## **Red Ted The Life Of Eg Theodore:**

**"Red Ted"** Ross Fitzgerald, 1994 E G Theodore one of Australia's most enterprising and unusual political figures was Treasurer and Premier of Queensland and later Federal Treasurer and Deputy Prime Minister of Australia in the Scullin Labor government The Life and Soul of the Party Brett Evans, 2001 Out of office and at sea the federal ALP has spent the past five years facing up to the causes of its electoral failure and the lessons for the future But despite the soul searching this work states that it's not clear that Labour has come up with a convincing case for its return to government Work and Strife in Paradise Bradley Bowden, 2009 From Queensland's inception as a self governing colony in December 1859 the issue of labour relations has preoccupied governments and shaped the experiences of its working men and women However despite the often turbulent nature of labour relations in Queensland there has prior to this book been no attempt to provide an overview of the system as a whole This important addition to Queensland's sesquicentenary celebrations redresses this failure looking at the diverse range of experiences that together made up a unique system of labour relations including those of employers women workers indigenous workers unions the Queensland Industrial Relations Commission labour law industrial disputation the workings of health and safety system and life in regional areas It is argued that overall Queensland's system of industrial regulation was central to its economic and social development Despite past emphasis on the large scale strikes that periodically raked the state this book finds that consensus normally prevailed *The People's Champion, Fred Paterson* Ross Fitzgerald, 1997 The first biography of F W Paterson radical barrister and Communist Party MLA for Bowen from 1944 to 1950 when his electorate was gerrymandered out of existence by the ruling Labor Party Detailed index **The Curse of Mungana** David E. Moore, 2016-12-06 The Mungana scandal is not just the story of a failed mining venture and its victims but an expose of the arrogance of powerful politicians who compromised integrity for personal greed Late in the 19th century mining entrepreneurs were eager to profit from over optimistic expectations of another Broken Hill in North Queensland Ventures thrived with private railways linking new mines including the town of Mungana In the wake of 1 000 disappointments of the failed Chillagoe Company the new Labor Government acquired the assets This was the signal for opportunistic operators and politicians to orchestrate secret deals allowing them to enjoy financial benefits at government expense The critical acquisition was Mungana Mines Its largest shareholder was William McCormack future Queensland Premier This culminated in a Royal Commission whose bombshell report exposed key beneficiaries including McCormack and his friend Edward Theodore then Treasurer of Australia In the aftermath of the scandal several myths have arisen These are identified and refuted It is pertinent to ask if ethical standards have really improved over the past 80 years **The Pope's Battalions** Ross Fitzgerald, Adam James Carr, William J. Dealy, 2003 A prophet whose confident prophecies were frequently proved wrong B A Santamaria profoundly affected 20th century Australian political life Although he rarely gave interviews and never held elected office Santamaria became widely known through his regular commentaries in the Australian and in

his magazine News Weekly Building on his battle against Communist influence in the trade unions Santamaria boldly attempted to capture the ALP and transform it into a European style Christian Democrat party The ensuing split was disastrous demoralising the ALP and casting Santamaria out of the Labor fold for all time **Australia in the Global Economy** David Meredith,Barrie Dyster,2000-01-17 This up to date volume considers Australian economic development in light of worldwide political and social developments arguing that the Australian economy is an integral part of the world economy and subject to the same trends across the globe The book also focuses on domestic factors that have shaped the growth of the Australian economy such as the growth of exports the role of foreign capital and the positive contribution of migrants The authors also consider the Gulf Wars the East Asian financial crisis and globalization *Dictionary of World Biography* Barry Jones,2022-11-30 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983 90 Prices and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include Decades of Decision 1860 1965 Joseph II 1968 and Age of Apocalypse 1975 and he edited The Penalty Is Death 1968 revised and expanded 2022 Sleepers Wake Technology and the Future of Work was published by Oxford University Press in 1982 became a bestseller and has been translated into Chinese Japanese Korean Swedish and braille The fourth edition was published in 1995 Knowledge Courage Leadership Insights Reflections a collection of speeches and essays appeared in 2016 He received a DSc in 1988 for his services to science and a DLitt in 1993 for his work on information theory Elected FTSE 1992 FAHA 1993 FAA 1996 and FASSA 2003 he is the only person to have become a Fellow of four of Australia s five learned Academies Awarded an AO in 1993 named as one of Australia s 100 living national treasures in 1997 he was elected a Visiting Fellow Commoner of Trinity College Cambridge in 1999 His autobiography A Thinking Reed was published in 2006 and The Shock of Recognition about music and literature in 2016 In 2014 he received an AC for services as a leading intellectual in Australian public life What Is to Be Done was published by Scribe in 2020 *Business Review Weekly* ,1994 1932 Gerald Stone,2007-11-10 Scandals disasters shocks and crises 1932 could truly be described as one of the most electrifying years in Australian history alive with unforgettable characters and momentous events Looking back it s hard to believe how much happened in that fateful year to become the stuff of enduring national legend the Sydney Harbour Bridge

