G Fraser,T.G. Fraser,2015-09-15 Think of a map of World War I and chances are that map will be of Europe but the First World War had just as heavy an impact on the Middle East shaping the region into what we know it as today This book gathers together leading scholars in the field to examine this impact which is crucial to understanding the region s current problems and the rise of groups like the Islamic State In addition to recounting the crucial international politics that drew fierce lines in the sands of the Middle East a story of intrigue between the British Russians Ottomans North Africans Americans and others the contributors engage topics ranging from the war s effects on women the experience of the Kurds sectarianism the evolution of Islamism and the importance of prominent intellectuals like Ziya G kalp and Michel Aflaq They examine the dissolution of the Ottoman empire the exploitation of notions of Islamic unity and pan Arabism the influences of Woodrow Wilson and American ideals on Middle East leaders and likewise the influence of Vladimir Lenin s vision of a communist utopia Altogether they tell a story of promises made and promises broken of the struggle between self determination and international recognition of centuries old empires laying in ruin and of the political poker of the twentieth century that carved up the region separating communities into the artificial states we know today **The Routledge Companion to World History Since 1914** Chris Cook,John Stevenson,2005 This is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable and user friendly source of information on a thorough range of topics **Soccer in the Middle East** Alon Raab,Issam Khalidi,2016-04-14 Soccer is a vital part of the Middle East s cultural and political fabric most recently demonstrated by the way the recent successes of the Iraqi national team suggested possibilities of unity and solidarity This edited collection explores the multifaceted connections between soccer and society in the Middle East It examines the broader social significance of soccer and its importance to individual lives how the game acts as a source of both conflict and unity and how it relates to religious belief The chapters in this volume include an analysis of the role of African identity in the Egyptian and Moroccan bids to host the 2010 World Cup the relationship between FIFA and Palestinian statehood and a case study examination of the UltrAslan an organisation of Galatasaray fans that challenges Turkish fandom s violent and nationalistic reputation The themes of this book are also addressed through the perspective of individual accounts and literary selections This collection offers a crucial insight into the hope that soccer can provide how it captures the imagination and embodies the values and dreams of its followers in the complex dynamic and politically fraught societies of the Middle East This book was originally published as a special issue of Soccer Society *Islam and Politics in the Middle East* Mark Tessler,2015-06-22 Some of the most pressing questions in the

Middle East and North Africa today revolve around the proper place of Islamic institutions and authorities in governance and political affairs Drawing on data from 42 surveys carried out in fifteen countries between 1988 and 2011 representing the opinions of more than 60 000 men and women this study investigates the reasons that some individuals support a central role for Islam in government while others favor a separation of religion and politics Utilizing his newly constructed Carnegie Middle East Governance and Islam Dataset which has been placed in the public domain for use by other researchers Mark Tessler formulates and tests hypotheses about the views held by ordinary citizens offering insights into the individual and country level factors that shape attitudes toward political Islam

Virgins? What Virgins? Ibn Warraq, 2010-04-27 In this wide ranging collection of insightful controversial and often witty essays the renowned author of *Why I Am Not a Muslim* has created a representative selection of his best work on the Koran and various problems posed by the interaction of Islam with the West The title of the collection comes from an article that originally appeared in the *London Guardian* on recent textual studies of the Koran This research suggests that contrary to a longstanding Muslim belief about the afterlife a harem of beautiful virgins may not be waiting for the faithful male departed in heaven For the many readers of his books who have wondered about his background the author begins with a charming personal sketch about his upbringing in England and his unabashed Anglophilia A section on Koranic criticism includes excerpts from two of his books *What the Koran Really Says* and *Which Koran* No stranger to controversy and polemics the author devotes two sections to articles that consider the totalitarian nature of contemporary political Islam and explore the potential for an Islamic Reformation comparable to the Protestant Reformation in the West The concluding section is composed of Ibn Warraq's journalism including a critique of reputed Muslim reformer Tariq Ramadan a defense of Western culture *Why the West Is Best* an article about the Danish cartoons that provoked widespread Muslim outrage and even a commentary on heavy metal music in a Muslim setting This thoughtful engaging collection on diverse topics will interest both longtime readers of Ibn Warraq and those new to his work

