## Share Economy:

**The Rise of the Sharing Economy** Pia A. Albinsson, B. Yasanthi Perera, 2018-01-04 This is the ultimate source for anyone who wants a comprehensive view of how the sharing economy began and how it may fundamentally change capitalism across the globe The Rise of the Sharing Economy Exploring the Challenges and Opportunities of Collaborative Consumption examines the business phenomenon of the sharing economy giving readers a thorough analysis of this up and coming sector The book presents a detailed historical perspective of sharing and cooperatives followed by a discussion of societal factors predominantly technology that have facilitated the fast growth of collaborative consumption businesses Additional chapters offer progressive perspectives on how companies can further commercialize sharing Written for undergraduate and graduate students studying the collaborative market and for those with entrepreneurial aspirations this book provides important insight about technology facilities sharing peer to peer lending grassroots social entrepreneurial efforts the economics of the sharing economy legal and public policy issues and more

**The Rise of the Sharing Economy** Kevin Govender, 2021-09-27 Is access the alternative to ownership In 2011 the sharing economy was dubbed by Time magazine as one of the Ten ideas that will change the world and it has been widely hailed as a major growth sector by sources ranging from Fortune magazine to the World Economic Forum to former President Obama The sharing economy is a new economic model that focuses on access to assets or resources instead of ownership It has exploded in popularity over recent years and has disrupted a significant number of mature industries such as accommodation automotive and entertainment The total value of the global sharing economy is estimated to grow from 14 billion in 2014 to 335 billion by 2025 With limited resources the desire to become more environmentally conscious the high cost and burdens of ownership and a rapidly growing population living increasingly in densely populated cities consumers are faced with greater challenges and opportunities to fill their consumption needs People are experiencing a significant value shift with a desire to reconnect with products and services in a more meaningful way are becoming more cost and environmentally conscious and are prioritising experience over ownership An organisation's ability to reimagine and reinvent its business model to offer unique opportunities for humanising technology and developing innovative sharing platforms such as Uber and Airbnb would be a game changer for them While the Fourth Industrial Revolution and COVID 19 pandemic are influencing and changing consumer behaviour organisations are facing a dilemma that is affecting the future of their profitability existence and sustainability In The Rise of the Sharing Economy Kevin Govender shares his insights and expertise on the evolution of the sharing economy consumer behaviour and alternative business models and empowers consumers to rediscover and realise the enormous benefits of access over ownership and the potential savings in time money space and the opportunity Access is a cultural and socio economic phenomenon that is transforming businesses consumers the way we live work learn consume commute and play Access is the new ownership

The Chinese Sharing Economy Ma Huateng, Zhang Xiaorong, Sun Yi, Cai

Xiongshan,2021-06-08 This book explores the social and economic impact of the sharing economy of taxis apartments and other goods and services in China and how the sharing economy can allow for supply side economic reform The sharing economy is in the ascendant in China and significant achievements have been made in innovation in leasing travel and other fields This book predicts that this economic tide which has affected hundreds of millions of people will inject a powerful new momentum into China s economic growth help China s economy achieve power conversion and turn the service industry into the main engine of economic growth This book will interest China watchers economists and scholars of the technology sector

**The Sharing Economy: Its Pitfalls and Promises** Michael C. Munger,2021-08-12 Transactions have always taken place For hundreds of years that place was a market or more recently a shopping mall But in the past two decades these physical locations have increasingly been replaced by their virtual counterparts online platforms Here author Michael C Munger demonstrates how these platforms act as matchmakers or middlemen a role traders have adopted since the very first exchanges thousands of years ago The difference today is that the matchmakers often play no direct part in buying or selling anything they just help buyers and sellers find each other Their major contribution has been to reduce the costs of organising and completing purchases rentals or exchanges The Sharing Economy Its Pitfalls and Promises contends that the key role of online platforms is to create reductions in transaction costs and it highlights the importance of three Ts triangulation transfer and trust in bringing down those costs The Sharing Economy in Europe Vida Česnuitytė, Andrzej Klimczuk, Cristina

