a n o v e l

The background of the cover is a painting of a woman with long dark hair, wearing a red dress with large white and yellow floral patterns and green leaves. She has her arms raised high in the air, and her head is tilted back. The background is a warm sunset or sunrise sky with soft clouds. Large green leaves are visible in the foreground, partially obscuring the woman's dress.

Davenport, 2008-09-30 From Kiana Davenport the bestselling author of Song of the Exile and Shark Dialogues comes another mesmerizing novel about her people and her islands Told in spellbinding and mythic prose House of Many Gods is a deeply complex and provocative love story set against the background of Hawaii and Russia Interwoven throughout with the indelible portrait of a native Hawaiian family struggling against poverty drug wars and the increasing military occupation of their sacred lands Progressing from the 1960s to the turbulent present the novel begins on the island of Oahu and centers on Ana abandoned by her mother as a child Raised by her extended family on the lawless Wai'anae coast west of Honolulu Ana against all odds becomes a physician While tending victims of Hurricane Iniki on the neighboring island of Kauai she meets Nikolai a Russian filmmaker with a violent and tragic past who can confront reality only through his unique prism of lies Yet he is dedicated to recording the ecological horrors in his motherland and across the Pacific As their lives slowly and inextricably intertwine Ana and Nikolai's story becomes an odyssey that spans decades and sweeps the reader from rural Hawaii to the forbidding Arctic wastes of Russia from the poverty stricken Wai'anae coast to the glittering harshness of new Moscow and the haunting faded beauty of St Petersburg With stunning narrative inventiveness Davenport has created a timeless epic of loss and remembrance of the search for family and identity and ultimately of the redemptive power of love

Postcolonial Tourism Anthony Carrigan, 2011-02-01 This book is the first literary study of postcolonial tourism Looking at the cultural and ecological effects of mass tourism development in highly exoticized island states that are still grappling with the legacies of western colonialism Carrigan contends that postcolonial writers not only dramatize the industry's most exploitative operations but also provide blueprints toward sustainable tourism futures By locating this argument in the context of interdisciplinary tourism research the study shows how imaginative literature can extend some of this field's key theoretical concepts while making an important contribution to the interface between postcolonial studies and ecocriticism The book also presents a framework for analyzing how an industry that is subject to constant media attention and involves a huge proportion of the global population shapes the cultural social and environmental milieus of postcolonial texts
