journal. [entitled] Sharpe's London magazine, conducted by mrs. S.C. Hall Anna Maria Hall, **Sharp Martingale and Semimartingale Inequalities** Adam Osękowski, 2012-08-14 This monograph is a presentation of a unified approach to a certain class of semimartingale inequalities which can be regarded as probabilistic extensions of classical estimates for conjugate harmonic functions on the unit disc The approach which has its roots in the seminal works of Burkholder in the 80s enables to deduce a given inequality for semimartingales from the existence of a certain special function with some convex type properties Remarkably an appropriate application of the method leads to the sharp version of the estimate under investigation which is particularly important for applications These include the theory of quasiregular mappings with deep implications to the geometric function theory the boundedness of two dimensional Hilbert transform and a more general class of Fourier multipliers the theory of rank one convex and quasiconvex functions and more The book is divided into a few separate parts In the introductory chapter we present motivation for the results and relate them to some classical problems in harmonic analysis The next part contains a general description of the method which is applied in subsequent chapters to the study of sharp estimates for discrete time martingales discrete time sub and supermartingales continuous time processes the square and maximal functions Each chapter contains additional bibliographical notes included for reference *Jonathan Sharp; Or, The Adventures of a Kentuckian* Jonathan Sharp (pseud.), 1845 **Dan Sharp Mysteries 4-Book Bundle** Jeffrey Round, 2015-11-21 The first four novels of the Dan Sharp mystery series winner of the Lambda Award for best gay mystery Collected into a single volume the Lambda award winning Dan Sharp series by Jeffrey Round follows a gay father and missing persons investigator as he weaves from upper class enclaves to the seedy underbelly of Toronto and Southern Ontario Includes Lake on the Mountain 1 Dan Sharp a gay missing persons investigator accepts an invitation to a wedding on a yacht in Ontario's Prince Edward County But the event doesn't go as planned A member of the wedding party is swept overboard and Dan finds himself deep in troubled waters as he searches for possible killers not only in the present but also twenty years earlier Pumpkin Eater 2 Missing persons investigator Dan Sharp makes a grisly find in a burned out Toronto slaughterhouse His search for a killer takes him deep into Toronto's underworld The Jade Butterfly 3 A chance meeting in a bar sends missing persons investigator Dan Sharp in search of a woman presumed dead in the Tiananmen Square Massacre But there may be international consequences and big players in a mystery that spans two continents After the Horses 4 When a notorious bar owner is found dead Dan Sharp is approached by a couple who claim they know the killer's identity Reluctant at first Dan reconsiders when he learns about the club's shady payments to the cops As suspicious disappearances mount Dan finds himself targeted by someone who wants the case and anyone connected dead Such devotion to his work makes Round's writing absorbing for readers You sympathize with Sharp even as he falls into a whiskey drenched hell and you wait for him to rise again Xtra The writing is raw the emotions are taut and author Jeffrey Round brings it together in a breathtaking conclusion Hamilton Spectator Jeffrey Round is the gay Margaret Atwood Luba Goy Comedian *Microlocal*