Miguel, Gabriela Avram,2022-01-21 This open access book considers the development of the sharing and collaborative economy with a European focus mapping across economic sectors and country specific case studies It looks at the roles the sharing economy plays in sharing and redistribution of goods and services across the population in order to maximise their functionality monetary exchange and other aspects important to societies It also looks at the place of the sharing economy among various policies and how the contexts of public policies legislation digital platforms and other infrastructure interrelate with the development and function of the sharing economy The book will help in understanding the future sharing economy models as well as to contribute in solving questions of better access to resources and sustainable innovation in the context of degrowth and growing inequalities within and between societies It will also provide a useful source for solutions to the big challenges of our times such as climate change the loss of biodiversity and recently the coronavirus disease pandemic COVID 19 This book will be of interest to academics and students in economics and business organisational studies sociology media and communication and computer science *The Sharing Economy and the Tourism Industry* Roya Rahimi, Babak

Taheri, Dimitrios Buhalis,2022-04-29 The sharing economy is at the centre of current debates involving new technologies sustainability big data and stakeholder engagement This edited volume encourages new theoretical and empirical development on sharing economy studies in the service industries field *Perspectives on the Sharing Economy* Indre

Maurer, Achim Oberg, Dominika Wruk,2019-08-15 Sharing instead of owning is one of the major trends in modern business

life By changing how people consume the rise of the sharing economy has the potential to redefine the role of owners consumers and producers change their mode of transaction create innovative business models disrupt existing industries and challenge political and regulative institutions In addition to these practical implications the sharing economy phenomenon represents a novel playground for theoretical advancement attracting a multitude of research and researchers from different disciplines While this can potentially open up new avenues for practice and theory to stimulate each other they do not seem to go hand in hand at the moment This volume brings together research from a wide variety of theoretical backgrounds and disciplines to encourage academic discourse on the sharing economy phenomenon It comprises contributions that are grounded in different theoretical perspectives including business history economics strategic management organization studies information systems political science legal studies linguistics and semantics While all contributions focus on the sharing economy phenomenon they examine the subject from different disciplinary angles Together they provide a coherent and comprehensive overview of research on the sharing economy

*The Sharing Economy* Arun Sundararajan, 2017-04-21

An insightful guide to the forces shaping our economy that explores the far ranging implications of the shift to crowd based capitalism with case studies on Uber Airbnb and others Hal Varian Chief Economist at Google Sharing isn't new Giving someone a ride having a guest in your spare room running errands for someone participating in a supper club these are not revolutionary concepts What is new in the sharing economy is that you are not helping a friend for free you are providing these services to a stranger for money In this book Arun Sundararajan an expert on the sharing economy explains the transition to what he describes as crowd based capitalism a new way of organizing economic activity that may supplant the traditional corporate centered model As peer to peer commercial exchange blurs the lines between the personal and the professional how will the economy government regulation what it means to have a job and our social fabric be affected Drawing on extensive research and numerous real world examples including Airbnb Lyft Uber Etsy TaskRabbit France's BlaBlaCar China's Didi Kuaidi and India's Ola Sundararajan explains the basics of crowd based capitalism He describes the intriguing mix of gift and market in its transactions demystifies emerging blockchain technologies and clarifies the dizzying array of emerging on demand platforms He considers how this new paradigm changes economic growth and the future of work Will we live in a world of empowered entrepreneurs who enjoy professional flexibility and independence Or will we become disenfranchised digital laborers scurrying between platforms in search of the next wedge of piecework Sundararajan highlights the important policy choices and suggests possible new directions for self regulatory organizations labor law and funding our social safety net

**The Sharing Economy and the Relevance for Transport**, 2019-11-01

The Sharing Economy and the Relevance for Transport Volume Four in the Advances in Transport Policy and Planning series assesses both successful and unsuccessful practices and policies from around the world Individual chapters in this new release include Cars and cities in the sharing economy The future of public transport within the sharing economy Sharing vehicles and
