Share Our World We The People:

As the World Was, Can Be, and "WE THE PEOPLE"... Patti Nicolette Critchfield, 2020-09-02 Book Delisted *We the People* Richard McKenzie Neal, 2010-10 Political correctness appears innocuous enough until one truly looks at the ripple effect created by today's manipulative players looking for an advantage Political correctness is a lie because saying it isn't so doesn't change the facts the facts are that pigs don't fly and life ain't fair This charade has become so ingrained in our culture today that no one is willing to call it what it is a facade for a culture of entitlement based on denial and rejection of responsibility While political correctness has been solidifying its place in our lives for some time now it has recently been joined by its natural adjunct partner socialism Our current administration has decided it knows what's best for us in spite of a majority of voters expressing an opposing opinion But my real fear is that his agenda and ambitions are going to destroy America Obama is not the first president with a large streak of narcissism But the others had equally expansive feelings about their country He epitomizes today's me culture with their it's not my fault mentality supported by their entitlement attitude He is the embodiment of everything that is wrong with America today he is the maestro of the blame game mistakes will be made but others can be blamed We have misplaced our traditional values while buying into the liberal's progressive mindset Our losses have been mounting for decades and the accumulative consequences are coming to bear The list is endless common sense common courtesies responsibility accountability integrity family values love of country and God I'm not suggesting he caused this decline in America's moral values but I would suggest his radical vision for America and beyond is to take what we see today to the next level From his distorted perspective he is myopically focused on shepherding us to what's right for America **We the People** Bruce Ackerman, 1993-03-15 In a dualist democracy the rare triumphs of constitutional politics determine the course of normal politics More than a decade in the making and the first of three volumes this compelling book speaks to all who seek to renew and redefine our civic commitments in the decades ahead

We the Peoples Kofi A. Annan, 2015-10-23 During his momentous time as Secretary General of the UN Kofi Annan played a decisive role in launching the Millennium Development Goals establishing the International Criminal Court and articulating the Responsibility to Protect as a guiding principle for international action In 2001 just after 9/11 he and the UN jointly received the Nobel Peace Prize for their work for a better organized and more peaceful world These and other crucial events including the crises over Kosovo and East Timor and the war in Iraq are encapsulated in this book of Kofi Annan's key speeches from throughout his term of office The selection gives a broad view of Annan's most pressing concerns and the eloquence with which he addressed them Covering subjects from development health and climate change to the prevention of genocide and the ideal of diversity these statements show how deeply involved the UN was in the most important issues of the era *We the Peoples* is a timely and much needed reminder of Annan's ideas and priorities his words on war peace humanity and man's inhumanity to man still resonate today This book will offer many pointers for maintaining and developing

the UN as a vital instrument for humanity in the coming decades *We, the People* Albie Sachs, 2016-11-01 A stirring collection of public talks and essays by an activist and former judge offers an intimate insider's view of South Africa's Constitution This stirring collection of essays and talks by activist and former judge Albie Sachs is the culmination of more than 25 years of thought about constitution making and non racialism Following the Constitutional Court's landmark Nkandla ruling in March 2016 it serves as a powerful reminder of the tenets of the Constitution the rule of law and the continuous struggle to uphold democratic rights and freedoms *We the People* offers an intimate insider's view of South Africa's Constitution by a writer who has been deeply entrenched in its historical journey from the depths of apartheid right up to the politically contested present As a second year law student at the University of Cape Town Sachs took part in the Defiance Campaign and went on to attend the Congress of the People in Kliptown where the Freedom Charter was adopted in 1955 Three decades later shortly after the bomb attack in Maputo that cost him his arm and the sight in one eye he was called on by the Constitutional Committee of the African National Congress to co draft with Kader Asmal the first outline of a Bill of Rights for a new democratic South Africa In 1994 he was appointed by Nelson Mandela to the Constitutional Court where he served as a judge until 2009 *We the People* contains some of Sachs most memorable public talks and writings in which he takes us back to the broad based popular foundations of the Constitution in the Freedom Charter He picks up on Oliver Tambo's original vision of a non racial future for South Africa rather than one based on institutionalised power sharing between the races He explores the tension between perfectability and corruptibility hope and mistrust which lies at the centre of all constitutions Sachs discusses the enforcement of social and economic rights and contemplates the building of the Constitutional Court in the heart of the Old Fort Prison as a mechanism for reconciling the past and the future Subjective experience and objective analysis interact powerfully in a personalised narrative that reasserts the value of constitutionality not just for South Africans but for people striving to advance human dignity equality and freedom across the world today

