Story in Children's Lives: Contributions of the Narrative Mode to Early Childhood Development, Literacy, and Learning Kelli Jo Kerry-Moran, Juli-Anna Aerila, 2019-09-27

This book is based on the power of stories to support children in all areas of their lives. It examines the role narratives can play in encouraging growth in contexts and domains such as personal and family identity, creative movement, memory, and self-concept, social relationships, or developing a sense of humor. Each chapter describes innovative and research-based applications of narratives such as movement stories, visual narratives to develop historical thinking, multimodal storytelling, bibliotherapy, mathematics stories, family stories, and social narratives. The chapters elaborate on the strength of narratives in supporting the whole child in diverse contexts, from young children on the autism spectrum improving their social skills at school to four- and five-year-olds developing historical thinking to children who are refugees or asylum seekers dealing with uncertainty and loss. Written by accomplished teachers, researchers, specialists, teaching artists, and teacher educators from several countries and backgrounds, the book fills a gap in the literature on narratives. This work delves into the topic of narratives in young children's lives with a breadth of topics and depth of study not found elsewhere. Collectively, the insights of the contributors build a convincing case for emphasizing story across the various disciplines and developmental domains of the early childhood years. The writing style is scholarly yet accessible. Authors used a wide array of visual material to make their points clearer and show the reader what meaningful uses of story look like.

Children's Literature for All: God's Children Virginia Thomas, Betty Davis Miller, 1986-01-01

The themes, words, and concepts in children's literature speak to the whole Christian community. Virginia Thomas and Betty Miller have examined children's literature and designed an extensive annotated list of children's stories, poems, folk tales, and fiction that express faith, belief, theology, and Christian principles. This unique resource/reference handbook gives the church the opportunity to function as a united community of believers. Children and adults have the chance to study and learn together, grow as a whole community. Thomas and Miller offer a practical approach to children's literature that gives background and theory, an evaluation of techniques, how-to guidelines, suggestions for use, lists of books, two annotated bibliographies, and indices, subject and themes, genre, and book awards. Explains why children's literature is a good resource for Christians, where to find good stories, how significant themes are adapted for different age levels, how to evaluate stories, how to use them. Parents, teachers, and ministers will delight with children in this new approach to sharing, learning, teaching, and worship. The bibliography of books for all ages is a treasure house of information. Features basic book information, summary, and themes/values.
