managerial and entrepreneurial elites often referred to as international talent who circulate between cities in response to career and business opportunities While much has been written about the economic motivations behind these mobilities less is known about the everyday experiences and encounters of highly skilled transnational migrants who with the rise of Asia as an economic powerhouse and cultural magnet are not only increasingly Asian in composition but also rapidly attracted to the globalising cities in Asia The book demonstrates how the migratory moves of transnational elites are not only implicated in the reality of multiple belongings but are also intertwined with the broader cultural politics of specific places By exploring the interfaces of contact and their diverse subjectivities from race and gender to class and nationality this collection as a whole with papers examining talent moving among cities in China Taiwan Singapore Japan Britain and Canada paints a decidedly complex picture of how talented migrants inhabit the world in more than rational ways Through the lens of the everyday this book uncovers the ways in which cosmopolitanisms are forged in uneven and contested ways in different localities as well as offer new insights into cities as transnational spaces of encounter in the 21st century This book was originally published as a special issue of the Journal of Ethnic and Migration Studies **Configurations of the City in Modern Chinese Literature and Film** Yingjin Zhang, 1992 **The Compensations of Plunder** Justin M. Jacobs, 2020-07-13 A very important contribution to the history of collecting in the new context of nationalism in China and in the West innovative and engaging American Historical Review From the 1790s until World War I Western museums filled their shelves with art and antiquities from around the world These objects are now widely regarded as stolen from their countries of origin and demands for their repatriation grow louder by the day In *The Compensations of Plunder* Justin M. Jacobs brings to light the historical context of the exodus of cultural treasures from northwestern China Based on a close analysis of previously neglected archives in English French and Chinese Jacobs finds that many local elites in China acquiesced to the removal of art and antiquities abroad understanding their trade as currency for a cosmopolitan elite In the decades after the 1911 Revolution however these antiquities went from being diplomatic capital to disputed icons of the emerging nation state A new generation of Chinese scholars began to criminalize the prior activities of archaeologists erasing all memory of the pragmatic barter relationship that once existed in China Recovering the voices of those local officials scholars and laborers who shaped the global trade in antiquities *The Compensations of Plunder* brings historical

grounding to a highly contentious topic in modern Chinese history and informs heated debates over cultural restitution throughout the world Clearly the result of a very meticulously researched project The Compensations of Plunder is a well crafted and tremendously enjoyable read P r Cassel University of Michigan The Sassoons Esther da Costa Meyer,Claudia J.
