Suggate,2022-07-15 Alan M Suggate offers a diagnosis of the root failings of our culture and commends a humanism centred on persons and grounded in an integralist approach to the Christian faith Anamnesis and the Eucharist Julie Gittoes,2008 Focusing on the concept of anamnesis remembrance or memorial this book highlights a language of connection between the integration of historical sacramental and ecclesial embodiments of Christ It explores the source event of the Church's life and the transformative encounter with Christ in the Eucharist the effects of which are seen in social ethical political action and the Church's mission

Of Thine Own Have We Given Thee Shawn O. Strout,2024-01-01 Every Sunday around the world Christians offer money and in kind gifts to the church traditionally known as alms This act produces questions about what it means to offer God a gift when God has offered humanity the greatest gift in Jesus Christ or the balance of favour or gratitude in the giving of these gifts These very questions and more have had a significant influence on the liturgy particularly in the offertory within Anglicanism In Of Thine Own Have We Given Thee Shawn O Strout provides a comprehensive analysis of the offertory rites including in his analysis other churches within the Anglican Communion beyond the Church of England Ordered historically the book encompasses the sixteenth century through to current times scrutinising the offertory and oblationary changes throughout their religious and historical contexts Strout argues that the development of oblation in the offertory was neither arbitrary nor episodic but rather the result of sustained theological tension Using liturgical theology's tools of historical textual and contextual analyses the book examines why these developments occurred and their importance for the church today *The Shape of the Liturgy* Gregory Dix (kloosternaam van George Eglington Alston Dix.),1947 *The Shape of the Liturgy* Gordon Lathrop,1996 **Worship in the Shape of Scripture** Russell F Mitman,2009-01-01 *Worship in the Shape of Scripture* first published in 2001 is a practical resource for worship planners and leaders that provides guidelines for applying homiletic concepts to all areas of worship planning Due to its success it has been revised and updated Mitman demonstrates how the structure of worship is or can be rooted in Scripture itself He raises essential questions and reflects on broad themes for worshipping congregations to consider for the sake of faithful praise Foreword by Marva J Dawn

Sacrifice Unveiled Robert J. Daly,2009-06-13 Offers a new understanding of sacrifice as a response to love and an entering into the self giving life of God **The Christian Educator's Handbook on Spiritual Formation** Kenneth O. Gangel,James C. Wilhoit,1998-02-01 Provides the help Christians need to understand and pursue spiritual growth

Eucharistic Origins, Revised Edition Paul F. Bradshaw,2023-06-20 *Eucharistic Origins* was published a number of years ago This revised edition continues to incorporate the work of the latest liturgical scholars in establishing that the earliest Christian celebrations arose out of varied forms of their ritual meals and not out of the Last Supper The custom of centering Christian practice in ritual meals seems to have lasted for about one hundred and fifty years before it began to be replaced

by morning meetings at which the sacrament was distributed and subsequently by a complete celebration of the Eucharist. It is here in the third and fourth centuries and not in the distant Jewish past that the forms of the classical eucharistic prayers emerged and developed. The most important of these are presented in full and their theology discussed. *Liturgical Spirituality* Stephen Burns, 2013-11-01. Of particular interest to scholars and practitioners across the Anglican Communion with contributions from a wide breadth of scholars. *Liturgical Spirituality* is a collection of Anglican reflections on the spirituality of the liturgy, inviting readers into the Church's patterns of prayer, seasons of the year, and sacramental action. With contributions from all over the world, from the North Atlantic to Australia, the collection helps develop a comprehensive understanding of contemporary Anglican spirituality. **A Sociological History of Christian Worship** Martin D. Stringer, 2005-07-14. In this book, the 2000-year history of Christian worship is viewed from a sociological perspective. Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts. Beginning with the Biblical material, the author provides a broad survey of changes over 2000 years of the Christian church, together with a series of case studies that highlight particular elements of the worship or specific theoretical applications. Stringer does not simply examine the mainstream traditions of Christian worship in Europe and Byzantium but also gives space to lesser-known traditions in Armenia, India, Ethiopia, and elsewhere. Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship, this book provides a greater understanding of the place of worship in its social and cultural context. **Papers Presented at the Fourteenth International Conference on Patristic Studies Held in Oxford 2003: Liturgia et cultus; Theologica et philosophica; Critica et philologica; Nachleben; First two centuries** Frances Margaret Young, Mark J. Edwards, Paul M. Parvis, 2006.
