*Conversations with Texas Writers* Frances Leonard, Ramona Cearley, 2010-01-01 Larry McMurtry declares Texas itself doesn't have anything to do with why I write It never did Horton Foote on the other hand says I've just never had a desire to write about any place else In between those figurative bookends are hundreds of other writers some internationally recognized others just becoming known who draw inspiration and often subject matter from the unique places and people that are Texas To give everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state's current literary production this volume features conversations with fifty of Texas's most notable established writers and emerging talents The writers included here work in a wide variety of genres novels short stories poetry plays screenplays essays nonfiction and magazine journalism In their conversations with interviewers from the Writers League of Texas and other authors organizations the writers speak of their apprenticeships literary influences working habits connections with their readers and the domestic and public events that have shaped their writing Accompanying the interviews are excerpts from the writers work as well as their photographs biographies and bibliographies Joe Holley's introductory essay an overview of Texas writing from Cabeza de Vaca's 1542 *Relaci n* to the work of today's generation of writers who are equally at home in Hollywood as in Texas provides the necessary context to appreciate such a diverse collection of literary voices A sampling from the book This land has been my subject matter One thing that distinguishes me

from the true naturalist is that I've never been able to look at land without thinking of the people who've been on it. It's fundamental to me. John Graves Writing is a way to keep ourselves more in touch with everything we experience. It seems the best gifts and thoughts are given to us when we pause, take a deep breath, look around, see what's there, and return to where we were. Naomi Shihab Nye I've said this many times in print: the novel is the middle age genre. Very few people have written really good novels when they are young, and few people have written really good novels when they are old. You just tail off and lose a certain level of concentration. Your imaginative energy begins to lag. I feel like I'm repeating myself, and most writers do repeat themselves. Larry McMurtry I was a pretty poor cowhand. I grew up on the Macaraw Ranch east of Crane, Texas. My father tried very hard to make a cowboy out of me, but in my case it never seemed to work too well. I had more of a literary bent. I loved to read, and very early on I began to write small stories, short stories out of the things I liked to read. Elmer Kelton Dictionary of American Young Adult Fiction, 1997-2001 Agnes Regan Perkins, 2004-03-30 Young adult readers have special needs and concerns, and librarians have become increasingly interested in selecting books suitable for them. This reference provides information about 290 books for young adults. These books received major awards between 1997 and 2001, reflect the voices of 242 different authors, and range from new to familiar themes. Included are nearly 750 alphabetically arranged entries for individual works, authors, characters, and settings. Many of these books were originally written for adults but have become popular among younger readers. Entries for works provide plot summaries and critical assessments, while author entries focus on those aspects of the writer's life most relevant to literature for young people. The reference is a valuable selection tool for librarians and teachers and a useful guide for students. **Making the Match** Teri S. Lesesne, 2003 Explains how teachers and librarians can steer students to the literature they love by focusing on three key areas: knowing the readers, knowing the books, and knowing the strategies to motivate students to read. **Broken China** Lori Aurelia Williams, 2005-03 The acclaimed author of *When Kambia Elaine Flew in from Neptune* now delivers the story of one girl's excruciating struggle to beat the odds. Williams imbues this narrative with an unshakable sense of hope that transcends China's bleak reality. **What Do Children and Young Adults Read Next?** Janis Ansell, Pam Spencer Holley, 2002 Lists books by subject and title and recommends what book children and young adults should read next based on their previous likes and dislikes. **Kaleidoscope** Nancy Hansen-Krening, Elaine Mei Aoki, Donald T. Mizokawa, 2003 Annotated bibliography of picture storybooks, novels, folklore, and nonfiction for children about people of color. The introduction includes criteria for selecting books. Book Review Index, 2003 Every 3rd issue is a quarterly cumulation. *Kliatt Young Adult Paperback Book Guide*, 2002 Talking Book Topics, 2003 **Albemarle**, 2001-06 **Teenplots** John T. Gillespie, Corinne J. Naden, 2003-09-30 Profiles one hundred books for young adults, providing bibliographic information, age levels, plot summaries, commentary, further reading lists, and lists of passages for booktalks.