Cracking the Code (EasyRead Edition) Thom Hartmann, 2007 **Pioneering Pathways** Alexander Schieffer, Rama Mani, Jean Houston, Youssef Mahmoud, 2022-04-06 *Pioneering Pathways* 88 Integral Leaders and Changemakers from 43 countries across diverse cultures backgrounds and ages from 7 to 91 associated with Home for Humanity respond to the question From your personal perspective and experience and looking from your own current cultural and societal context What are the most effective ways to transform our divided world into a home for humanity and nurture the paradigm shift towards a regenerative inclusive just and peaceful Earth Civilization **Congressional Record** United States. Congress, 1943 **Gothiniad** Surazeus Astarius, 2017-10 *Gothiniad* of Surazeus Oracle of Gotha presents 150 792 lines of verse in 1 948 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 1993 to 2000 **Democracide** Nathaniel Gilbert, 2006 *Democracide* tells how the government is killing our democracy by using crime terrorism and Mid East wars as an excuse to curtail our freedoms and deconstruct the Constitution This book reveals

how Washington has focused our attention on foreign wars to hide our real problems at home crime illicit drugs poverty immigration the outsourcing of jobs irresponsible corporate governance the wage gap inadequate healthcare and substandard public education Underlying these problems is the development of a criminological culture based on violence guns and winning at all costs By becoming a crisis factory and self appointed world policeman the U S has lost thousands of American lives brought the government to the edge of bankruptcy and earned the hatred of millions abroad Unlike moment to moment news bulletins or magazine articles and books focused on a single subject Democracide pulls all these developments together coherently so that readers can connect the dots and see how the web of power is endangering America Most important Democracide tells what we can do to save our democracy restore our traditional liberties and bring back government integrity without amending the Constitution or revolution **The Time is Always Now** Nick

Bromell,2013-09-04 Why asks Nick Bromell should the political thought of white Americans remain the only theory to which Americans of all ethnicities turn when constructing and reconstructing their understanding of democracy Must Americans remain locked in an apartheid of experience and perception even after whites have become a minority population in this nation Hasn t the 2012 presidential election made clear that the time has come to build not just on the votes of citizens of color but on the varieties of democratic thought their experience has engendered In his answers to these questions Bromell brings to light an underappreciated stream of democratic reflection by black writers and activists from David Walker to Malcolm X Bromell argues that these thinkers urge Americans to fundamentally re imagine the nature of their democracy and recognize that indignation can be a powerful and productive democratic emotion that dignity is just as important to democracy as equality and liberty that national citizenship can be infused with a sense of responsibility to the world and that faith can actually promote rather than threaten democratic pluralism A literary critic and intellectual historian Bromell draws on a wide range of fiction essays speeches and oral histories deftly synthesizing recent work in U S history literary and cultural studies and political theory Like the figures he discusses he puts this thought to work in the present moment this now Black democratic insights he shows are strikingly relevant to the challenges facing US democracy today and they provide the basis for a new post liberal public philosophy with which to turn back the rise of radical conservatism Historian Robin D G Kelley writes In this work of enormous breadth depth and imagination Nick Bromell makes what may be the most original contribution to political theory in the past decade In this age of alleged color blindness Bromell has the vision and the chutzpah to turn to African American thought ideas born of struggle anchored in questions of dignity human relationships and faith in order to revitalize American democracy Pastor and Professor Donald Blosser,2012-08-17 Pastor and Professor is one pastor s story of a rich life filled with experiences that tested his faith and demanded growth that was both exhilarating and painful It is the personal story of moving from faith as right doctrinal belief to faith as a liberating response to a loving God a God who is always with us continually drawing us into the future This dynamic understanding of faith is

