Granville Sharp's Canon and Its Kin Daniel B. Wallace, 2009 Granville Sharp's Canon and Its Kin explains that the semantics of the article substantive KAI

substantive construction TSKS have been largely misunderstood and that this misunderstanding has adversely impacted the exegesis of several theologically significant texts This issue is addressed from three angles historical investigation linguistic phenomenological analysis of the construction and exegetical implications The reasons for the misunderstanding are traced historically a better comprehension of the semantics of the construction is established by an examination of primary literature in the light of linguistic theory and the implications of this analysis are applied to a number of passages in the New

Testament Historically the treatment begins with a clear grammatical principle articulated by Granville Sharp and it ends with the present day confusion This book includes a detailed examination of the New Testament data and other Ancient Greek literature which reveals that Sharp s rule has a general validity in the language Lastly a number of exegetically significant texts that are affected by the linguistic phenomenological investigation are discussed in detail This enlightening text is a valuable resource for undergraduate and graduate students of religion linguistics history and Greek **Sharpe's Sword** Bernard Cornwell,2004-08-03 A gripping tale of espionage survival and the complexities of human relationships set against the backdrop of one of history s most tumultuous periods The greatest threat to Wellington s Salamanca Campaign is not Napoleon s Army but France s deadliest assassin He s already failed to kill Captain Richard Sharpe once Now he s getting a second chance Cornwell weaves a rich tapestry of characters and events exploring the duality of honor and betrayal love and duty amidst the chaos of the battlefield **The Sharp End** David Drake,1993-11-01 Gangs rule Cantilucca Two syndicates dominate the planet Guns are the only law Both sides are arming for a bloody showdown that can only end with a handful of survivors sifting for subsistence in the ruins of what could be a rich world Then the survey team arrives David Drake introduces a new kind of Hammer s Slammer At the publisher s request this title is sold without DRM Digital Rights Management Sharpe's Rifles (#1) Bernard Cornwell,2001-02-01 Bernard Cornwell s action packed series that captures the gritty texture of Napoleonic warfare now beautifully repackaged It s 1809 and Napoleon s army is sweeping across Spain Lieutenant Richard Sharpe is newly in command of the demoralized distrustful men of the 95th Rifles He must lead them to safety and the only way of escape is a treacherous trek through the enemy infested mountains of Spain **Sharpe's London Magazine of Entertainment and Instruction** ,1849 Three Forts on the Tay: Excavations at Moncreiffe, Moredun and Abernethy, Perth and Kinross 2014-17 David Strachan,Martin Cook,Dawn McLaren,2023-12-21 Despite a resurgence in Scottish fort studies few sites have been investigated especially at the scale reported in this volume Perth and Kinross Heritage Trust with AOC Archaeology Group excavated three hilltop forts on the Tay estuary to explore their enclosing works and internal buildings uncovering an impressive assemblage of small finds Sharp Times Goenawan Mohamad,TEMPO Publishing, Kumpulan esai Goenawan Mohamad di rubrik Catatan Pinggir majalah TEMPO antara 2002 2011 diterjemahkan ke dalam bahasa Inggris oleh Jennifer Lindsay Bahasa yang digunakan Goenawan kata Lindsay sangat kaya metafora Terdiri dari 106 kolom yang dimulai dari esai di majalah TEMPO 6 Oktober 2002 Patriotism sampai Catatan Pinggir berjudul Cities di majalah TEMPO edisi 5 Juli 2011 dalam buku setebal 440 halaman **Sharpe's Siege (#9)** Bernard Cornwell,2001-11-01 Sharpe s mission has seemed simple capture a small ungarded French coastal fort cripple Napoleon s supply lines and retreat across the sea But behind the lines Sharpe s old enemy Pierre Ducos awaits Sharpe s arrival with a battalion of French soldiers and a vicious commanding general who keeps the scalps of his dead enemies as trophies Outmaneuvered by Ducos s treachery and abandoned by his own navy Sharpe has only two choices to escape with the aid of the charming