The Idealist Samuel Zipp, 2020-03-10 Winner of the Robert H Ferrell Book Prize The Idealist is a powerful book gorgeously written and consistently insightful Samuel Zipp uses the 1942 world tour of Wendell Willkie to examine American attitudes toward internationalism decolonization and race in the febrile atmosphere of the world's first truly global conflict Andrew Preston author of *Sword of the Spirit* Shield of Faith A dramatic account of the plane journey undertaken by businessman turned maverick internationalist Wendell Willkie to rally US allies to the war effort Willkie's tour of a planet shrunk by aviation and war inspired him to challenge Americans to fight a rising tide of nationalism at home In August 1942 as the threat of fascism swept the world a charismatic Republican presidential contender boarded the Gulliver at Mitchel Airfield for a seven week journey around the world Wendell Willkie covered 31 000 miles as President Roosevelt's unofficial envoy He visited the battlefield in North Africa with General Montgomery debated a frosty de Gaulle in Beirut almost failed to deliver a letter to Stalin in Moscow and allowed himself to be seduced by Chiang Kai shek in China Through it all he was struck by the insistent demands for freedom across the world In *One World* the runaway bestseller he published on his return Willkie challenged Americans to resist the America first doctrine espoused by the war's domestic opponents and warned of the dangers of narrow nationalism He urged his fellow citizens to end colonialism and embrace equality of opportunity for every race and every nation With his radio broadcasts regularly drawing over 30 million listeners he was able to reach Americans directly in their homes His call for a more equitable and interconnected world electrified the nation until he was silenced abruptly by a series of heart attacks in 1944 With his death America lost its most effective globalist the man FDR referred to as Private Citizen Number One At a time when America first is again a rallying cry Willkie's message is at once chastening and inspiring a reminder that one world is more than a matter of supply chains and economics and that racism and nationalism have long been intertwined

Middle East from Empire to Sealed Identities Kamel Lorenzo Kamel, 2019-01-22 This compelling analysis of the modern Middle East based on research in 19 archives and numerous languages shows the transition from an internal history characterised by local realities that were plural and multidimensional and where identities were flexible and hybrid to a simplified history largely imagined and imposed by external actors The author demonstrates how the once heterogeneous identities of Middle Eastern peoples were sealed into a standardised and uniform version that persists to this day He also sheds light on the efforts that peoples in the region in the context of a new process of homogenisation of diversities are exerting in order to get back into history regaining possession of their

multifaceted pasts **Orientalism and Imperialism** Andrew Wilcox, 2018-07-12 Using the work of Edward Said as a point of departure this book dissects the concept of Orientalism through the lens of 19th century missionary impressions of Kurdistan Wilcox argues that dominant interpretations of Said's work have a tendency to present Orientalism as an essentialist practice and instead offers an alternative manifestation in which the Oriental is perceived as the mutable product of cultural forces The relationship between missionaries and imperialism has long been a contentious issue with many scholars highlighting their apparent ambiguity This study reveals how Protestant missionaries can be identified as anti-imperialist in their rhetoric of ecumenical independence yet through their preconceptions of Oriental inferiority they contributed to a more subtle undermining of local forms of knowledge and identity Wilcox argues that this apparent ambiguity is in part a consequence of the ways in which the term imperialism is frequently used to allude to diverse and even contradictory meanings therefore it is not so much the missionaries who are ambiguous as the ways in which they are judged by today's multivalent standards The analysis also makes clear the complex discursive processes which can undermine the actions of altruistic individuals By drawing threads from this 19th century example into the current geopolitical foreground of Middle East West relations this book not only sheds light upon a little known historical case study but also illuminates larger questions of the present and future encouraging a more vigorous examination of contemporary Orientalist prejudices

History, Women and Gender in the Modern Middle East Lisa Pollard, Mona L. Russell, 2023-12-20 This introductory text explores the gendered history of the modern Middle East from the eighteenth century to the present studying the various ways in which gender has defined the region and shaped relations in the modern era The book captures three aspects of change simultaneously the events that mark the modern Middle East women's encounters with the transition to modernity and gendered responses to modernity It contains both new fieldwork and a synthesis of secondary scholarship that highlight the role of gender in the modernization of Egypt Turkey Iran the Levant and the Persian Gulf states Chapters are organized chronologically to chart the rapid developments of the modern era but each chapter also stands on its own with coverage of masculinity and femininity sexuality marriage and the family labor and women's contributions to Arab Spring uprisings Through this comprehensive account the book pushes back on stereotypes that the Middle East is an ahistorical region and that women have not been vital actors in the process of change Richly illustrated and accessible for a variety of readers History Women and Gender in the Modern Middle East is an ideal resource for undergraduate and postgraduate students in gender studies and Middle Eastern history **The Modern Middle East** Camron Michael Amin, Benjamin C.

The Clergy and the Modern Middle East Mohammad R. Kalantari, 2021-09-23

The Shi'i clergy are amongst the most influential political players in the Middle East For decades scholars and observers have tried to understand the balance of power between Shi'i quietism and activism The book is based on exclusive interviews with high profile Shi'i clerics in order to reveal how the Shi'i clerical elite perceives its role and engages in politics today The book focuses on three ground breaking events in the modern Middle East the 1979 Islamic Revolution in Iran the 2003 Iraq War and the 2006 July war in Lebanon By examining the nature and evolution of a Shi'i clerical network the book finds that far from there being strategic differences between quietest and activist clerics Shi'i mujtahid statesmen matured from 1979 in Iran to 2003 Iraq by way of a pragmatism which led to a strong form of transnational and associated whole in Lebanon in 2006 In doing so the book breaks down the established and misleading dichotomisation of the Shi'i clergy into quietists and activists and discovers that the decision of Shi'i clerical elites to become politically active or to stay out of politics are attributable to their ability to adapt to their political environments
