Shared Hopes Separate Fears Fifty Years Of U S Indonesian Relations:

Shared Hopes, Separate Fears Paul F Gardner, 2019-05-20 This book traces the often tumultuous history of U S Indonesian relations as experienced by those who witnessed and shaped it Gardner himself a first hand observer draws on interviews personal papers and recently declassified documents to provide an intimate view of the aspirations insights and acts of courage that built the U S Indonesian *A Companion to American Foreign Relations* Robert Schulzinger, 2008-04-15 This is an authoritative volume of historiographical essays that survey the state of U S diplomatic history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history *American Visions of the Netherlands East Indies/Indonesia* Frances Gouda, 2002 A revealing reassessment of the American government s position towards Indonesia s struggle for independence Historical Dictionary of the Cold War Joseph Smith, Simon Davis, 2017-03-15 Cold war was a term coined in 1945 by left leaning British writer George Orwell to predict how powers made unconquerable by having nuclear weapons would conduct future relations It was popularized in 1947 by American journalist Walter Lippmann amid mounting tensions between the erstwhile World War II Allies the capitalist democracies the United States of America and Britain versus the Soviet Union a communist dictatorship As the grand alliance of the Big Three they had defeated Nazi Germany its satellites and Japan in World War II but became rivals who split the world into an American led Western bloc and Soviet led Eastern bloc Both were secured from direct attack by arraying ever greater nuclear and conventional forces against the other while seeking global supremacy by other means The 45 year Cold War lasted until the Soviet Union collapsed between 1989 and 1991 This second edition of Historical Dictionary of the Cold War contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities crucial countries and peripheral conflicts the increasingly lethal weapons systems and the various political and military strategies This book is an excellent resource for students researchers and anyone wanting to know more about this crucial period in history *Extremely Violent Societies* Christian Gerlach, 2010-10-14 In this groundbreaking book Christian Gerlach traces the social roots of the extraordinary processes of human destruction involved in mass violence throughout the twentieth century He argues that terms such as genocide and ethnic cleansing are too narrow to explain the diverse motives and interests that cause violence to spread in varying forms and intensities From killings and expulsions to enforced hunger collective rape strategic bombing forced labour and imprisonment he explores what happened before during and after periods of widespread bloodshed in countries such as Armenia Indonesia Bangladesh Nazi occupied Greece and in anti guerilla wars worldwide in order to highlight the crucial role of socio economic pressures in the generation of group conflicts By focussing on why so many different people participated in or supported mass violence and why different groups were victimized he offers us a new way of understanding

one of the most disturbing phenomena of our times **Understanding ASEAN's Role in Asia-Pacific Order** Robert Yates, 2019-03-25 This book assesses the important role of the Association of Southeast Asian Nations ASEAN in the management of regional political security and economic relations The author argues that ASEAN's prominent role in the region spanning 50 years is largely due to the acquiescence of the great powers who endorsed ASEAN accepted its regional position and accorded the institution a legitimacy and durability that otherwise it would not have This text offers a key intervention into the debate regarding ASEAN and regional order by showing how ASEAN's contribution to order management is part of a negotiated division of labour with the great powers The author applies an innovative social roles analysis which captures the dynamic interactions between ASEAN and the great powers from the Cold War to the present day

A Companion to John F. Kennedy Marc J. Decolonisation Eileen Hanrahan, 2021-02-01 In alignment with Indigenous Politics an emerging sub field of Politics and IR this book considers West Papuan Indigenous nationhood Combining Settler Colonial Studies and Critical Indigenous Theory the research opens up sovereignty as a political category of analysis to reveal an embedded nation within Indonesia In June 2000 the Second Papuan People's Congress in Jayapura rejected the basis on which West Papua had been incorporated into Indonesia and resolved that the people of Papua have been sovereign as a nation and a state since 1 December 1962 Indonesian president Wahid firmly opposed this resolution and state officials posted historical narratives on the Australian Embassy website that legitimated Indonesia's incorporation of the once non self governing territory A mapping and analysis of these narratives demonstrate a settler colonial present within Southeast Asia It is argued that the US's appeasement of Indonesia's takeover in the 1960s was based on the Great Power's concern to promote its strategic and economic status in the region This is a timely intervention that contributes to a growing debate on settler colonialism as a mode of domination that characterises the global present and involves locales not normally seen as settler colonial West Papua fits the bill Associate Professor Lorenzo Veracini author of Settler Colonial Studies A Theoretical overview *The Papers of Dwight*

