## **Sharing The Promised Land Israelis And Palestinians Today:**

*Sharing the Land of Canaan* Mazin B. Qumsiyeh, 2004-06-20 There is no more compelling and dramatic unfolding story with more profound international ramifications than the conflict in the Middle East *Sharing the Land of Canaan* is a critical examination of the core issues of the conflict that dares to put forward a radical but logical solution that a shared state is the best way to achieve justice and peace for Israelis and Palestinians Mazin B Qumsiyeh offers an overview of the issues at stake and outlines his vision for a lasting peace based on upholding the principles of human rights for all Tackling taboo subjects myths and obstacles he argues convincingly that apartheid in the form of a two state solution is no longer a feasible way to achieve enduring peace At this critical time when the road map to peace looks more uncertain than ever this book provides a refreshing counterpoint to the failed strategies of the past It is a direct and accessible account of the history and mythology of the fabled Land of Canaan which lays out hopeful ideas for the future of this truly multiethnic and multicultural region

**Israel and Palestine - Out of the Ashes** Marc H. Ellis, 2002-10-20 As the world watches with horror the unfolding events in Palestine and Israel Marc Ellis a Jewish American scholar examines what he sees as a crisis point in Jewish identity In this book Ellis offers a vision of Judaism that testifies to an ethical life in our era based on the principles of justice and community upon which the Jewish faith was founded Only by addressing the way in which those original principles are being squandered by a militarised state of Israel and a complicit Jewish establishment in America he argues can there be hope for peace in the future Israel and Palestine *Out of the Ashes* is a deeply personal philosophical account of contemporary Jewish identity Looking beyond the legacy of the Holocaust and beyond the portrayal of Jews as either victims or persecutors Ellis forges a new vision of what it means to be Jewish today

**Radical Christianity in Palestine and Israel** Samuel J. Kuruvilla, 2013-03-27 Christianity arose from the lands of biblical Palestine and regardless of its twentieth century associations with the Arab Israeli conflict to Christians around the world it remains first and foremost the birthplace of Christianity Nevertheless the size of the Christian population among Palestinians today living in Israel and the Palestinian territories is now relatively insignificant In *Radical Christianity in the Middle East* Samuel J Kuruvilla argues that Christian Palestinians often employ politically astute as well as theologically radical means in their efforts to prove relevant as a minority community within Israeli and Palestinian societies Examining the political background of the gradual collapse of secular Arab Nationalism to be replaced by Islamic liberation movements he reveals a trend within the Christian Palestinian Church which saw increasing politicisation in the 1980s and 1990s In the face of often restrictive Israeli policies such as land confiscation along with the First Intifada there was a drive towards setting up inter Church and faith activism with the goal of Palestinian liberation Kuruvilla charts the development of a theology of Christian liberation in particular through the work of Palestinian Anglican cleric Naim Stifan Ateek and Palestinian Lutheran Pastor Mitri Raheb From its roots in 1960s Latin America liberation theology has been adapted and contextualised within the specific situation within Israel and Palestine to

produce a framework that emphasises peace and reconciliation while recognising the importance of resistance and national unity. Theology has impacted Christian perceptions of Palestinians' struggle with Israel, the idea of a land promised to the sons of Abraham and the moral responsibilities that come with this are pitted against Israeli oppression of both Christian and Muslim inhabitants of the Holy Land and their desire for independence and justice. Through this comprehensive study of the often overlooked theological, political and practical position of Christians in Palestine, Kuruvilla provides a new and insightful perspective on one of the most written about conflicts.

**Contemporary Catholic Approaches to the People, State, and Land of Israel** Gavin D'Costa, Faydra Shapiro, H. B. Pierbattista Pizzaballa, 2022-02-18. After Vatican II the Roman Catholic Church began a process of stripping away anti-Jewish sentiments within its theological culture. One question that has arisen and received very scant attention regards the theological significance of the founding of the state of Israel in 1948 and the attendant nakba, the plight of the Palestinian people. Some American evangelical Christians have developed a theology around the state of Israel, associating themselves with Zionism. Some Christian groups have developed a theology around the suffering of the Palestinian people and demand resistance to Zionism. This unique collection of essays from leading Catholic theologians from the United States, Germany, France, Italy, Switzerland, England and the Middle East reflect on the theological status of the land of Israel. These essays represent an exhaustive range of views. None avoid the new Catholic theology regarding the Jewish people. Some contributors see this as leading towards a positive theological affirmation of the state of Israel while distancing themselves from Christian Zionists. All contributors are committed to rights of the Palestinian people. Some affirm the need for strong diplomatic and political support for Israel along with equal support for Palestinians, arguing that this is as far as the Church can go. Others argue that the Church's emerging theology represents the guilt conscience of Europe at the cost of the Palestinian people. None deny the right of Jews to live in the land. Two Jewish scholars respond to the essays, creating an atmosphere of genuine interfaith dialogue which serves Catholics to think further through these issues.