A Sharp Compassion Chase Replogle, According to Google the phrase I m offended has increased in usage by more than 5 600% in just the past century Humans have always taken offense but never have we been so obsessed with it Offense stunts our conversations and divides our relationships It infects our families politics entertainment and churches Yet few seem to be asking why or what it might be costing us If you trace the offense deep enough you ll find a culture and our individual lives drowning in insecurity For all our self help self affirming and self esteem rhetoric we can t seem to overcome it Just beneath our awareness our insecurities distort our desires poison our relationships and leave us increasingly sensitive to offense But there is a worse consequence Offense makes it harder to hear the truth It can even prevent you from hearing Jesus s good but sometimes hard words *A Sharp Compassion* offers readers a closer look at some of Jesus most challenging words Through a careful study of the conversations in which Jesus offended you will discover a savior willing to risk offending you to heal you from your deepest insecurities Because his love is great his truths are often hard and his compassion sharp But perhaps it s Jesus hard words we need most right now *Keeping a Sharp Eye* Peter Vale, 2012-09

International relations are what a government does when nobody s looking While this may well once have been true the conduct of international relations in South Africa and elsewhere has come under increasing scrutiny by the public This is partially the result of specialist expertise around the formal study of international relations and the making of foreign policy enhanced by the development of International Relations as a separate academic field Like the growth of institutes of international affairs or the Council on Foreign Relations in the case of America the study of international relations commenced at the end of the First World War 1914 18 with the establishment at the University of Wales Aberystwyth of the first academic chair in International Relations It was called for Woodrow Wilson America s twenty eighth president and funded by Welsh businessman and pacifist David Davis In South Africa the study of international relations commenced with the establishment of the South African Institute of International Affairs SAIIA which met for the first time in the Senate Chamber of the University of Cape Town on 12 May 1934 Until then International Relations had been taught in various guises within History Law Economics and Politics courses but it lacked a firm institutional base In South Africa International Relations was first taught as a separate academic discipline at the University of the Witwatersrand in 1963 although a professorship called for Jan Smuts was first filled in 1961 Long before this institutional setting however a more subversive and certainly more spicy variety of international relations understanding and critique was at work this was of course the sharp eye on foreign policy and international relations drawn in jest and sometimes in anger by cartoonists Their interest in international relations predates the emergence of the powerful critical perspectives that have changed and almost redirected the field since the ending of the Cold War This book is about how these other experts have looked at and commented on South Africa s relations with the world over the past century It examines their interpretations of unfolding events and

considers how these commentators and their work interacted with the more formal understandings of foreign policy and international relations that came to pass long after cartoons first appeared A century of South Africa's engagement with the world is understandably a long and complex story Cartoons on the country were done years before the 1910 Act of Union as some well known cartoons of the Anglo Boer War suggest However by confining my choices to a hundred years of the South African state I have chosen firm bookends for the collection The choice of cartoons itself requires further clarification There is a rather worrying recent notion in South Africa that nothing that happened in the country before the historic election of 1994 matters In April 2009 at a conference I heard an academic colleague say that what happened in the 1930s was illegitimate and of no real relevance to the present This lack of interest in history is both short sighted and intellectually lazy South Africa's international relations today are determined as much by the cartoons drawn by Boonzaier in 1910 as they are by the cartoons drawn by Zapiro in 2010 I choose these two names not only because they conveniently cover almost the full range of the alphabet but because they run from the founding of the South African state in 1910 to the present Their names signal something else too I have only chosen drawings by cartoonists who worked in South Africa As will be clear many cartoonists were not South African born but brought the cartoonist's trade with them to this country As such they brought interpretations and understandings of the world that helped to shape South Africa's perspectives on international relations Most of the artists in this book Shadows & Sharp Tongues Maya Lenboo, 2025-08-17 A fake romance A very real corpse And a mouth she just can't keep shut When disaster consultant Sloane Vega inherits half a fortune and a box of blackmail material from her ex fiancé she doesn't buy the accidental death narrative Enter Devlin Vega the dead man's painfully hot emotionally unavailable brother He's got secrets a jawline that should be illegal and absolutely no time for Sloane's sarcasm Forced to play lovers while hunting a killer they'll uncover more than lies in the shadows like an inconvenient attraction and a very real chance at something dangerous the truth Smart sexy and razor sharp Shadows Sharp Tongues is a slow burn romantic suspense that turns enemies into lovers and trust into foreplay Sharpe's London Magazine ,1848