opened by surprise with the slashing sword of Captain Francis de Groot the birth of the Australian Broadcasting Commission the mysterious death of the beloved race horse Phar Lap the controversial dismissal of NSW Premier Jack Lang and the start of cricket's infamous Bodyline series Those were among the best remembered incidents but there were others from an epic outback rescue of two lost aviators to the most expensive divorce case ever heard that reflected the distinctive flavour of the times Overshadowing all else the Great Depression seemed to single Australians out for special punishment pushing a fragile young society to the brink of disintegration By 1932 the worst of it a third of the population had been reduced to living like refugees in their own land while a lucky few emerged rich as third world rajahs Acclaimed journalist and author Gerald Stone takes us on an exhilarating and fascinating journey through a year that quite literally changed a nation Evocative and brilliantly researched this is a book that turns history into compelling reading at its very best Alas it Seems Cruel Peter Bell, 2013 Peter Bell grew up in Cairns in the 1960s a few years after the town of Mount Mulligan had been abandoned He went to school with members of the dispersed community and he heard stories about the mine disaster that had happened in their grandparent's time

**A Global History of Gold Rushes** Benjamin Mountford, Stephen Tuffnell, 2018-10-16 Nothing set the world in motion like gold Between the discovery of California placer gold in 1848 and the rush to Alaska fifty years later the search for the precious yellow metal accelerated worldwide circulations of people goods capital and technologies A Global History of Gold Rushes brings together historians of the United States Africa Australasia and the Pacific World to tell the rich story of these nineteenth century gold rushes from a global perspective Gold was central to the growth of capitalism it whetted the appetites of empire builders mobilized the integration of global markets and economies profoundly affected the environment and transformed large scale migration patterns Together these essays tell the story of fifty years that changed the world

**Neither Power Nor Glory** Paul Strangio, 2012 When Frank Hardy published *Power Without Glory* his notorious novel about corruption and venality in the Victorian Labor Party it quickly came to be seen as a true account of the party Until now there has been no authoritative chronicle of the struggles of political Labor in Victoria from its origins in the mid nineteenth century through to the calamitous split of the 1950s By conventional measures these were fallow years Ensnared by the colony's powerful liberal protectionist tradition in the late nineteenth century Victorian Labor then found itself hindered by a grossly unfair electoral system and the lack of a constituency outside Melbourne's industrial suburbs But exile from government also meant that the party developed its own distinctive traditions and culture It was a unique and intriguing species among the state Labor parties Meticulously researched and elegantly written *Neither Power Nor Glory* fills an important gap in Australian political history and our understanding of the Labor Party It is also a timely antidote to nostalgia about Labor's past In Victoria at least that past was anything but golden

*McCawley and Trethowan - The Chaos of Politics and the Integrity of Law - Volume 2* Ian Loveland, 2021-07-01 In the second part of this two volume study Ian Loveland delves deeply into the immediate historical and political context of the Trethowan litigation which began in New

