Beyond the Wage-Based Society

Translated by Chris Turner

Reclaiming Work Beyond The Wage Based Society

Grover, Chris, Piggott, Linda

Reclaiming Work Beyond The Wage Based Society:

Reclaiming Work Andre Gorz,1999-11-22 Over the last twenty five years Western societies have been reversing into the future
Reclaiming Work André Gorz,1999 A thesis which argues that societies created by Fordism have been falling apart and have given way to non societal behaviour in which the dominant stratum has grabbed most of the surplus wealth The author suggests a programme to remedy the problem
Beyond the Wage William Monteith,Dora-Olivia Vicol,Philippa Williams,2021-06-22 Recent developments in the organization of work and production have facilitated the decline of wage employment in many regions of the world However the idea of the wage continues to dominate the political imaginations of governments researchers and activists based on the historical experiences of industrial workers in the global North This edited collection revitalises debates on the future of work by challenging the idea of wage employment as the global norm Taking theoretical inspiration from the global South the authors compare lived experiences of ordinary work across taken for granted conceptual and geographical boundaries from Cambodian brick kilns to Catalanian cooperatives Their contributions open up new possibilities for how work identity and security might be woven together differently This volume is an invaluable resource for academics students and readers interested in alternative and emerging forms of work around the world

Undoing Work, Rethinking Community James A. Chamberlain,2018-02-15 This revolutionary book presents a new conception of community and the struggle against capitalism In *Undoing Work Rethinking Community* James A Chamberlain argues that paid work and the civic duty to perform it substantially undermines freedom and justice Chamberlain believes that to seize back our time and transform our society we must abandon the deep seated view that community is constructed by work whether paid or not Chamberlain focuses on the regimes of flexibility and the unconditional basic income arguing that while both offer prospects for greater freedom and justice they also incur the risk of shoring up the work society rather than challenging it To transform the work society he shows that we must also reconfigure the place of paid work in our lives and rethink the meaning of community at a deeper level Throughout he speaks to a broad readership and his focus on freedom and social justice will interest scholars and activists alike Chamberlain offers a range of strategies that will allow us to uncouple our deepest human values from the notion that worth is generated only through labor
Disabled People, Work and Welfare Grover, Chris,Piggott, Linda,2015-07 This is the first book to challenge the idea that paid work should be seen as an essential means to independence and self determination for the disabled Writing in the wake of attempts in many countries to increase the employment rates of disabled people the contributors show how such efforts have led to an overall erosion of financial support for the disabled and increasing stigmatization of those who are not able to work Drawing on sociology and philosophy and mounting a powerful case for the rights of the disabled the book will be essential for activists scholars and policy makers
The Struggle Over Work Shaun Wilson,2004-07-31 The future of work in advanced industrial democracies is the subject of intense debate and public concern Despite predictions that working hours would fall

and leisure time would rise as society progressed the opposite has in fact occurred This new book contains a twofold investigation into the end of work with theoretical and policy angles contributing to the growing research field on the boundaries of economics and sociology Identity in the Age of the New Economy Torben Elgaard Jensen, Ann Westenholtz, 2004-01-01 Exploring the nexus between identity and the organization of work life this wide ranging multi disciplinary book will be of great interest to both academics and practitioners in the fields of human resource management industrial relations and psychology It will also appeal to those with an interest in organization theory BOOK JACKET

Consumer Society Barry Smart, 2010-03-15 What factors are contributing to the continuing growth in consumption of goods and services At what point do the costs associated with consumerism begin to call our way of life into question How are the problems of resource depletion waste and pollution and environmental impact being addressed What is to be done about the consequences of our all consuming way of life Ever increasing consumption and a relentless pursuit of growth in output are the twin pillars on which the modern economy and contemporary social life rest But the consumer way of life is globally unsustainable We can't all live the consumer dream This comprehensive lively and informative book will quickly be recognized as a benchmark in the field It brings together a huge set of resources for thinking about the development of consumer culture its defining features and global consequences Adept in handling a complex range of classical and contemporary theoretical sources the book draws on an impressive range of comparative material and provides a variety of contemporary examples to inform and enhance understanding of our consuming way of life Smart writes with verve and feeling and has produced a stimulating book that enlarges our understanding of consumer culture and provides a timely critical analysis of its consequences Clear engaging and original this book will be essential reading for all those interested in and concerned about our global culture of consumption including researchers and students in sociology politics cultural studies economics and social geography The Sociology of Work Stephen Edgell, 2011-12-30 A highly readable and approachable account of the sociology of work a first rate introductory text that is sure to become essential reading for students teachers and researchers Jason Hughes Brunel University An excellent text Its comparative and historical sweep is particularly welcome and the analysis provided is thoughtful and well grounded John Eldridge University of Glasgow An invaluable and up to date text for students and researchers Detailed and wide ranging in its scope it is an excellent source of materials combined with a thought provoking and challenging set of arguments Huw Beynon Cardiff University Stephen Edgell's book charts the rise of work and explores all aspects of work including paid and unpaid standard and non standard and unemployment New material has been incorporated covering the theories and practices of globalization interactive service work economic crisis technological and organizational change and trade unions Drawing on classic and contemporary theorists the book Covers key issues regarding paid industrial and service sector work alienation skill post industrial society network enterprises flexibility Fordism neo Fordism post Fordism McDonaldization emotional labour destandardization and

the social impact of unemployment Discusses key issues regarding non paid work domestic work as work the impact of technology symmetrical family thesis the impact of feminism and globalization Provides student friendly pedagogy suggestions for further reading questions for discussion and assessment an extensive glossary and links to key websites and downloadable articles This latest edition will be welcomed by lecturers and students wanting an authoritative guide to the sociology of work

Uberworked and Underpaid Trebor Scholz, 2017-05-23 This book is about the rise of digital labor Companies like Uber and Amazon Mechanical Turk promise autonomy choice and flexibility One of network culture s toughest critics Trebor Scholz chronicles the work of workers in the sharing economy and the free labor on sites like Facebook to take these myths apart In this rich accessible and provocative book Scholz exposes the uncaring reality of contingent digital work which is thriving at the expense of employment and worker rights The book is meant to inspire readers to join the growing number of worker owned platform cooperatives rethink unions and build a better future of work A call to action loud and clear Uberworked and Underpaid shows that it is time to stop wage theft and crowd fleecing rethink wealth distribution and address the urgent question of how digital labor should be regulated and how workers from Berlin Barcelona Seattle and S o Paulo can act in solidarity to defend their rights
