Reconstructing The American Welfare State Pragmatic Responses To The Welfare Crisis:

Reconstructing the American Welfare State David Stoesz, Howard Karger, 1992 the book makes clear that there is a consensus on the need for and desire for change PUBLIC ADMINISTRATION REVIEW What's Left of the Left James E. Cronin, George W. Ross, James Shoch, 2011-08-24 Considers how centre left political parties have fared since the 1970s and the daunting but by no means insurmountable challenges faced by them **Whitaker's Books in Print**, 1998 **Subject Guide to Books in Print**, 1993 Beyond Neoliberalism James Petras, Henry Veltmeyer, 2016-04-15 The world is at the crossroads of social change in the vortex of forces that are bringing about a different world a post neoliberal state This groundbreaking book lays out an analysis of the dynamics and contradictions of capitalism in the twenty first century These dynamics of forces are traced out in developments across the world in the Arab Spring of North Africa and the Middle East in Cuba and elsewhere in Latin America in the United States and in Asia The forces released by a system in crisis can be mobilized in different ways and directions The focus of the book is on the strategic responses to the systemic crisis As the authors tell it these dynamics concern three worldviews and strategic responses The Davos Consensus focuses on the virtues of the free market and deregulated capitalism as it represents the interests of the global ruling class The post Washington Consensus concerns the need to give capital a human face and establish a more inclusive form of development and global governance In addition to these two visions of the future and projects the authors identify an emerging radical consensus on the need to move beyond capitalism as well as neoliberalism Abstracts of Public Administration, Development, and Environment, 1993 *Corporate Capitalism and the Integral State* Stephen Maher, 2022-03-28 This book advances an original conception of the relationship between state and corporate power in the United States Using what he terms an Institutional Marxist framework Maher argues that far from passively responding to interest group pressures the state has been a key agent in politically mobilizing business and has played an active role in the organization of lobbying groups Such business associations do not merely express the pre existing interests of their corporate members but are also mechanisms through which the state organizes the political power of the capitalist class They form part of what the author refers to as an integral state a wider network of state power which traverses and interpenetrates the state bureaucracy the legislature the industrial policy apparatus and corporate governance Based on extensive archival research this book tracks the role of the General Electric Company as a pillar of the integral state in the United States from the finance capital period 1880 to 1930 through the managerial period 1930 1979 to the restructuring leading up to the age of neoliberalism 1979 present

Answers to the Labour Question Gary Mucciaroni, 2024-01-31 Since the mid nineteenth century public officials reformers journalists and other elites have referred to the labour question The labour question was rooted in the system of wage labour that spread throughout much of Europe and its colonies and produced contending classes as industrialization unfolded *Answers to the Labour Question* explores how the liberal state responded to workers demands that employers recognize
