Barker, 2015-11-11 In this bold study of cinematic depictions of violence in the south Deborah E Barker explores the ongoing legacy of the southern rape complex in American film Taking as her starting point D W Griffith s infamous *Birth of a Nation* Barker demonstrates how the tropes and imagery of the southern rape complex continue to assert themselves across a multitude of genres time periods and stylistic modes Drawing from Gilles Deleuze s work on cinema Barker examines plot dialogue and camera technique as she considers several films *The Story of Temple Drake* 1933 *Sanctuary* 1958 *Touch of Evil* 1958 *To Kill a Mockingbird* 1962 and *Cape Fear* 1962 Placing this body of analysis in the context of the historical periods when these films appeared and the literary sources on which they are based Barker reveals the protean power of cinematic racialized violence amid the shifting cultural and political landscapes of the South and the nation as a whole By focusing on familiar literary and cinematic texts each produced or set during moments of national crisis such as the Great Depression or the civil rights movement Barker s *Reconstructing Violence* offers fresh insights into the anxiety that has underpinned sexual and racial violence in cinematic representations of the South

Information Theoretic Security Serge Fehr, 2011-05-10 This book constitutes the refereed proceedings of the 5th International Conference on Information Theoretic Security held in Amsterdam The Netherlands in May 2011 The 12 revised full papers presented together with 7 invited lectures were carefully reviewed and selected from 27 submissions Understanding the minimal requirements for information theoretic security is a central part of this line of research Very attractive is the mathematical neatness of the field and its rich connections to other areas of mathematics like probability and information theory algebra combinatorics coding theory and quantum information processing just to mention the most prominent ones Reconstructing Reconstruction Pamela Brandwein, 1999 Looks at the contest to construct history focusing on competing versions of Reconstruction history supported by different factions after the Civil War The author analyzes how the ultimately dominant version of the history won credence and how that in Ben Tillman and the Reconstruction of White Supremacy Stephen Kantrowitz, 2015-01-01 Through the life of Benjamin Ryan Tillman 1847 1918 South Carolina s self styled agrarian rebel this book traces the history of white male supremacy and its discontents from the era of plantation slavery to the age of Jim Crow As an anti Reconstruction guerrilla Democratic activist South Carolina governor and U S senator Tillman offered a vision of reform that was proudly white supremacist In the name of white male militance productivity and solidarity he justified lynching and disfranchised most of his state s black voters His arguments and accomplishments rested on the premise that only productive and virtuous white men should govern and that federal power could never be trusted Over the course of his career Tillman faced down opponents ranging from agrarian radicals to aristocratic conservatives from woman suffragists to black Republicans His vision and his voice shaped the understandings of millions and helped create the violent repressive world of the Jim Crow South Friend and foe alike and generations of historians interpreted Tillman s physical and rhetorical violence in defense of white supremacy as a matter of racial and gender instinct This book instead reveals that Tillman s white supremacy was a political program and social argument whose legacies continue to shape American life **Freedom Rights** Danielle McGuire, 2011-11-01 In his seminal article Freedom Then Freedom Now renowned civil rights historian Steven F Lawson described his vision for the future study of the civil rights movement Lawson called for a deeper examination of the social economic and political factors that influenced the movement s development and growth He urged his fellow scholars to connect the local with the national the political with the

social and to investigate the ideological origins of the civil rights movement its internal dynamics the role of women and the significance of gender and sexuality In *Freedom Rights New Perspectives on the Civil Rights Movement* editors Danielle L McGuire and John Dittmer follow Lawson s example bringing together the best new scholarship on the modern civil rights movement The work expands our understanding of the movement by engaging issues of local and national politics gender and race relations family community and sexuality The volume addresses cultural legal and social developments and also investigates the roots of the movement Each essay highlights important moments in the history of the struggle from the impact of the Young Women s Christian Association on integration to the use of the arts as a form of activism *Freedom Rights* not only answers Lawson s call for a more dynamic interactive history of the civil rights movement but it also helps redefine the field

The Retreats of Reconstruction David E. Goldberg, 2016-11-01 Beginning in the 1880s the economic realities and class dynamics of popular northern resort towns unsettled prevailing assumptions about political economy and threatened segregationist practices Exploiting early class divisions black working class activists staged a series of successful protests that helped make northern leisure spaces a critical battleground in a larger debate about racial equality While some scholars emphasize the triumph of black consumer activism with defeating segregation Goldberg argues that the various consumer ideologies that first surfaced in northern leisure spaces during the Reconstruction era contained desegregation efforts and prolonged Jim Crow Combining intellectual social and cultural history *The Retreats of Reconstruction* examines how these decisions helped popularize the doctrine of separate but equal and explains why the politics of consumption is critical to understanding the long civil rights movement
