Constructing and Reconstructing Gender Linda A. M. Perry, Lynn H. Turner, Helen M. Sterk, 1992-07-01 Constructing and Reconstructing Gender is an excellent compendium of current research and will be appealing and useful to those interested in gender issues in a wide variety of disciplines This book cuts across disciplines and scholarly methods drawing from many backgrounds including Communication Linguistics English Business Law and Psychology The interweaving of rhetorical critical phenomenological and statistical methods gives readers a multifaceted analysis of gender At the same time that this book shows the value of gender research in provoking new currents of thought it also brings into focus two aspects of gender that are often confused how gender operates as a cultural category that affects communication behavior and how communication and language function to create gender categories

Between Systems and Violence Julio Montanez, Amy Donley, Amy Reckdenwald, 2022-02-27 Between Systems and Violence offers a compilation and analysis of state level statutes targeting intimate partner violence IPV in immigrant and or refugee IMR lives The book analyzes such statutes legal language via various theoretical lenses as well as provides a discussion of implications for research prevention intervention and public policy Some IMR victim survivors of IPV such as those who are undocumented may be pinned between systems and violence as violent partners use the immigration system as a mechanism of power and control While protections are available for these victim survivors the story told about the encompassing legal landscape remains incomplete and relegated to federal law Graduate students as well as scholars and practitioners will acquire an in depth understanding of this important nexus

Pimpin' Ain't Easy Beretta E. Smith-Shomade, 2012-08-21 Launched in 1980 cable network Black Entertainment Television BET has helped make blackness visible and profitable at levels never seen prior in the TV industry In 2000 BET was sold by founder Robert L Johnson a former cable lobbyist to media giant Viacom for 2 33 billion dollars This book explores the legacy of BET what the network has provided to the larger US television economy and more specifically to its target African American demographic The book examines whether the company has fulfilled its stated goals and implied obligation to African American communities Has it changed the way African Americans see themselves and the way others see them Does the financial success of the network secured in large part via the proliferation of images deemed offensive and problematic by many black communities come at the expense of its African American audience This book fills a major gap in black television scholarship and should find a sizeable audience in both media studies and African American studies
