Magic Boot:

The Magic Boots Scott Emerson,Howard Post,2019-03-12 A sweet story about the magic of imagination and a favorite pair of boots When a boy named William Wilkins puts on his red cowboy boots his imagination can take him anywhere to the Amazon River to the Wild West to the moon and even flying on a magic carpet When his feet outgrow the boots William is understandably despondent However after falling asleep one night he discovers he can still visit these far off places because the magic is in his mind not in his boots Lexile 670L *The Magic Boot* Rémy Simard,1995 The creators of the internationally acclaimed *My Dog is an Elephant* have teamed up again with a hilarious account of a boy whose BIG feet play an unexpected role in world geography With luminous and vibrant art by award winner Pierre Pratt Cf Our choice 1996 1997

Hackett,2017-10-23 The image of the meditating yogi has become a near universal symbol for transcendent perfection used to market everything from perfume and jewelry to luxury resorts and sports cars and popular culture has readily absorbed it along similar lines Yet the religious traditions grounding such images are often readily abandoned or caricatured beyond recognition or so it would seem The essays contained in *The Assimilation of Yogic Religions through Pop Culture* explore the references to yogis and their native cultures of India Tibet and China as they are found in the stories of many famous icons of popular culture from Batman Spider Man and Doctor Strange to Star Trek Doctor Who Twin Peaks and others In doing so the authors challenge the reader to look deeper into the seemingly superficial appropriation of the image of the yogi and Asian religious themes found in all manner of comic books novels television movies and theater and to carefully examine how they are being represented and what exactly is being said