David Eisenhower Louis Galambos, Daun Van Ee, 2003-04-30 The final set of volumes Vol 18 21 sold separately of The Papers of Dwight David Eisenhower contain 1 783 documents drawn from Eisenhower s second term as president from 20 January 1957 to 20 January 1961 Completing a monumental project that began with publication of The War Years in 1970 this final set of volumes of The Papers of Dwight David Eisenhower contains 1 783 documents drawn from Eisenhower s second term as president from 20 January 1957 to 20 January 1961 In these years Eisenhower worked hard to hold the focus of American national politics on the two major objectives he had set for his presidency in 1952 to sustain the policy of containment without precipitating a war with the Soviet Union and to reduce the role of the federal government in U S domestic affairs In both cases events at home and abroad intruded diverting attention to immediate problems endangering the peace and forcing the White House to devote most of its leadership to the crises of the day As president during this tense period Eisenhower maintained an extensive and revealing correspondence with prominent individuals as well as with personal friends These letters together with the occasional entries made in his diary shed considerable light upon the major national concerns of the 1950s The volumes also include private and secret correspondence previously unavailable to scholars Some of these items have been only recently declassified and many appear here in print for the first time Taken as a whole the Eisenhower papers from 1957 61 provide firm documentary evidence of the manner in which Eisenhower dealt with the complex internal and external problems faced by all of our modern political leaders *Cold War Anthropology* David H. Price, 2016-03-26 David H Price uses information from CIA FBI and military records to map the connections between academia and the strategic use of anthropological research to further the goals of the U S military and outline the major influence the American security state has had on the field of anthropology **The Imperial Mantle** David D. Newsom, 2001-02-22 The Imperial Mantle The United States Decolonization and the Third World David D Newsom A probing analysis of relations between the United States and the Third World in the post World War II era To understand why some people in the Third World like to throw rocks at us read this book Richard B Parker Many Americans are bewildered by the hostilities and even hatred toward the United States on the part of newly independent Third World nations Experienced diplomat and scholar David D Newsom seeks to understand these animosities in this thoughtful review of U S relations with the Third World since World War II The Imperial Mantle traces the upheavals in the postwar era as the peoples of British Dutch Belgian and Portuguese empires demanded and gained independence As the most powerful leader of the free world despite its anti colonial heritage the United States tended to inherit the imperial mantle in this period becoming the focus of both expectations and demands from the new nations How the United States lived up to these expectations and how it responded to the challenge of leadership and the burdens of being the dominant world power are the central issues in this book It is must reading for anyone who wants to understand the foreign policy challenges that America will face in the 21st century David D Newsom a former Under Secretary and Assistant Secretary of State served as U S Ambassador to Libya

Spector, 2022-08-23 A Foreign Affairs Best Book of 2022 Marvelous Spector's gripping book helps us to understand why the legacy of these conflicts is still with us today Sheila Miyoshi Jager New York Times Book Review The end of World War II led to the United States emergence as a global superpower For war ravaged Western Europe it marked the beginning of decades of unprecedented cooperation and prosperity that one historian has labeled the long peace Yet half a world away in China Indonesia Vietnam Korea and Malaya the fighting never really stopped as these regions sought to completely sever the yoke of imperialism and colonialism with all too violent consequences East and Southeast Asia quickly became the most turbulent regions of the globe Within weeks of the famous surrender ceremony aboard the U S S Missouri civil war communal clashes and insurgency engulfed the continent from Southeast Asia to the Soviet border By early 1947 full scale wars were raging in China Indonesia and Vietnam with growing guerrilla conflicts in Korea and Malaya Within a decade after the Japanese surrender almost all of the countries of South East and Southeast Asia that had formerly been conquests of the Japanese or colonies of the European powers experienced wars and upheavals that resulted in the deaths of at least 2 5 million combatants and millions of civilians With *A Continent Erupts* acclaimed military historian Ronald H Spector draws on letters diaries and international archives to provide for the first time a comprehensive military history and analysis of these little known but decisive events Far from being simply offshoots of the Cold War as they have often been portrayed these shockingly violent conflicts forever changed the shape of Asia and the world as we know it today *East and Southeast Asia 2020-2022* James E. Hoare, 2021-09-15 The World Today Series East Southeast Asia provides historical background on the evolution of Modern East Southeast Asia to help readers gain a thorough understanding of contemporary developments in this vital region Broad introductory regional chapters are followed by sections on each country in the region The combination of factual accuracy and up to date detail make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students to understand the immediate background of contemporary developments **Legacy of Engagement in Southeast Asia** Ann Marie Murphy, Bridget Welsh, 2008 By looking back to understand the contemporary political and economic landscape of Southeast Asia these essays shed light on how modern Southeast Asia has evolved Special focus centres on US engagement with the region by both governmental and non governmental organisations *Conflict and Confrontation in South East Asia, 1961-1965* Matthew Jones, 2001-09-06 In the

