Derbyshire, revised by Clare Hartwell. A new edition covering Pevsner's 'county of contrasts', replacing Elizabeth Williamson's revision of 1978. Enhanced and updated accounts of Derbyshire's great mansions – Bolsover, Chatsworth, Haddon, Hardwick, Kedleston – are accompanied by greatly enriched surveys of the county's diverse inheritance of lesser houses, its pioneering (and often spectacular) industrial sites, its multifarious towns and villages, and its distinctive and rewarding traditions of church-building, tomb sculpture and ironwork.

Warwickshire, revised by Chris Pickford. The first full-scale revision of Pevsner's 1966 volume, written by an author born in the county. Famous for the attractions of world-renowned Stratford-on-Avon, Warwickshire is also rich in other historic villages and towns. The new edition supplements and enhances Pevsner's assessments, offering fresh perspectives on major buildings such as Warwick Castle and Rugby School, the contributions of distinguished architects in the eighteenth and nineteenth centuries, and the celebrated post-war rebuilding of Coventry.

Lanarkshire and Renfrewshire by Rob Close, John Gifford and Frank Arneil Walker. With the publication of this book, covering two of the least known Scottish counties, the *Buildings of Scotland* series is complete. No other volume can claim such diversity, from the cottages and churches of the deeply rural villages of Clydesdale to the medieval abbey at the centre of Paisley in Renfrewshire, from the great port of Greenock on the Clyde to the former steel and iron towns of the Lanarkshire coalfield. In the model weaving village of Robert Owen's New Lanark and the post-war New Town of Cumbernauld, the region can also boast planned settlements of international significance.

Pevsner Introductions complement the familiar *Guides*, providing accessible, engaging accounts of buildings by type and theme. The first two volumes, *Houses* and *Churches*, were published in March 2016.

Written by the joint editors of the *Guides*, and distilling years of experience, these are books for anyone who would like to understand more about England's architectural history. Lavishly illustrated and clearly written, the texts explain key components, stylistic changes, regional variations, and vocabulary. Readers can evaluate dates and phases, and interpret historic developments. A companion volume, a redesigned and expanded edition of the popular *Pevsner's Architectural Glossary*, was published in October.

Readers and users of our books owe a great debt to **Sally Sawesem**, publisher of the Pevsner series at Yale from 2002, who left the company in September 2016. New publications during Sally's time amount to twenty-nine revised *Buildings of England* volumes, seven of the *Buildings of Scotland*, four of the *Buildings of Wales* and two of the *Buildings of Ireland*, ten paperback *City Guides*, the launch of the *Introductions* series and *Glossary*, and the associated glossary app. She has our very best wishes for all her future plans.

Our website www.yalebooks.co.uk/pevsner.asp provides more information about the series, work in progress and recent publications. You can order volumes directly, and keep up to date with special offers and other news.

Keeping the Lid on Logie Barrow, François Poirier, Susan Finding, 2010-04-16 The contributors to this book have explored various aspects of urban imagination so intimately related to a peculiar social environment They are historians and geographers linguists and cultural students Their methodologies are very different their sources poles apart And yet they address the same object of study social and spatial segregation and urban eruptions though severally defined from epidemics to anarchist scares urban uprisings to mental maps or the reverberations of urban memories in song novels and museums Case studies consider the towns of Liverpool London Hull New York Salvador de Bahia or more generally France and America The networks created among intellectuals and labourers anarchists and migrants or the lack of communication between those who feel oppressed rioters strikers anti vaccination protesters and those in control are a further common denominator In a way urban epidemics were the epitome of the repulsive character large cities possessed in the eyes even of their own inhabitants If they were the receptacle of so many foreigners and shady political characters if they were the scenes of social and ethnic conflict and violence and promiscuity and prostitution and drunkenness and pauperism they were of necessity a festering sore which nothing could eradicate It is strange that something of this fear should linger on today otherwise how can one explain the lacunae in the official memory of museums despite the cultural efforts produced in the opposite direction with Ackroyd's love for East End London with the revival of a Little Italy in every major American city with the nostalgic folklorisation of past miseries in Salvador de Bahia and in popular song What sense of belonging can be generated by an obliteration of the past what dynamic local culture can spring from an absence from a hole in collective memory This book goes some way to filling those gaps

celebration of industrial architecture and its enduring legacy Manchester unspun Andy Spinoza, 2023-02-21 At the end of the 1970s Manchester seemed to be sliding into the dustbin of history Today the city is an international destination for culture and sport and one of the fastest growing urban regions in Europe This book offers a first hand account of what happened in between Arriving in Manchester as a wide eyed student in 1979 Andy Spinoza went on to establish the arts magazine City Life before working for the Manchester Evening News and creating his own PR firm In a forty year career he has encountered a who's who of Manchester personalities from cultural icons such as Tony Wilson to Manchester United manager Sir Alex Ferguson and influential council leaders Sir Richard Leese and Sir Howard Bernstein His remarkable account traces Manchester's gradual emergence from its post industrial malaise centring on the legendary nightclub the Hacienda and the cultural renaissance it inspired
