The Irish Abortion Journey, 1920-2018 Lindsey Earner-Byrne, Diane Urquhart, 2019-01-30 This book reframes the Irish abortion narrative within the history of women's reproductive health and explores the similarities and differences that shaped the history of abortion within the two states on the island of Ireland Since the legalisation of abortion in Britain in 1967 an estimated 200 000 women have travelled from Ireland to England for an abortion However this abortion trail is at

least a century old and began with women migrating to Britain to flee moral intolerance in Ireland towards unmarried mothers and their offspring This study highlights how attitudes to unmarried motherhood reflected a broader cultural acceptance that morality should trump concerns regarding maternal health This rationale bled into social and political responses to birth control and abortion and was underpinned by an acknowledgement that in prioritising morality some women would die *Annales du 17e Congrès de l'Association internationale pour l'histoire du verre* Koen H.
