Brown, 2019-01-08 Music can either Connect You to God or Drive You to the Devil God created the human race to enjoy music and to make music and through music the world has been dramatically changed for good and for evil In this fascinating book Michael L. Brown takes the reader on a journey through the history of music from classical to rock and from hip hop to gospel showing just how transformative music has been and how much God wants to use it to change the world again Brown contends that it is time for all Christians to make a concerted effort to recover the potential of anointed music and song in our assemblies and in society in our services and on the streets in studios and in schools The counterculture revolution of the 1960s only succeeded with the help of satanically inspired music and mind altering drugs Could it be that today s Jesus revolution can only succeed with the help of Spirit inspired music and a life altering encounter with God What else will produce the necessary change in our perspective After reading this book believers will never again listen to music the same They will finally understand its power and divine origin but more importantly they will know how God wants to use it to usher in a global outpouring that will change the world forever This book will show you how music can either indoctrinate or educate you spark rebellion or patriotism and drive you to the devil or draw you closer to God This book will stir up musicians artists and worshippers everywhere to dive deeper into an appreciation and adoration of the One Himself who created sounds songs and melodies BECKAH SHAE Dove Award Nominated Singer Songwriter Musicians and non musicians alike will be inspired by the powerful ways God intends to use music in today s end time drama BOB SORGE Author of Exploring Worship A Practical Guide to Praise and Worship Dr Brown has written a must read for all musicians singers and songwriters who desire to harness the power of music to glorify Jesus change the atmosphere and release heaven s sound on the earth

The End of the Alphabet Isabel Brown,2024-03-19 A rising Gen Z star empowers members of her generation to embrace conservative values and to rise up and fight for the future and those who will come after us Gen Z has the power to change the world As the largest emerging demographic in American history Gen Z is at the center of a cultural shift one that will define the direction of our country for generations to come Intellectually curious culturally courageous and unafraid to push societal boundaries Gen Z is ready to embrace leadership as the most educated generation in history These young and often underestimated Americans are here to fight for a better future and we won't wait for permission to lead Rising content creator Isabel Brown is smart driven and passionate a strong champion for truth in America She fervently believes that Gen Z has the power the potential and the opportunity to define the cultural direction of America *The End of the Alphabet* is a rallying cry for Gen Z to embrace traditional values in a new age way and step up to make our voices heard Although taking an active role in culture and politics is nothing new for young people today's youth face overwhelming push back from older demographics Looked down on by those who came before us as too young too naive and too unique to impact our society Gen Zers are instead told to sit down and shut up until they have earned enough life experience to lead This view of Gen Z is crippling and deeply ignorant of the cultural shifts we have and will experience in the coming decades as Gen Z begins to step into positions of power and leadership So who is Gen Z What does the future of our nation and conservatism look like with Gen Z at the helm Read this book to find out
