compatriots of other creeds In 1852 the first Jewish school is opened in Bucharest and in 1847 appears ISRAELITUL ROMAN the first newspaper of the Jewish communities from Moldavia and Walachia Encyclopedia of the Jewish Diaspora M. Avrum Ehrlich,2008-10-03 This three volume work is a cornerstone resource on the evolution and dynamics of the Jewish Diaspora as it played out around the world from its beginnings to the present Encyclopedia of the Jewish Diaspora Origins Experiences and Culture is the definitive resource on one of world history s most curious phenomenons encompassing the communities cultures ethnicities and experiences created by the Diaspora in every region of the world where Jews live or Jewish ancestry exists The encyclopedia is organized in three volumes The first includes 100 essays on the Jewish Diaspora experience with coverage ranging from ethnography and demography to philosophy history music and business The second and third volumes feature hundreds of articles and essays on Diaspora regions countries cities and other locations With an editorial board of renowned Jewish scholars and with an extraordinarily accomplished team of contributors Encyclopedia of the Jewish Diaspora captures the full scope of its subject like no other reference work before it **The Afterlife of the Shoah in Central and Eastern European Cultures** Anna Artwinska,Anja Tippner,2021-11-08 The Afterlife of the Shoah in Central and Eastern European Cultures is a collection of essays by literary scholars from Germany the US and Central Eastern Europe offering insight into the specific ways of representing the Shoah and its aftereffects as well as its entanglement with other catastrophic events in the region Introducing the conceptual frame of postcatastrophe the collected essays explore the discursive and artistic space the Shoah occupies in the countries between Moscow and Berlin Postcatastrophe is informed by the knowledge of other concepts of post and shares their insight into forms of transmission and latency in contrast to them explores the after effects of extreme events on a collective aesthetic and political rather than a personal level The articles use the concept of postcatastrophe as a key to understanding the entangled and conflicted cultures of remembrance in postsocialist literatures and the arts dealing with events phenomena and developments that refuse to remain in the past and still continue to shape perceptions of today s societies in Eastern Europe As a contribution to memory studies as well as to literary criticism with a special focus on Shoah remembrance after socialism this book is of great interest to students and scholars of European history and those interested in historical memory more broadly *So They Remember* Maksim Goldenshteyn,2022-01-20 When we think of Nazi camps names such as Auschwitz Bergen Belsen and Dachau come instantly to mind Yet the history of the Holocaust extends beyond those notorious sites In the former territory of Transnistria located in occupied Soviet Ukraine and governed by Nazi Germany s Romanian allies many Jews perished due to disease starvation and other horrific conditions Through an intimate blending of memoir history and reportage *So They Remember* illuminates this oft overlooked chapter of the Holocaust In December 1941 with the German led invasion of the Soviet Union in its sixth month a twelve year old Jewish boy named Motl Braverman along with family members was uprooted from his Ukrainian hometown and herded to the remote village of Pechera the site of a Romanian

death camp Author Maksim Goldenshteyn the grandson of Motl first learned of his family's wartime experiences in 2012 Through tireless research Goldenshteyn spent years unraveling the story of Motl his family members and their fellow prisoners The author here renders their story through the eyes of Motl and other children who decades later would bear witness to the traumas they suffered Until now Romanian historians and survivors have served as almost the only chroniclers of the Holocaust in Transnistria Goldenshteyn's account based on interviews with Soviet born relatives and other survivors archival documents and memoirs is among the first full length books to spotlight the Pechera camp ominously known by its prisoners as Mertvaya Petlya or the Death Noose Unfortunately as the author explains the Pechera camp was only one of some two hundred concentration sites spread across Transnistria where local Ukrainian policemen often conspired with Romanian guards to brutalize the prisoners In March 1944 the Red Army liberated Motl's family and fellow captives Yet for decades according to the author they were silenced by Soviet policies enacted to erase all memory of Jewish wartime suffering So They Remember gives voice to this long repressed history and documents how the events at Pechera and other surrounding camps and ghettos would continue to shape remaining survivors and their descendants 1999 Susan Sarah Cohen,2013-02-18 No detailed description available for 1999 *Memory Unbound* Lucy Bond,Stef Craps,Pieter Vermeulen,2016-11-01 Though still a relatively young field memory studies has undergone significant transformations since it first coalesced as an area of inquiry Increasingly scholars understand memory to be a fluid dynamic unbound phenomenon a process rather than a reified object Embodying just such an elastic approach this state of the field collection systematically explores the transcultural transgenerational transmedial and transdisciplinary dimensions of memory four key dynamics that have sometimes been studied in isolation but never in such an integrated manner Memory Unbound places leading researchers in conversation with emerging voices in the field to recast our understanding of memory's distinctive variability