based on the belief that the kingdom of God is a present reality where followers of Jesus are to be pastoral in spirit while prophetic in living Don Blosser weaves personal experience with public expression of an emerging faith that wrestles candidly with the realities of life and deals with the pastor professor tension of integrating academic scholarship in the classroom with pastoral proclamation in the pulpit Pastor and Professor invites the reader to share a journey where faith is often challenged sometimes doubted yet lived with enthusiasm as it is shared from the pulpit and in the college classroom It invites the reader to find fresh insights in the Scriptures and to live with new hope to embrace life more fully and to share more gently one s own story with others

and constructive works on the ethics of neighbor love DeCort invites us to reclaim this ancient movement Get your copy today and learn to embody this revolutionary practice amidst crises for the healing of the world *MITIGATING CLIMATE CHANGE: THE POWER OF "WE THE PEOPLE"* Adeniyi A. Afonja, Climate change is real and there are many natural processes that have caused severe changes over millions of years Fertile land has transformed into deserts some dry lands today were at one time under water and many places covered by water currently were dry lands We the People are not the cause of climate change but many of our activities are compromising the natural control processes of the Human Environment Systems energy production and use agriculture and land use deforestation prolific lifestyles that leave large carbon footprints The pressure is on governments worldwide to mitigate climate change but We the People hold the ace we use most of energy and consume most of the products of agriculture and our excesses are fueling demand for even more energy we fund the energy companies through our stocks and share investments and can moderate their excesses we elect the politicians and can influence their policies and through mass actions we have surmounted governments in many places or forced changes in policies we have the formidable weapon of the social media to effect change without stepping out The Climate Change Mitigation Movement is already in motion but We the People also need to moderate our choices and lifestyles in order to move the world to carbon neutrality which is a prerequisite for a sustainable environment We the People Ph. D. James F. Gauss, James F. Gauss Ph. D., 2005-03 The drills in this book are intended to help your basketball program Preparing your team to perform at game time is what practice is all about I have learned that training the team to respond to different situations and adversity during practice will make the team more adaptable and comfortable with the demands placed on them at game time I have used all the drills in this book during my own practices and they helped not only keep my team motivated during practice but also instilled confidence in their own skills so they were not afraid to push themselves at game time Confident players are more versatile at game time and can perform the plays that help win the game As a coach hearing the words I get it Coach is music to my ears When my players understand how to execute my plays my drills or the methods I am working during practice it is the greatest feeling One of the most effective ways to build confident players is to keep your players sharp in the area of fundamentals Providing a good base of technical skills will pay off at game time There is a right way and a wrong way to everything and as a coach it is our job to instruct our players how to do things the right way As a coach having five fundamentally sound confident players on the floor is a dream come true There is no better feeling then coaching a skilled and motivated team to a win The drills in this book will help you build your team s confidence by practicing and building on their fundamental skills and most of all adding some variety will keep them motivated *We the Who?* Brett H. Lewis, 2013-11 America was formed based on a vision of democracy where supreme power is supposed to be vested in the people In *We the Who* author Brett H Lewis asks if Americans are losing sight of who we the people are and more importantly who we need to be in order to regain our collective identity and ensure America s

continued growth and greatness We the Who presents a collection of essays and opinions that probe into the nuts and bolts of current issues facing America today Lewis tackles the subjects of classism racism justice politics the military and the economy Through these discussions he encourages the American populace to be alert and aware to ensure that government of the people by the people and for the people continues to be at the forefront of today s America Drawing from history logic social inclinations religious beliefs and personal experiences We the Who seeks to inform the public and to encourage them to ask questions express opinions and hold elected leaders accountable It communicates the necessity to be informed in order to make quality decisions about our lives *The Theory of Eternal Thoughts* R.E.
