Magic Prague:

Magic Prague Angelo Maria Ripellino, 2014-01-14 A superb haunting clotted mad masterpiece John Banville The Observer This unique cultural history attempts to go beyond the tourist cliché of Prague as the golden city to bring out all the mystery ambiguity gloom lethargy and hidden fascination of the city on the Vltava Ripellino slips into the style of melodrama and ghost stories the anecdotes of the enchanted traveller and the outlandish bad taste of beer teller tales to bring out the sorcery of the Bohemian capital in a mixture of fact and fiction

Contemporary Slavic horror across media Agnieszka Jezyk, 2025-06-17 In the Western cultural production that puts individual or collective fear at its center East Central Europe has been portrayed as an othered space of horror lawless frightening zones where anything can happen Incorporating articles on literature film visual arts video games music videos and music festivals Contemporary Slavic horror across media Cursed zones is a pioneering anthology of academic essays devoted to Slavic horror fiction The book focuses on works from the mid 20th century through the present particularly the post Soviet period Assessing current trends in Czech Polish Russian Slovak Ukrainian and East Central European horror media the book looks at similarities and idiosyncrasies of the genre in its Slavic variant With this anthology we hope to tame the Easterner Other and start exorcising monstrous East Central Europe

The Flâneur Abroad Richard Wrigley, 2014-10-17 This volume offers new perspectives on a crucial figure of nineteenth century cultural history the flâneur Recent writing on the flâneur has given little sustained attention to the widespread adaptation of the flâneur outside Paris let alone outside France and indeed Europe whether in the form of historic antecedents modern sequels or contemporary echoes Yet it is clear that the allure of the flâneur's persona has led to its translation and adoption far beyond Parisian boulevards and passages and this in different media and literary genres This volume maps some of the flâneur's travels and transpositions How far the flâneur is dependent on Paris as a milieu is opened up for questioning for all the international dispersal of this idea and model in some sense Paris is always present if only as a reference to kick against or replace When modern flâneurs step out in foreign cities how much of a Parisian ethos clings to them however they might claim independence Cities which provide counterpoints to Paris discussed here are Amsterdam Brussels Dublin Le Havre London Madrid New York Prague and St Petersburg This internationalised view also reconsiders the nature of the flâneur and revises stereotypes based on Walter Benjamin's account of Baudelaire Another key feature is the chapters which analyse the flâneur in terms of visual representations whether graphic illustration streetscapes urban design cinema or album covers related to musical examples from the 1950s to the present

Live Evil: Of Magic and Men Sophia Vivienne Kottmayer, 2020-04-14 This volume was first published by Inter Disciplinary Press in 2011 Magic and the Supernatural have become de rigueur in popular culture to an extent that it is well nigh inconceivable to imagine our quotidian lives without them It is most probably the notion of danger and prohibition that incites our curiosity for these conceptions they can be used for the Good but out of control they trigger Evil Oftentimes it is claimed that something is only

magical until it can be explained in rational terms and that therefore we remain in a state of childish ignorance if believing in it. We are made to think that it is more conducive to focus on what happens in the here and now than to worry about the afterlife. From a perfectly logical point of view though this must be a misconception for there is no such thing as purity. Consequently rationality cannot exist by itself. And after all do stark facts not mar the pleasure of the marvellous. This collection of academic papers seeks to analyse how over centuries mankind has cast supernatural experiences into narrative into archetypal stories which account for a specific culture's heritage all the while trying to conserve the marvel emerging from the inexplicable.

Women's Artistic Dissent Brenda A. Flanagan, Hana Waisserová, 2023-12-15 To survive Totalitarianism and retain their humanity Czech women writers went underground to write, paint, sculpt and create supportive communities. This book explores fiction, poetry and life sustaining activities of Eva Vankmajerová, Mother of Czech Surrealism and Eda Krisevíc, journalist, fiction writer, essayist and activist who served in President Václav Havel's first Cabinet among other Czech women who wrote and engaged in dissent during the years when Czechoslovakia ached under Soviet rule. *Women's Artistic Dissent: Repelling Totalitarianism in pre-1989 Czechoslovakia* highlights and unearths the work of women that is often undervalued and unacknowledged. Flanagan and Waisserová carefully detail the variety of ways in which women resisted through literature and ecological activities, shedding new light on the ways in which individuals and communities can retain their humanity even as they resist and repel dictatorial regimes in their countries.

The Art of Czech Animation Adam Whybray, 2020-06-25 *The Art of Czech Animation* is the first comprehensive English language account of Czech animation from the 1920s to the present, covering both 2D animation forms and CGI with a focus upon the stop motion films of Jirí Trnka, Hermína Týrlová, Jan Vankmajer and Jirí Barta. Stop motion is a highly embodied form of animation and *The Art of Czech Animation* develops a new materialist approach to studying these films. Instead of imposing top-down Film Theory onto its case studies, the book's analysis is built up from close readings of the films themselves, with particular attention given to their non-human objects. In a time of environmental crisis, the unique way Czech animated films use allegory to de-centre the human world and give a voice to non-human aspects of the natural world points us towards a means by which culture can increase ecological awareness in viewers. Such a refutation of a human-centred view of the world was contrary to communist orthodoxy and it remains so under late stage consumer capitalism. As such, these films do not only offer beautiful examples of allegory but stand as models of political dissent. *The Art of Czech Animation* is a unique endeavour of film philosophy to provide a materialist appraisal of a heretofore neglected strand of Central Eastern European cinema.

