Reclaiming Religion From The Church:

Reclaiming Religion from the Church Frank Canatella, 2003-02 The first rule of life is survive And since we are necessarily social we must add the corollary together All oughts derive from this two part rule Most of us understand this intuitively if not explicitly The only issue to be resolved is how inclusive is our togetherness Is it just our tribe our nation the northern hemisphere Or must we include the whole human family These are the moral issues we must answer and they are empirical questions Behavior has consequences We have to ask ourselves Will such and such behaviors promote survival The answer can only come from the experience of the community Present demographics will not allow us to elude the question much longer Church rules can be faulted on a number of counts not the least of which is that God gave us the rules so they can't change even when experience indicates that they should Also the church leaders think the purpose of the rules is to save our souls and so our life here has been seriously neglected in many respects especially for the poor and the underclass because everything is supposed to be made right in the hereafter This I regard as backward It affirms those who oppress the poor Scientists make inferences from empirical data and the results are always subject to revision Church officials make inferences from myths and they are set in stone A good example is the doctrine of Original Sin that is presented as an occult event that causes all our problems and about which we can do nothing The church approved of slavery for the better part of two millennia because it was in place when the church was created and St Augustine justified it as one of the punishments resulting from Original Sin Clearly our problem is ignorance the kind we are born with and the kind we acquire through learning falsely I call this Ignorance II after Gregory Bateson's Learning II learning how to learn Ignorance II is a learning dead end learning how not to learn We very obviously do not always know how to act in our own best interests Our best chance of breaking out of this mold is through sharing the best of our communal experience to discover how to act in our own best interests in the long run This is how to develop a proper morality one we can all live with With a superior organization in place the church is positioned to unite us in the task of developing a proper morality However the church as presently structured can only evolve by backing into the future It claims to already know everything that is necessary to know so it has difficulty learning thus denying its human origin and makeup To change the church requires a spin on history that demonstrates a development and continuity with the past instead of just saying We have been wrong The People of God the true Church show signs of reclaiming religion through various dissident groups These groups do not yet recognize the intimate connection between morality and survival My hope is that this book will guide them toward that recognition

Reclaiming Church J.J. Warren, 2020-02-04 In Reclaiming Church J.J. Warren continues his call to reaffirm the Church be welcoming to all including young people like those he led at Sarah Lawrence College who didn't know God could love them because their churches said God didn't The book addresses three points of importance to young people looking to be part of a church community and a call 1 The identity and nature of God 2 The role of Scripture in discerning God's call 3 The

author's own experience of God church and identity In the final chapter We Are the Church Warren focuses on practical and positive steps for joining voices being heard building bridges and working together for young people to reclaim Church in their lives Key Features Affirms to the LGBTQ community and those who love them that the Church is for all Inspires younger progressive people to stay within the Church and work to renew the call of ministry Explores the Church's beginnings and emphasis on community Calls readers to focus on practical and positive steps to reclaim Church in their lives *Reclaim* Tony Sorci, Russ Johnson, 2021-04-23 The title may be perceived as pridefully suggestive coming across as a definitive fix all resource until you realize that this book is the anti manual for being the liberated people of God in the world In an age of religious moralism and institutional metrics Reclaim seeks to help the global Church retrieve its message of indiscriminate grace and reimagine its ministry within freedom and friendships *Reclaiming Spirit in the Black Faith Tradition* D. Hicks, 2012-10-31 This work attempts to uncover the function of religion for those degraded on the basis of race Accordingly Recalibrating Spirit reveals the role of religion in critical reflection on and active protest against negative assertions about racial identity in general and the abuse of black life in particular Reclaiming the Bible for the Church Carl E. Braaten, Robert W. Jenson, 2016-12-30 Front ranking theologians speak out on the crisis of biblical authority and interpretation in the church focusing in particular on the adequacy of the historical critical method of hermeneutics The essays in this volume address from various perspectives the notorious gap between the historical critical approach to the study of the Bible and the church's liturgical and dogmatic transmission of biblical faith The authors following the central theme suggested by Brevard S Childs's canonical method of biblical interpretation argue that the historical critical method does not suffice of itself apart from faith and the church Reclaiming the Oral Tradition of the African Baptist Church David W. Sparks, 2024-08-07 In a narrative built on groundbreaking research David W Sparks traces the history of African Baptists in North America particularly Nova Scotia in Reclaiming the Oral Tradition of the African Baptist Church His goal is to recapture and reclaim the oral tradition that once shaped the theology and spiritual practices of the African Baptist Church in its earliest days Mr Sparks defines oral as the practices customs beliefs and folkways of a people and community that are passed on by word of mouth over several generations As opposed to a collection of items in a catechism of religious and doctrinal statements oral tradition looks more to the heart and the conversion experience For example to obtain salvation candidates are to withdraw to a quiet place to seek the Lord in prayer and wait to hear from God They're expected to persist until they see the blood of Jesus which is central to salvation in the oral tradition Running throughout the text are various biblical passages historical sources and theological themes that give weight substance and relevance to a once dynamic tradition Mr Sparks makes the argument that the present moral and spiritual state of the African Baptist Church is the direct result of the loss and abandonment of its religious heritage and oral tradition It calls therefore for a return to that tradition a call to a renewed focus on salvation revival restoration and hope **Reclaiming the Church** John B.
