Red Scare Racism and Cold War Black Radicalism James Zeigler, 2015-08-14

During the early years of the Cold War racial segregation in the American South became an embarrassing liability to the international reputation of the United States For America to present itself as a model of democracy in contrast to the Soviet Union s totalitarianism Jim Crow needed to end While the discourse of anticommunism added the leverage of national security to the moral claims of the civil rights movement the proliferation of Red Scare

rhetoric also imposed limits on the socioeconomic changes necessary for real equality Describing the ways anticommunism impaired the struggle for civil rights James Zeigler reconstructs how Red Scare rhetoric during the Cold War assisted the black freedom struggle s demands for equal rights but labeled un American calls for reparations To track the power of this volatile discourse Zeigler investigates how radical black artists and intellectuals managed to answer anticommunism with critiques of Cold War culture Stubbornly addressed to an American public schooled in Red Scare hyperbole black radicalism insisted that antiracist politics require a leftist critique of capitalism Zeigler examines publicity campaigns against Dr Martin Luther King Jr s alleged Communist Party loyalties and the import of the Cold War in his oratory He documents a Central Intelligence Agency sponsored anthology of ex Communist testimonials He takes on the protest essays of Richard Wright and C L R James as well as Frank Marshall Davis s leftist journalism The uncanny return of Red Scare invective in reaction to President Obama s election further substantiates anticommunism s lasting rhetorical power as Zeigler discusses conspiracy theories that claim Davis groomed President Obama to become a secret Communist Long after playing a role in the demise of Jim Crow the Cold War Red Scare still contributes to the persistence of racism in America New York Magazine,1989-02-13 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Many Are the Crimes** Ellen Schrecker,1998 Offers an analysis of the McCarthy phenomenon tracing the machinations of anticommunism in creating a culture of fear and suspicion *Red Feminism* Kate Weigand,2002-11-07 Drawing on substantial new research Red Feminism traces the development of a distinctive Communist strain of American feminism from its troubled beginnings in the 1930s through its rapid growth in the Congress of American Women during the early years of the Cold War to its culmination in Communist Party circles of the late 1940s and early 1950s The author argues persuasively that despite the devastating effects of anti Communism and Stalinism on the progressive Left of the 1950s Communist feminists such as Susan B Anthony II Betty Millard and Eleanor Flexner managed to sustain many important elements of their work into the 1960s when a new generation took up their cause and built an effective movement for women s liberation Red Feminism provides a more complex view of the history of the modern women s movement showing how key Communist activists came to understand gender sexism and race as central components of culture economics and politics in American society **Irish Writers and the Thirties** Katrina Goldstone,2020-12-29 This original study focusing on four Irish writers Leslie Daiken Charles Donnelly Ewart Milne and Michael Sayers retrieves a hitherto neglected episode of Thirties literary history which highlights the local and global aspects of Popular Front cultural movements From interwar London to the Spanish Civil War and the USSR the book examines the lives and work of Irish writers through their writings their witness

texts and their political activism The relationships of these writers to George Orwell Samuel Beckett T S Eliot Nancy Cunard William Carlos Williams and other figures of cultural significance within the interwar period sheds new light on the internationalist aspects of a Leftist cultural history The book also explores how Irish literary women on the Left defied marginalization The impetus of the book is not merely to perform an act of literary salvage but to find new ways of re imagining what might be said to constitute Irish literature mid twentieth century and to illustrate how Irish writers played a role in a transforming political moment of the twentieth century It will be of interest to scholars and students of cultural history and literature Irish diaspora studies Jewish studies and the social and literary history of the Thirties **Bread and**