Art and Magic in the Court of the Stuarts Vaughan Hart, 2002-03-11 Spanning from the inauguration of James I in 1603 to the execution of Charles I in 1649, the Stuart court saw the emergence of a full expression of Renaissance culture in Britain. Hart examines the influence of magic on Renaissance art and how in its role as an element of royal propaganda, art was used to represent the power of the monarch and reflect his apparent command over the hidden forces of nature. Court artists sought to represent

magic as an expression of the Stuart Kings divine right and later of their policy of Absolutism through masques sermons heraldry gardens architecture and processions As such magic of the kind enshrined in Neoplatonic philosophy and the court art which expressed its cosmology played their part in the complex causes of the Civil War and the destruction of the Stuart image which followed in its wake

H. G. Adler Peter Filkins, 2019-02-12 The biography of H G Adler 1910-88 is the story of a survivor of Theresienstadt Auschwitz and two other concentration camps who not only lived through the greatest cataclysm of the 20th century but someone who also devoted his literary and scholarly career to telling the story of those who perished in over two dozen books of fiction poetry history sociology and religion And yet for much of his life he remained almost entirely unknown A writer's writer a scholar of seminal pioneering works on the Holocaust a renowned radio essayist in postwar Germany a last representative of the Prague Circle of literature headed by Kafka a key contributor to the prosecution in the trial of Adolf Eichmann Adler was a man of his time whose times lived through him His is the story of many others but also one that is singularly his own And at its heart lies a profound story of love and perseverance amid the loss of his first wife Gertrud Klepeter who accompanied her mother to the gas chamber in Auschwitz and the courtship and extended correspondence with Bettina Gross a Prague artist who escaped to Britain only to later learn that her mother had also been in Theresienstadt with Adler before her eventual death in Auschwitz His delivery of a lecture in Theresienstadt commemorating Kafka's sixtieth birthday and with Kafka's favorite sister present the nurturing of a younger generation of artists and intellectuals including the Israeli artist Jehuda Bacon and the Serbian novelist Ivan Ivanji the preservation of Viktor Ullmann's compositions and his opera The Emperor of Atlantis only to see them premiered decades later to world acclaim and the penury of postwar life while churning out the novels poetry and scholarship that would make his reputation all of these are part of a life survived in the moment but dedicated to the future and that of a man committed to helping human dignity survive in his time and that to come

City of Dark Magic Magnus Flyte, 2012-11-27 Cosmically fast paced wildly imaginative and with City of Lost Dreams the bewitching sequel on shelves now City of Dark Magic is the perfect potion of magic and suspense Once a city of enormous wealth and culture Prague was home to emperors alchemists astronomers and as it's whispered hell portals When music student Sarah Weston lands a summer job at Prague Castle cataloging Beethoven's manuscripts she has no idea how dangerous her life is about to become Prague is a threshold Sarah is warned and it is steeped in blood Soon after Sarah arrives strange things begin to happen She learns that her mentor who was working at the castle may not have committed suicide after all Could his cryptic notes be warnings As Sarah parses his clues about Beethoven's Immortal Beloved she manages to get arrested to have tantric sex in a public fountain and to discover a time warping drug She also catches the attention of a four hundred year old dwarf the handsome Prince Max and a powerful U S senator with secrets she will do anything to hide And the story continues in City of Lost Dreams the mesmerizing sequel which finds Sarah in the heart of Vienna embroiled in a new web of mystical secrets and treacherous lies

Fine Incisions Eric Ormsby, 2014-05-14 A poem I thought is a physical object as tactile as a statue I began to consider poems in textual terms there were shaggy surfaces knobbly ones mere veneers as sleek as glassine but my favourites were those in which a complex and tensile music prevailed Eric Ormsby that gracious intelligent and occasionally fractious poet has produced another vigorous collection of essays to shake North American literary criticism from its lethargy Opinionated and hilarious Ormsby indulges his wide ranging interests and discusses writers from Bob Dylan to S D Goitein La Fontaine to Leo Tolstoy Fine Incisions also draws connections between Ormsby's literary criticism and his travel writing as his essay Shadow Language notes the music of another language can seep pleasurably into a writer's work and as Ormsby also notes the lack of such linguistic overlap cheapens much of contemporary poetry Although the topics vary widely Ormsby's viewpoint remains sharp and uncompromising and his familiarity with North American British and Arabic literary cultures informs each essay and leads to new and provocative reflection Most of all each essay is an expression of Ormsby's own romance with language and his devotion is clear in his adamant insistence on all writers very best
