Breiner, 1998-09-10 This introduction to West Indian poetry is written for readers making their first approach to the poetry of the Caribbean written in English It offers a comprehensive literary history from the 1920s to the 1980s with particular attention to the relationship of West Indian poetry to European African and American literature Close readings of individual poems give detailed analysis of social and cultural issues at work in the writing Laurence Breiner s exposition speaks powerfully about the defining forces in Caribbean culture from colonialism to resistance and decolonization **Canada Exposed** Pierre Anctil, André Loiselle, Christopher Rolfe, 2009 Selected papers from the sixth biennial conference of the International Council for Canadian Studies held in Ottawa in May 2008 Introd **A Companion to Twentieth-Century Poetry** Neil Roberts, 2008-06-09 In the twentieth century more

people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism

Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century *Scandalous Bodies* Smaro Kamboureli, 2011-04-07

*Scandalous Bodies* is an impassioned scholarly study both of literature by diasporic writers and of the contexts within which it is produced It explores topics ranging from the Canadian government's multiculturalism policy to media representations of so called minority groups from the relationship between realist fiction and history to postmodern constructions of ethnicity from the multicultural theory of the philosopher Charles Taylor to the cultural responsibilities of diasporic critics such as Kamboureli herself Smaro Kamboureli proposes no neat or comforting solutions to the problems she addresses Rather than adhere to a single method of reading or make her argument follow a systematic approach she lets the texts and the socio cultural contexts she examines give shape to her reading In fact methodological issues and the need to revisit them become a leitmotif in the book Theoretically rigorous and historically situated this study also engages with close reading not the kind that views a text as a sovereign world but one that opens the text in order to reveal the method of its making Her practice of what she calls negative pedagogy a self reflexive method of learning and unlearning of decoding the means through which knowledge is produced allows her to avoid the pitfalls of constructing a narrative of progress Her critique of Canadian multiculturalism as a policy that advocates what she calls sedative politics and of the epistemologies of ethnicity that have shaped for example the first wave of ethnic anthologies in Canada are the backdrop against which she examines the various discourses that inform the diasporic experience in Canada *Scandalous Bodies* was first published in 2000 and received the Gabrielle Roy Prize for Canadian Criticism [Revival](#) Donna Bailey Nurse, 2006-02-07 The success of George Elliott Clarke's anthology *Eyeing the North Star* Directions in African Canadian Literature published a decade ago demonstrated the growing interest in black Canadian writing In this exciting provocative new collection literary journalist Donna Bailey Nurse provides an up to date and fresh perspective on this vibrant significant and thriving literature Drawing on fiction poetry and memoir this anthology brings together an impressively varied selection of outstanding work by both well known writers and new

voices Donna Bailey Nurse's lively and invaluable introduction deftly explores the various themes and motifs that define and illuminate the meaning of being black while tracing the evolution of this influential literature through colonialism post colonialism and decolonization This engaging collection celebrates a body of writing that holds an increasingly visible and important place within Canadian literature and stands among the finest literary anthologies in the country **A Black Canadian Bibliography** Flora Blizzard Francis, 2000 **Odysseys Home** George Elliott Clarke, 2017-06-22 **Odysseys Home** Mapping African Canadian Literature is a pioneering study of African Canadian literary creativity laying the groundwork for future scholarly work in the field Based on extensive excavations of archives and texts this challenging passage through twelve essays presents a history of the literature and examines its debt to and synthesis with oral cultures George Elliott Clarke identifies African Canadian literature's distinguishing characteristics argues for its relevance to both African Diasporic Black and Canadian Studies and critiques several of its key creators and texts Scholarly and sophisticated the survey cites and interprets the works of several major African Canadian writers including Andr Alexis Dionne Brand Austin Clarke Claire Harris and M Nourbese Philip In so doing Clarke demonstrates that African Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism liberalism and conservatism These tensions are revealed in the literature in what Clarke argues to be paradoxically uniquely Canadian and proudly apart from a mainstream national identity Clarke has unearthed vital but previously unconsidered authors and charted the relationship between African Canadian literature and that of Africa African America and the Caribbean In addition to the essays Clarke has assembled a seminal and expansive bibliography of texts literature and criticism from both English and French Canada This important resource will inevitably challenge and change future academic consideration of African Canadian literature and its place in the international literary map of the African Diaspora Caribbean Literature in English Louis James, 2014-07-30 Caribbean Literature in English places its subject in its precise regional context The Caribbean generally considered as one area is highly discrete in its topography race and languages including mainland Guyana the Atlantic island of Barbados the Lesser Antilles Trinidad and Jamaica whose size and history gave it an early sense of separate nationhood Beginning with Raleigh's Discoverie of Guiana 1596 this innovative study traces the sometimes surprising evolution of cultures which shared a common experience of slavery but were intimately related to individual local areas The approach is interdisciplinary examining the heritage of the plantation era and the issues of language and racial identity it created From this base Louis James reassesses the phenomenal expansion of writing in the contemporary period He traces the influence of pan Caribbean movements and the creation of an expatriate Caribbean identity in Britain and America Britain is considered as a West Indian island created by colonization in reverse Further sections treat the development of a Caribbean aesthetic and the repossession of cultural roots from Africa and Asia Balancing an awareness of the regional identity of Caribbean literature with an exploration of its place in world and postcolonial literatures this study offers a panoramic view that has

become one of the most vital of the new literatures in English This accessible overview of Caribbean writing will appeal to the general reader and student alike and particularly to all who are interested in or studying Caribbean literatures and culture postcolonial studies Commonwealth new literatures and contemporary literature and drama     **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson,L.W.