early 1960s Britain and the United States were still trying to come to terms with the powerful forces of indigenous nationalism unleashed by the Second World War. The Indonesia Malaysia confrontation a crisis which was as Macmillan remarked to Kennedy as dangerous a situation in Southeast Asia as we have seen since the war was a complex test of Anglo American relations. As American commitment to Vietnam accelerated under the Kennedy and Johnson administrations Britain was involving herself in an end of empire exercise in state building which had important military and political implications for both nations. In this book Matthew Jones provides a detailed insight into the origins outbreak and development of this important episode in international history using a large range of previously unavailable archival sources he illuminates the formation of the Malaysian federation Indonesia's violent opposition to the state and the Western Powers attempts to deal with the resulting conflict.

The True Flag Stephen Kinzer, 2017-01-24 The public debate over American interventionism at the dawn of the 20th century is vividly brought to life in this engaging well focused history. Kirkus starred review. Should the United States use its military to dominate foreign lands? It's a perennial question that first raised more than a century ago during the Spanish American War. The country's political and intellectual leaders took sides in an argument that would shape American policy and identity through the 20th century and beyond. Theodore Roosevelt, Henry Cabot Lodge and William Randolph Hearst pushed for imperial expansion. Mark Twain, Booker T. Washington and Andrew Carnegie preached restraint. Not since the nation's founding had so many brilliant Americans debated a question so fraught with meaning for all humanity. As Stephen Kinzer demonstrates in *The True Flag*, their eloquent discourse is as relevant today as it was then. Because every argument over America's role in the world grows from this one.

The Color of Truth Kai Bird, 2017-01-10 From the Pulitzer Prize winning coauthor of *American Prometheus*, this biography of the Bundy Brothers inspired the Academy Award winning film *Oppenheimer*. In this definitive biography of McGeorge Bundy and William Bundy, two of the best and the brightest who advised presidents about peace and war during the most dangerous years of the Cold War, Kai Bird pens a portrait of the fiercely patriotic brilliant and brazenly self-confident men who directed a steady escalation of a war they did not believe could be won. Drawing on seven years of research, nearly one hundred interviews and scores of still classified top secret documents in a masterful reevaluation of America's actions throughout the Cold War and Vietnam, *The Color of Truth* tells the tale of the anti-communist liberals who despite their grave doubts about sending Americans to fight in Southeast Asia became key architects of America's war in Vietnam. Like the bestselling *The Wise Men*, this dual biography is both an inside account of the making of US foreign policy in an era of nuclear weapons and a stunning group portrait of the heirs of the Wise Men including Robert McNamara, George Ball and Robert Kennedy and the presidents they served.

Torn Between America and China Daniel Novotny, 2010 How can a developing democratic and predominantly Muslim country like Indonesia manage its foreign relations while facing a myriad of security concerns and dilemmas in the increasingly complex post Cold War international politics without compromising its national interests and sacrificing its independence? Approaching this

problem from the vantage point of the Indonesian foreign policy elite this book explores the elite's perceptions about other states and the manner in which these shape the decision making process and determine policy outcomes The combined qualitative and quantitative research strategy draws on a unique series of in depth interviews with 45 members of the Indonesian foreign policy elite that included the country's present and or former presidents cabinet ministers high ranking military officers and senior diplomats Among all state actors Indonesian relations with the United States and China are the highest concern of the elite The leaders believe that in the future Indonesia will increasingly have to manoeuvre between the two rival powers While the United States during George W Bush's presidency was seen as the main security threat to Indonesia China is considered the main malign factor in the long run with power capabilities that need to be constrained and counter balanced
