Government of the Shadows Eric Wilson,2009-01-20 This book uncovers the activities of clandestine governments It explores how covert political activity and transnational organised crime are linked and how they ultimately work to the advantage of state and corporate power Using a variety of case studies from the mafia in Italy to programmes for food and reconstruction in Iraq the authors illustrate that parapolitical structures are not deviant but central to the operation of global governments The creation of this parallel world economy the source of huge political and economic potential entices states to undertake new forms of regulation either through their own intelligence agencies or through the more shadowy world of criminal cartels

Bowker's Complete Video Directory ,2000 9/11 and American Empire, Volume 1 David Ray Griffin,Peter Dale Scott,Kevin Barrett,John B. Cobb,Sandra B. Lubarsky,2007 Were the military and the FAA really that incompetent Were our intelligence gathering agencies really in the dark about 9 11 How could so much go wrong at once in the world s strongest and most technologically sophisticated country Both the government and the mainstream media have tried to portray the 9 11 truth movement as led by people who can be dismissed as conspiracy theorists This volume shows this caricature to be untrue Coming from different academic disciplines as well as from different parts of the world the authors are united In the conviction that the official story about 9 11 is a huge deception manufactured to extend Imperial control at home and abroad