Lessons and Legacies VII Peter Hayes,Dagmar Herzog,1991 In the courtroom and the classroom in popular media public policy and scholarly pursuits the Holocaust its origins its nature and its implications remains very much a matter of interest debate and controversy Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical social and moral lessons this volume offers a richly varied deeply informed perspective on the practice interpretation and direction of Holocaust research now and in the future In their essays the authors an international group including eminent senior scholars as well those who represent the future of the field set the agenda for Holocaust studies in the coming years even as they give readers the means for understanding today's news and views of the Holocaust whether in court cases involving victims and perpetrators international national and corporate developments or fictional documentary and historical accounts Several of the essays such as one on nonarmed amidah or resistance and others on the role of gender in the behavior of perpetrators and victims provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies Others for instance the rounding up of Jews in Italy Nazi

food policy in Eastern Europe and Nazi anti Jewish scholarship emphasize the importance of new sources for reconstructing the historical record Still others including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt bring a new depth and sophistication to highly charged sharply politicized topics Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding

Crowe,2018-05-04 This book details the history of the Jews their two millennia old struggle with a larger Christian world and the historical anti Semitism that created the environment that helped pave the way for the Holocaust It helps students develop the interpretative skills in the fields of history and law **Performing the Past** Karin Tilmans, Frank van Vree, J. M. Winter, 2010 Karin Tilmans is an historian and academic coordinator of the Max Weber Programme at the European University Institute Florence Frank van Vree is an historian and professor of journalism at the University of Amsterdam Jay M Winter is the Charles J Stille Professor of History at Yale The Generation of Postmemory Marianne Hirsch, 2012 Can we remember other people s memories This book argues that we can that memories of traumatic events live on to mark the lives of those who were not there to experience them In these revised critical readings of the literary and visual legacies of the Holocaust Hirsch builds on her influential concept of postmemory The Camp Colman Hogan, Marta Marin-Dòmine, 2021-02-03 The camp is nothing if not diverse in kind scope and particularity in sociological and juridical configuration in texture iconography and political import Adjectives of camp specificity embrace a spectrum from extermination and concentration to detention migration deportation and refugee camps And while the geographic range covered by contributors is hardly global it is broad Chile Rwanda Canada the US Central Europe Morocco Algeria South Africa France and Spain And yet is to so characterize the camp to run the risk of diffusing what in origin is a concentration into a paratactical series of identity particularisms While The Camp does not seek to antithetically promulgate a universalist vision it does aim to explore the imbrication of the particular and the universal to analyze the structure of a camp or camps and to call attention the role of the listener in the construction of the testimony For by naming what cannot be said is not every narrative of internment and exclusion a potential site of agency articulating the inner splitting of language that Giorgio Agamben defines as the locus of testimony to bear witness is to place

oneself in one's own language in the position of those who have lost it to establish oneself in a living language as if it were dead or in a dead language as if it were living *Diaspora and Memory*, 2016-08-01 Experiences of migration and dwelling in displacement impinge upon the lives of an ever increasing number of people worldwide with business class comfort but more often with unrelenting violence Since the early 1990s the political and cultural realities of global migration have led to a growing interest in the different forms of diasporic existence and identities The articles in this book do not focus on the external boundaries of diaspora what is diasporic and what is not but on one of its most important internal boundaries which is indicated by the second term in the title of this book memory It is not by chance that the right to remember the responsibility to recall are central issues of the debates in diasporic communities and their relation to their cultural and political surroundings The relation of diaspora and memory contains important critical and maybe even subversive potentials Memory can transcend the territorial logic of dispersal and return and emerge as a competing source of diasporic identity The articles in this volume explore how shaped by the responsibilities of testimony as well as by the normalizing forces of amnesia and forgetting and political interests memory is a performative figurative process rather than a secure space of identity **Making Sense of War** Amir Weiner, 2012-01-16 In *Making Sense of War* Amir Weiner reconceptualizes the entire historical experience of the Soviet Union from a new perspective that of World War II Breaking with the conventional interpretation that views World War II as a post revolutionary addendum Weiner situates this event at the crux of the development of the Soviet not just the Stalinist system Through a richly detailed look at Soviet society as a whole and at one Ukrainian region in particular the author shows how World War II came to define the ways in which members of the political elite as well as ordinary citizens viewed the world and acted upon their beliefs and ideologies The book explores the creation of the myth of the war against the historiography of modern schemes for social engineering the Holocaust ethnic deportations collaboration and postwar settlements For communist true believers World War II was the purgatory of the revolution the final cleansing of Soviet society of the remaining elusive human weeds who intruded upon socialist harmony and it brought the polity to the brink of communism Those ridden with doubts turned to the war as a redemption for past wrongs of the regime while others hoped it would be the death blow to an evil enterprise For all it was the Armageddon of the Bolshevik Revolution The result of Weiner's inquiry is a bold compelling new picture of a Soviet Union both reinforced and enfeebled by the experience of total war Holocaust a History Deborah Dwork, Robert Jan Pelt, 2003-08-26 Unrivaled in scope Holocaust is a story of all Europe of the vast sweep of events in which this great atrocity was rooted from the Middle Ages to the modern era **Women and Gender in Central and Eastern Europe, Russia, and Eurasia** Mary Zirin, Irina Livezeanu, Christine D.