South Wales in 1930 and reached the Privy Council two years later The litigation centred on the efforts of a conservatively inclined government to prevent a future Labour administration led by the then radical politician Jack Lang abolishing the upper house of the State's legislature by entrenching the existence of the upper house through the legal device of requiring that its abolition be approved by a state wide referendum The book carefully examines the immediate political and legal routes of the entrenchment device fashioned by the State's Premier Sir Thomas Bavin and his former law student colleague and then Dean of the Sydney University law school Sir John Peden and places the doctrinal arguments advanced in subsequent litigation in the State courts before the High Court and finally in the Privy Council in the multiple contexts of the personal and policy based disputes which pervaded both the State and national political arenas In its final chapter the book draws on insights provided by the detailed study of McCawley in volume one and Trethowan to revisit and re evaluate the respective positions adopted by William Wade and Ivor Jennings as to the capacity of the United Kingdom's Parliament to introduce entrenching legislation which would be upheld by the courts      *My Name Is Ross* Ross Fitzgerald,2010-10 Brutally honest and inspiring this narrative tells the story of a well known writer's life as an alcoholic and his struggle to become and stay sober Beginning with his first drink at the age of 14 this unique account traces the author's relationship with alcohol taking readers on a journey from substance abuse and despair to hope and courage Both heart wrenching and enlightening this chronicle is a strong personal story of triumph over substance abuse that will grip readers from the start

**Money Men** Chris Bowen,2015-08-03 How much do we know about the second most important office in the nation Who was Australia's first treasurer Who resigned because of a relationship breakdown with the PM And who did Frank Hardy base his character Ted Thurgood in Power without Glory on The Money Men is the first in depth look at the twelve most notable and interesting men to have held the office of Treasurer of Australia Former Treasurer Chris Bowen brings a unique insider perspective to the lessons learned from the successes and failures of those who went before him Who does Chris Bowen think has been Australia's most exceptional Treasurer With revealing interviews of the five last treasurers The Money Men dares to answer that question      Fame Games Graeme Turner,Frances Bonner,P. David Marshall,2000-10-12 The areas of publicity public relations and promotions have been considered to be on the periphery of the media Yet this revealing new book demonstrates that they form a fundamental component of the media industries with the decline of hard news being accompanied by the rise of gossip and celebrity In addition to making a substantial contribution to our understanding of the cultural function of celebrity Fame Games outlines how the promotion industry has developed and how celebrity is produced promoted and traded within the Australian media While their analysis will inform academic debates on media practice internationally the authors have taken the unique step of investigating the workings of the Australian promotion industry from within Interviews with over 20 publicists promoters agents managers and magazine editors have provided a wealth of information about the processes through which celebrity in Australia is produced      **The Cosmopolitan Empire** Peter

Gerard Myers,2023-10-13 This book is about conspiracies in high places Conspiracies it covers include the assassination of JFK the attacks of 9 11 the Covid 19 Lockdown Orwell depicted Speech Codes and Thought Police Both have turned out to be correct

*Born with a Copper Spoon* Robrecht Declercq,Duncan Money,Hans Otto Frøland,2022-11-15 Over the past two centuries industrial societies hungry for copper essential for light power and communication have demanded ever increasing quantities of the metal Born with a Copper Spoon examines how the metal has been produced distributed controlled and sold on a global scale However this is not simply a narrative of ever increasing and deepening global connections It is also about periods of deglobalization fragmentation and attempts to sever connections Throughout history copper production has spawned its own practices technologies and a constantly changing political economy Large scale production has affected ecologies states and companies while creating and even destroying local communities dependent on volatile commodity markets Former president of Zambia Kenneth Kaunda once remarked that Zambians were born with a copper spoon in our mouths but few societies managed to profit from copper s abundance From copper cartels and the futures market to the consequences of resource nationalism Born with a Copper Spoon delivers a global perspective on one of the world s most important metals
