Red Queen The Authorized Biography Of Barbara Castle:

Red Queen Anne Perkins, 2003 Until the arrival on the political stage of Lady Thatcher Castle was the most vivid the most successful and the most controversial woman in British politics A Labour activist from her childhood she became active in party politics in her early twenties whilst at the same time breaking into political journalism Thirty years later she was the unexpected success of Harold Wilson's first administration rising from a junior position to the inner cabinet in less than five years But her radicalism her flamboyant style and ultimately perhaps her gender caught up with her and she was frozen out Since her death at the age of ninety one she has been rightly regarded as a woman who could have achieved even greater power had the boys club cabal running the Labour Party not prevented her from doing so *Labour Women in Power* Paula Bartley, 2019-05-09 This book examines the political lives and contributions of Margaret Bondfield Ellen Wilkinson Barbara Castle Judith Hart and Shirley Williams the only five women to achieve Cabinet rank in a Labour Government from the party's creation until Blair became Prime Minister Paula Bartley brings together newly discovered archival material and published work to provide a survey of these women all of whom managed to make a mark out of all proportion to their numbers Charting their ideas characters and formative influences Bartley provides an account of their rise to power analysing their contribution to policy making and assessing their significance and reputation She shows that these women were not a homogeneous group but came from diverse family backgrounds entered politics in their own discrete way and rose to power at different times Some were more successful than others but despite their diversity these women shared one thing in common they all functioned in a male world *Britain's International Development Policies* B. Ireton, 2013-09-12 History of Britain's official international development efforts beginning with its colonial era and then following the establishment of a new Ministry created by Prime Minister the Rt Honourable Harold Wilson **Unequal Britain** Pat Thane, 2010-02-19 This book probes what equality is and this means for both those at the centre and on the margins of British society **New Labour, Old Labour** Anthony Seldon, Kevin Hickson, 2004 This book written by a distinguished selection of academics and commentators provides the most detailed comparison yet of old and new Labour in power I **New Labour, Old Labour** Kevin Hickson, Anthony Seldon, 2004-07-31 We are constantly told that New Labour forms an historic departure from the traditions of the Labour Party This book written by a distinguished selection of academics and commentators provides the most detailed comparison yet of old and new Labour in power It is also the first to offer a comprehensive analysis of the last Labour Government before the rise of Thatcher and the re emergence of the Labour Party under Tony Blair's leadership It reveals much about the history of the Labour Party as well as providing a much needed context from which to judge the current government **Disability and the Welfare State in Britain** Jameel Hampton, 2016-07-01 Created during and after the Second World War the British Welfare State seemed to promise welfare for all but in its original form excluded millions of disabled people This book examines attempts in the subsequent three decades to reverse this exclusion It is the first to

contextualise disability historically in the welfare state and under each government of the period It looks at how disability policy and perceptions were slow to change as a welfare issue which is very timely in today s climate of austerity It also provides the first major analysis of the Disablement Income Group one of the most powerful pressure groups in the period and the 1972 Thalidomide campaign and its effect on the Heath government Given the recent emergence of the history of disability in Britain as a major area of research the book will be ideal for academics students and activists seeking a better understanding of the topic *John Horner and the Communist Party* Rosalind Eyben,2024-04-02 John Horner and the Communist Party is a biography of a leading trade unionist and activist who became disillusioned with the Communist Party Known for creating the modern Fire Brigades Union during the Second World War John Horner 1911 1997 resigned from the Communist Party in 1956 Formerly one of the Party s leading members he afterwards refused to speak or write about his communist past Horner s silence left him forgotten but Horner s daughter Rosalind Eyben has remedied this through her engrossing account of how and why John Horner and Pat his wife became communist and the events that led them to resign from the Party She pieces the story together from a wide range of sources including Horner s own lively unpublished memoir of his early years The narrative occasionally diverges from the historian s voice to deliver personal reflections on the author s communist childhood and on what her father told her shortly before his death about his shame and guilt for having so long denied uncomfortable truths about the Party and the Stalinist terror This book is for anyone concerned with the problem of political allegiance personal morality and associated states of denial that were to haunt Horner in later life It will also be of interest to scholars and students researching communism and the Communist Party **New Labour's Pasts** James E. Cronin,2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way or dull sociological accounts this book gets behind the clichés in order to show just what is left of Labour party ideology and what the future may hold New Labour has changed the face of Britain Culture class education health the arts leisure the economy have all seen seismic shifts since the 1997 election that raised Blair to power The Labour that rules has distanced itself from the failed Labour of the 70s and 80s but the core remains Labour remains gripped by its own past unable and unwilling to shed its ties to the old Labour party but determined to avoid the mistakes of which lead to four electoral defeats between 1979 and 1992 Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new millennium **trained and trusted** Philip Green,2022-01-27 For nearly 50 years students at Atlantic College ran inshore rescue services along a treacherous stretch of the South Wales coast As auxiliary coast guards lifeboat volunteers for the RNLI and beach lifeguards these 16 18 year olds from different backgrounds and countries proved competent courageous and determined This is an account of the rescue services from their inception in 1962 based on the stories of the students themselves They are by turns funny grim and hair raising It s a testimony to vision ambition and dedication and to what can

be done when you harness teenagers powerful urge to help humankind Sold in aid of the charity Atlantic Pacific which trains teenagers in every aspect of rescue at sea
