Red Haze Australians And New Zealanders:

New Zealand's Vietnam War Ian McGibbon, 2014-06-18 This landmark publication provides a comprehensive and authoritative account of New Zealand's involvement in the Vietnam War and will remain the standard reference work on the subject for decades. Its publication completes the programme of official war histories that began in 1945. Ian McGibbon's primary focus is what New Zealand did in South Vietnam. He traces in detail the operations carried out by New Zealand forces and seeks to illuminate the experience of New Zealand soldiers fighting in a guerrilla war. The command structure, logistic support and operational context of fighting within a primarily Australian framework are all covered. He addresses controversial aspects such as friendly fire incidents, atrocity allegations and veterans' grievances including over Agent Orange. Maori participation in V Force was substantial and its impact is assessed. Although the book is inevitably weighted towards the military, the efforts of civilians in South Vietnam are also covered in depth. The surgical team operated from 1963 until their evacuation from Qui Nhon just days before North Vietnamese columns entered the city. Not forgotten are the efforts of courageous civilians like Sister Mary Laurence and of Red Cross volunteers to alleviate misery among refugees. The book also describes the dramatic end of New Zealand's involvement in South Vietnam with the surgical team and the New Zealand Embassy evacuated by RNZAF Bristol Freighters just before the communist victory. Finally, McGibbon surveys the war's troubled aftermath culminating in the Prime Minister's apology to veterans in 2008.

Red Mist Patricia Cornwell, 2011-12-06 Scarpetta, an all new Original Series is coming soon to Prime Video. Enter the chilling and captivating world of Dr Kay Scarpetta before Nicole Kidman and Jamie Lee Curtis bring the mystery to life onscreen. The new audience will be compelled by the characters' crimes and mysteries that are the trifecta of Patricia's masterful storytelling and a warning: there WILL be BLOOD. Jamie Lee Curtis: Dr Kay Scarpetta's investigation leads her into a terrifying terrain of conspiracy and potential terrorism on an international scale in this red-hot thriller from #1 New York Times bestselling author Patricia Cornwell. On her quest to find out exactly what happened to her former deputy chief Jack Fielding murdered six months before Dr Kay Scarpetta drives to the Georgia Prison for Women to meet a convicted sex offender and the mother of a vicious and diabolically brilliant killer. Against the advice of her FBI criminal agent husband Benton Wesley, Scarpetta is determined to hear this woman out. The quest is personal but also professional. As the director of the new Cambridge Forensic Center in Cambridge, Massachusetts, and with her connection to the Department of Defense, Scarpetta has urgent reasons to learn more about a string of grisly killings that she feels are somehow linked to Fielding's death. The murder of a Savannah family years earlier, a young woman on death row, and then other explicable deaths that begin to occur at a breathtaking pace: all of these are related, but who is behind them and why? Driven by inner forces, Scarpetta discovers connections that compel her to conclude that what she thought ended with Fielding's death and an attempt on her own life is
