**The Quest for the Inner Human** Steven H. Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that weve all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves

Christian Worldview and the Academic Disciplines Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the difference s that a Christian worldview makes for the disciplines or subject areas normally tauht in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to

each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful Downey and Porter present a unique contribution to the perennial question of how faith interacts with the academic disciplines Numerous factors contribute to this book's significance the common conviction that one's Christian beliefs ought to shape the contents of one's teaching the variety of perspectives and opinions and the wide range of academic disciplines under discussion The essays originating among the excellent faculty of Trinity Western University will deservedly be much used in undergraduate colleges and universities Hans Borsma J I Packer Professor of Theology Regent College Few faculty Christian or otherwise understand what their colleagues in other departments are doing or why This collection of essays is not only an excellent introduction to the whole scope of academic enterprises but to the unique and important relationship between each discipline and the Christian faith An important book not only for the entire range of faculty but for students yearning to understand both their Christian faith and what is being taught in the classroom James W Sirf author of the Universe Next Door and with co author Carl Peraino Deepest Differences A Christian Atheist Dialogue Christian Worldview and the Academic Disciplines is a book long overdue It will serve as an outstanding textbook for interdisciplinary courses But this book is more than that Christian Worldview and the Academic Disciplines is a book that everyone concerned with Christian thought especially in the context of the Academy will want to read I highly recommend it Craig A Evans Payment Distinguished Professor of New Testament Acadia Divinity College Nova Scotia

**Sin and Mental Ailments** Paul Ungar, 2020-03-31 In Romans 7 15 St Paul expressed frustration with something all of us can relate to saying I do not understand what I do For what I want to do I do not do but what I hate I do Despite our best efforts to live our lives as we ought to we repeatedly fall into the trap of not understanding what we do and constantly perpetrating the same missteps we have previously vowed never to take again What is the reason of our deeply ingrained fallibility Christians do what they hate either because they consciously deliberately and sinfully transgress Jesus commands or because they are experiencing unintended and often unconscious symptoms of mental ailments The interconnectedness of sinful and psychologically disordered behaviors is undeniable Malignant selfishness which we recognize as sin is often linked to narcissistic character features Repeated belligerent acting out may be rooted in a paranoid mindset Emotional cruelty may be not freely chosen but tied to antisocial personality traits sinning against the sixth commandment can be driven by the illness of pedophilia The reverse is also true most mentally disordered behaviors involve some form of intentional and sinful violation of Jesus command Though the boundary between sin and sickness may appear fuzzy at times a thorough understanding of their interplay is of utmost importance when faced with matters of freedom of choice conscience responsibility and most of all pastoral care This comprehensive handbook on pastoral care successfully integrates the biblical and medical scientific perspectives on human anthropology mental illness and sin It expounds on the signs of all major mental ailments and provides recommendations for their pastoral and medical treatment Problems from psychoses to mood disorders suicide to sexual disturbances anxiety to addictive behaviors and ailments in between are explained Readers will find new insights on the ways in which various personality disorders interfere with spiritual functioning Developmental stages in life are also discussed together with the spiritual challenges they pose and the pastoral answers they call for This work does not shy away from controversial topics such as post abortion syndrome euthanasia gender ideology or the psychological aspects of atheism Soundly faith based yet well grounded in contemporary psychiatric knowledge this handbook captures a lifetime of learning and healing by practicing psychologist who holds an MD PhD and a graduate theology degree It is an indispensable practical reference for all pastoral workers

**Identity by Dissociation** Hany Longwe, 2013 Though Achewa Providence Industrial Mission APIM is a church that is confined to the Chewa people one of John Chilembwe's students Peter Kalemba a Chewa was instrumental in the founding of PIM and later the organization of APIM in Mangochi Both churches trace their heritage back to Chilembwe a Baptist APIM was instrumental in the beginning of churches in Lilongwe that form the backbone of BACOMA Since APIM has not spread out to include people of other ethnic groups Christianization by means of the people group movement is by no means the perfect answer to the evangelization of a tribe

focused on the individual When this is the case we will be able to appreciate the biblical emphasis on the people of God While he prizes a relationship with individuals God s heart is with a body a fellowship a community Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process Rod Wilson PhD York University is President and Professor of Counselling and Psychology at Regent College in Vancouver B C Canada He is also the author of *Exploring Your Anger and Helping Angry People*      *Worship with Teenagers* Eric L. Mathis,2022-02-15 This book addresses the vital role of public Christian worship in adolescent spiritual formation and shows how important youth ministry and worship ministry are to each other Despite numerous research projects books articles and resources that have been published about teenagers and about worship in recent years the relationship between the two has been addressed only peripherally if not altogether overlooked Drawing on his extensive experience in worship ministry and youth ministry Eric Mathis offers insights into the worship practices of teenagers corrects common misperceptions about worship and critically examines four prominent worship models in current practice Mathis invites youth pastors worship leaders ministerial students and congregations to elevate the voices of young people in the worshiping community and enhance worship for all ages The book includes a foreword by Kenda Creasy Dean      **Subject Guide to Books in Print** ,1991