Transboundary Water Issues in Israel, Palestine, and the Jordan River Basin David B. Brooks, Julie Trottier, Giulia Giordano, 2019-10-11 This book highlights the search for permanent freshwater agreements between Israel Palestine and the western portions of Jordan and underscores the benefits of shared water management among the three countries Throughout the book efforts are made to share transboundary water in ways that are simultaneously physically feasible ecologically sustainable and socially equitable Thanks to the Peace Treaty between Israel and Jordan the management of shared water resources has been working well though future relationships are uncertain at present However the current arrangements for Israel and Palestine are at best inadequate and in some cases counterproductive In closing the book argues that trilateral agreements on water can and should be concluded now before seeking to resolve the full range of issues that remain uncertain in a Final Status Agreement between Israel and Palestine

*The Israeli-Palestinian Conflict* Karl Cordell, Brendan O'Leary, Stefan Wolff, 2018-10-11 The conflict between Israel and the Palestinians is one of the longest unresolved conflicts of modern times It has brought about the early and violent deaths of tens of thousands of people and blighted the lives of millions more It is symbiotically linked to

the wider crises that continue to engulf the wider region The purpose of this volume is to elucidate both the nature of the conflict but perhaps more importantly to make some tentative proposals with regard to how the conflict may eventually be peacefully concluded The contributors offer their prognosis in light of the fact that both Israeli and Palestinian society is becoming increasingly polarised and prey to fanatics who argue that the conflict will and should be solved by the complete destruction of one side by the other In short this volume seeks to provide rational counter arguments to fundamentalist bile that questions the fundamental humanity of the opposing side This book was originally published as a special issue of the journal *Ethnopolitics*

*Light Force* Brother Andrew, Al Janssen, 2004-09-01 Brother Andrew's ministry began with smuggling Bibles behind the Iron Curtain His phenomenally successful book *God's Smuggler* was born from that mission But as communism in Eastern Europe declined Brother Andrew shifted his focus to strengthening the Christian church within the Islamic world In a time when a mass exodus of Christians has drained the Middle East of God's light Brother Andrew headed into this war torn land to bring hope and encouragement to those who remained *Light Force* recounts the continuing saga of Brother Andrew's most recent mission Through dramatic true stories readers get an exclusive behind the scenes look at real people affected by the centuries old conflicts in this volatile part of the world Now readers can join Brother Andrew and fellow Open Doors missionary Al Janssen in their quest to strengthen God's light in the Middle East These gripping accounts of Christians caught in the crossfire will captivate readers everywhere

**Doomed to Failure?** Ofira Seliktar, 2009-08-27 This ground breaking book examines how and why the much vaunted Oslo Peace Accords between the Israelis and Palestinians collapsed The author analyzes the players on both sides of the accords pointing out the attitudes and actions that serve to undermine peace and promote conflict On the one hand she criticizes the Islamist organizations Hamas and Palestinian Islamic Jihad for not tolerating the idea of any true long term peace with Israel On the other hand she scrutinizes the factions for and against Oslo that developed within Israeli government circles and she calls into question the ability of Israeli intelligence to correctly assess the Palestinian negotiators By means of such examination this book poses a fundamental question Can Islamic fundamentalism ever accept the existence of Israel or will it short circuit any prospect of peace between majority Muslim states and their non Muslim counterparts

 Dijkstra,2023-08-22 Republished in an English edition as the modern state of Israel prepares to celebrate its seventy fifth  
 anniversary in 2023 this book presents a history of Israel and Palestine up to the foundation of that modern state Stretching  
 from the thirteenth century BCE until the First World War it is a concealed history of a mixed multitude of winners and losers  
 living in the same land It can be read as a regional history of the Southern Levant written in light of modern historical and  
 archaeological research But it can also help shed light on the Israeli Palestinian question It contributes to a better  
 understanding of why the Palestinians regardless of where they live have remained rooted in their patrimony Palestine and  
 why they as a people now as ever are entitled to a land and state of their own     Shared Borders, Shared Waters Sharon B.

 Promise?** Plammoottil Cherian,2019-06-13 Biblical interpretation of the Abrahamic Covenants and his descendants often

 blessings to humanity Dr Cherian presents clear evidences that God has no partiality and that Jews Christians Arabs Muslims  
 Hindus and all people are equally called to be the partakers of the Kingdom of God Ishmael was not rejected but he and his

 Thrall,2017-05-16 In a myth busting analysis of the world s most intractable conflict a star of Middle East reporting one of  
 the most important writers in the field The New York Times argues that only one weapon has yielded progress force  
 Scattered over the territory between the Jordan River and the Mediterranean Sea lie the remnants of failed peace proposals  
 international summits secret negotiations UN resolutions and state building efforts The conventional story is that these well  
 meaning attempts at peacemaking were repeatedly perhaps terminally thwarted by violence Through a rich interweaving of

reportage historical narrative and powerful analysis Nathan Thrall presents a startling counter history He shows that force including but not limited to violence has impelled each side to make its largest concessions from Palestinian acceptance of a two state solution to Israeli territorial withdrawals This simple fact has been neglected by the world powers which have expended countless resources on initiatives meant to diminish friction between the parties By quashing any hint of confrontation promising an imminent negotiated solution facilitating security cooperation developing the institutions of a still unborn Palestinian state and providing bounteous economic and military assistance the United States and Europe have merely entrenched the conflict by lessening the incentives to end it Thrall s important book upends the beliefs steering these failed policies revealing how the aversion of pain not the promise of peace has driven compromise for Israelis and Palestinians alike Published as Israel s occupation of East Jerusalem the West Bank and Gaza reaches its fiftieth anniversary which is also the centenary of the Balfour Declaration that first promised a Jewish national home in Palestine The Only Language They Understand advances a bold thesis that shatters ingrained positions of both left and right and provides a new and eye opening understanding of this most vexed of lands
