Years' Recollections of an Irish Police Magistrate Frank Thorpe Porter, 1880 The Documentary Imagination in Twentieth-Century French Literature Alison James, 2020-09-03 The Documentary Imagination in Twentieth Century French Literature identifies a documentary impulse in French literature that emerges at the end of the nineteenth century and culminates in a proliferation of factual writings in the twenty first Focusing on the period bookended by these two moments it highlights the enduring concern with factual reference in texts that engage either with current events or the historical archive Specifically it considers a set of ideas and practices centered on the conceptualization and use of documents In doing so it contests the widespread narrative that twentieth century French literature abandons the realist enterprise and argues that writers instead renegotiate the realist legacy outside or at the margins of the fictional space of the novel Analyzing

works by authors including Gide Breton Aragon Yourcenar Duras and Modiano the book defines a specific documentary mode of literary representation that records assembles and investigates material traces of reality The document is a textual visual or material piece of evidence repurposed through its visual insertion textual transcription or description within a literary work It is a fact but it also becomes a figure standing for literature's confrontation with the real The documentary imagination involves a fantasy of direct access to a reality that speaks for itself At the same time it gives rise to concrete textual practices that open up new directions for literature by interrogating the construction and interpretation of facts

Juries and the Transformation of Criminal Justice in France in the Nineteenth and Twentieth Centuries James M. Donovan, 2010-02-01 James Donovan takes a comprehensive approach to the history of the jury in modern France by investigating the legal political sociocultural and intellectual aspects of jury trial from the Revolution through the twentieth century He demonstrates that these juries through their decisions helped shape reform of the nation's criminal justice system From their introduction in 1791 as an expression of the sovereignty of the people through the early 1900s argues Donovan juries often acted against the wishes of the political and judicial authorities despite repeated governmental attempts to manipulate their composition High acquittal rates for both political and nonpolitical crimes were in part due to juror resistance to the harsh and rigid punishments imposed by the Napoleonic Penal Code Donovan explains In response legislators gradually enacted laws to lower penalties for certain crimes and to give jurors legal means to offer nuanced verdicts and to ameliorate punishments Faced with persistently high acquittal rates however governments eventually took powers away from juries by withdrawing many cases from their purview and ultimately destroying the panels independence in 1941

Judge Not André Gide,2003 Andre Gide s lifelong fascination with the conventions of society led naturally to a strong interest in France s judicial system At the age of sixty Gide published Judge Not a collection of writings detailing his own experiences with the law as well as his thoughts on truth justice and judgment Gide s obsession with crime and punishment was not just a morbid hobby rather it struck at the heart of his themes as a writer In the literary tradition of Dostoyevsky and Conrad Gide frequently used criminals as central characters to explore human nature and the individual s place in society In the first essay in Judge Not A Memoir of the Assize Court Gide writes about his experience as a juror in several trials including that of an arsonist Gide actively sought jury duty so great was his interest in legal matters In The Redureau Case and The Confined Woman of Poitiers Gide analyzes two famous crimes of his day an inexplicable slaughter by Marcel Redureau a docile fifteen year old vineyard laborer who violently murdered his employer s family and the respected Monnier family s confinement of their daughter Blanche Both cases fascinated Gide elements of each would appear in his later fiction and he looks closely at the facts of each as they came out in court In addition in News Items Gide analyzes the way newspapers present crime narratives drawing from the hundreds of press clippings he collected throughout his life Andr Gide 1869 1951 wrote The Counterfeiters several brief works of fiction including Strait Is the Gate and The Immoralist a number of plays and several works of literary criticism He won the Nobel Prize for literature in 1947 and in 1950 was made an honorary corresponding member of the American Academy of Arts and Letters Benjamin Ivry has translated from the French Vanished Splendors The Memoirs of Balthus Raoul Dufy s My Doctor Wine and Jules Verne s Magellania among other books He is the author of the poetry collection Paradise for the Portuguese Queen as well as the biographies Francis Poulenc Arthur Rimbaud and Maurice Ravel A Life *Reminiscences of a K. C.* Thomas Edward Crispe,1910 Some Recollections of a Western Ranchman; New Mexico, 1883-1899 William French,1927 *Encyclopedia of the Essay* Tracy Chevalier,2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies **Judge and Punish** Geoffroy de Lagasnerie,2018-05-22 What remains anti

democratic in our criminal justice systems and where does it come from Geoffroy de Lagasnerie spent years sitting in on trials watching as individuals were judged and sentenced for armed robbery assault rape and murder His experience led to this original reflection on the penal state power and violence that identifies a paradox in the way justice is exercised in liberal democracies In order to pronounce a judgment a trial must construct an individualizing story of actors and their acts but in order to punish each act between individuals must be transformed into an aggression against society as a whole against the state itself The law is often presented as the reign of reason over passion Instead it leads to trauma dispossession and violence Only by overturning our inherited legal fictions can we envision forms of truer justice Combining narratives of real trials with theoretical analysis Judge and Punish shows that juridical institutions are not merely a response to crime The state claims to guarantee our security yet from our birth we also belong to it The criminal trial a magnifying mirror reveals our true condition as political subjects
