Shelley And Byron:

Recollections of the Last Days of Shelley and Byron Edward John Trelawny, 1858 Shelley and Byron Isabel Constance Clarke, 1934 Recollections of the Last Days of Shelley and Byron Edward John Trelawny, 2001 I have met today the personification of my Corsair Byron wrote to Teresa Guiccioli in January 1822 He sleeps with the poem under his pillow and all his past adventures and present manners aim at this personification Trelawny was undoubtedly a traveller an adventurer a teller of tall tales and he amused Byron Though too much of a fantasist to be a wholly reliable witness he gives us an immensely attractive account of Byron critical and Shelley friendly in the period 1822-4 He uttered pagan incantations over the burning body of Shelley on the beach at Viareggio and saved his heart from the fire Later he accompanied Byron to Greece

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Shelley-Byron Conversation William Dean Brewer, 1994 All advanced students of English Romanticism would find this book of use From the first Brewer recognizes that the conversation between Shelley and Byron is in the deepest sense stylistic rather than moralistic Stuart Curran University of Pennsylvania Lucid direct and refreshingly unpretentious in its intellectual approach Peter Graham Virginia Polytechnic Institute While critics traditionally have seen Shelley and Byron as two irreconcilable opposites separated by both temperament and philosophy this study informed by scholarship of the past eighteen years since Charles Robinson's landmark study explores their six year relationship and argues that it was more collaborative than contentious Shelley and Byron first met at Lake Geneva Switzerland in 1816 brought together by Claire Clairmont Mary Shelley's stepsister and the Shelleys traveling companion The two poets soon discovered that they shared radical political sympathies and a determination to abandon moral platitudes and religious cant From the beginning it appears that they inspired each other and those around them After this encounter Byron began a new phase in his development Shelley embarked on a major work and Mary Shelley completed *Frankenstein* In 1818 the men came together again in Venice for their most important interaction In the period of intense creativity that followed both wrote their masterworks Shelley composed *Julian and Maddalo* a poem inspired by their discussions and began writing *Prometheus Unbound* and Byron completed the first canto of *Don Juan* and all of *Mazeppa* By analyzing the echoes and allusions found in their writing Brewer suggests that Shelley and Byron transformed each other's work His discussion of *Julian and Maddalo* considers the conversational style each poet came to employ his analysis of *Cain* shows how it reflects their mutual interest in Prometheism and their fascination with the Devil his examination of *The Triumph of Life* includes an appraisal of the influence of Goethe's *Faust* on both In general Brewer says Shelley and Byron have not been given credit for their willingness to learn from each other Their personal and literary dialogues ranged from discussions of their social activist goals to their perceptions of the benighted and tragic state of humanity shaping some of the most important achievements of the Romantic era William D Brewer is associate professor of English at Appalachian State University He is the editor of *New Essays on*
