Red Hand The Ulster Colony:

Red Hand: the Ulster Colony Constantine FitzGibbon, 1971 The unconquerable colony, episodes of Ulster in the 17th century, in prose and verse James Henry D. Cochrane, 1902 The Invention of the White Race, Volume 1 Theodore W. Allen, 2014-04-29 When the first Africans arrived in Virginia in 1619 there were no white people there Nor according to colonial records would there be for another sixty years In this seminal two volume work The Invention of the White Race Theodore W Allen tells the story of how America s ruling classes created the category of the white race as a means of social control Since that early invention white privileges have enforced the myth of racial superiority and that fact has been central to maintaining ruling class domination over ordinary working people of all colors throughout American history Volume I draws lessons from Irish history comparing British rule in Ireland with the white oppression of Native Americans and African Americans Allen details how Irish immigrants fleeing persecution learned to spread racial oppression in their adoptive country as part of white America Since publication in the mid nineties The Invention of the White Race has become indispensable in debates on the origins of racial oppression in America In this updated edition scholar Jeffrey B Perry provides a new introduction a short biography of the author and a study guide **The Invention of the White Race** Theodore W. Allen, 2022-01-11 A comprehensive tour de force analysis of the birth of slavery racism and white supremacy in the American South and how it shaped our modern world A must read for all social justice activists teachers and scholars Roxanne Dunbar Ortiz author of An Indigenous Peoples History of the United States Long heralded as a classic study of the origin of white privilege from the activist who first coined the term Theodore W Allen s work remains an indispensable resource for making sense of our conflicted present a reference point for everyone from Roxanne Dunbar Ortiz and Nell Irvin Painter to Reni Eddo Lodge and Anibal Quijano When the first Africans arrived in Virginia in 1619 there were no white people there Nor according to colonial records would there be for another sixty years In this seminal work available for the first time here in a single volume Allen tells how America s ruling classes created the category of the white race as a means of social control Since that early invention white privileges have enforced the myth of racial superiority a fact central to maintaining rulingclass domination over ordinary working people of all colors throughout the history of the Atlantic world Spanning centuries and nations Allen s analysis takes us from the plantations of Northern Ireland and the mines of Peru to the sugar fields of Brazil and colonies of Chesapeake Bay Virginia His account records lives of hardscrabble immigrant survival Faustian bargains with white supremacy the tragedy of human bondage and the stubborn unbreakable resistance to the global color line **Herod** Conor Cruise O'Brien, 2015-03-19 In Herod Reflections on Political Violence first published in 1978 Conor Cruise O'Brien collects a number of essays alongside three short plays that dramatise political arguments through the infamous figure of the Roman king of Judaea for whom the collection is named A great book In it O'Brien not only denounces IRA terrorism as you would expect from a mainstream politician but in a sense quite different from the

rationalisations offered by ideological apologists for political violence seeks to understand it I mean really understand it not extenuate it by equivocation and non sequitur And his thinking leads him to attack the republican mythology at the heart of the Irish state Few writers have analysed terrorism so acutely or been as effective in undermining its ideological justifications Oliver Kamm from his preface to this edition *Northern Ireland* Rona M. Fields,2020-03-09 The troubles in Ireland are not new They have taken a heavy toll in lives and perhaps more importantly in psychological health This book is not concerned with events in themselves although it includes historical analysis of the conflict in Northern Ireland It does attempt to discover the human effects of long term conflicts such as those occurring in Ireland From testing and interviews with the children women and men of Northern Ireland beginning in 1969 the author has developed a case study of the long term effects of stress on a population She identifies certain social control mechanisms that produce a mixture of chaos and docility in the troubled North and argues that England has established these in order to destroy the identity of the people a process she calls psychological genocide Northern Ireland Society Under Siege applies social psychological theory to a concrete and ongoing situation in a way that is illuminating for the general reader and for the specialist Dr Fields has done what might appear obvious find out the effects of stress on a population by going to that population and observing what their lives are like The remarkable fact is however that until now no one has done so a wide ranging and perceptive book A significant thrust and contribution of this book is Fields discussion of psychological and social control procedures and practices Fields report is a challenge to humanity and an indictment of English patricianism racism and imperialism Alfred McClung Lee Dr Rona Field is a brave and deeply compassionate human being a committed researcher who cannot be intimidated by gunmen English soldiers bigots ferocious politicians or the horrors of confronting human suffering in dreadful forms This valiant woman deserves international praise and recognition for the unflinching study of a tragic society Dennis Clark National Catholic Reporter **The Literature of Terrorism** Edward F. Mickolus,1980-12-29 Product information not available *Contemporary Irish Republican Prison Writing* L. Whalen,2007-11-26 As it traces the textual history of the works of authors like Bobby Sands and Gerry Adams this book analyses Republican resistance to disciplinary structures demonstrating the ways in which prisoners appropriate space through discursive strategies **One Man's Family** Edward Henry Coughran,2015-03-10 This book is the result of my inquiry into how this family and the places they lived influenced each other over 400 years in seven countries on four continents I have been collecting bits and pieces about the family history for as long as I can remember There is a family story true according to my Aunt Lucille who was there that Big Daddy my grandfather received a letter stating that he could by moving to Ireland assume the inheritance of a castle He decided not to stating that his family was American and the subject was closed Nobody now has any idea where the castle was or any of the real circumstances There is also a story probably apocryphal that Andrew and his brother had taken an adventurous trip across the United States when they couldn't steal horses they walked went back to Ireland and then emigrated This is my

attempt to record what I have found out and what I remember about the Coughran family history
