Reconstruction in Philosophy John Dewey, 1968 *Reconstruction in Philosophy (Classic Reprint)* John Dewey, 2018-01-03 Excerpt from *Reconstruction in Philosophy* Being invited to lecture at the Imperial University of Japan in Tokyo during February and March of the present year I attempted an interpretation of the reconstruction of ideas and ways of thought now going on in philosophy While the lectures cannot avoid revealing the marks of the particular standpoint of their author the aim is to exhibit the general contrasts between older and newer types of philosophic problems rather than to make a partisan plea in behalf of any one specific solution of these problems I have tried for the most part to set forth the forces which make intellectual reconstruction inevitable and to prefigure some of the lines upon which it must proceed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged
