Shark Trouble Peter Benchley, 2003 Master storyteller Benchley's *Jaws* combines high adventure with down-to-earth advice in a book that is at once a thriller and a valuable book about being safe in, on, under, and around the shark-infested ocean.

Trouble Magnet DelSheree Gladden, 2023-12-30 Eliza Carlisle has the unwanted talent of attracting trouble in all its forms. That couldn't be truer than when she moves into the most bizarre apartment building on the planet. Weekly required dinners with the landlord and assigned chores are bad enough but the rules don't end there. Top most on the list of requirements is NO physical violence against the other residents. There have been issues. In the past, the young manager Sonya claims that hasn't been a problem recently but Eliza comes home from her first day of culinary school to find a dead resident, her next-door neighbor looking good for the crime, and a cop that seems more interested in harassing her than solving the case. All Eliza wanted was to escape her past and start over completely anonymous in a big city. That's not going to be so easy when the killer thinks she's made off with a valuable piece of evidence everyone is trying to get their hands on. The ultimatum that she turn it over to save her own life creates a small problem. Eliza has no idea what the killer wants or where the mysterious object might be. If she can't uncover a decades-old mystery in time, surviving culinary school will be the least of her problems.

Repelling The Shark DelSheree Gladden, 2023-12-27 Simple and easy falls apart when secrets revealed require making promises and opening up to the possibilities of hurt and hope. Leo Bailey has so far escaped the curse of the date shark business. He fills in when needed but has held onto his casual relationships and family emergency-free existence. Marriage and family are a vague idea for the future but he's not ready to give up the freedom of being single and answering only to himself. When Piper Moretti witnesses the demise of yet another of Leo's friends with benefits, she doesn't think much of it. She has a long list of more pressing responsibilities and headaches to occupy her mind. Friends and the strings that go with them are at the bottom of her priority list. When a date shark client who tops the list of bizarre behavior, Leo has seen his half-joking request for rescue drags Piper into the chaos and into Leo's life. Neither one wants more than a simple, no-stress friendship. Secrets and surprises force them to admit neither one is nearly as in control of their futures as they think they are. Helping each other means getting involved, making promises, and opening themselves up to the
