**Red Prelude. A Life of A.I. Zhelyabov. [With a Portrait.].** David John FOOTMAN,1944     Red Prelude. A Life of A.I. Zhelyabov. [With a Portrait.]. David John FOOTMAN,1944     *Red Prelude* David Footman,1945     *Red Prelude* David Footman,1954     **The World That Never Was** Alex Butterworth,2010-06-15 A thrilling history of the rise of anarchism told through the stories of a number of prominent revolutionaries and the agents of the secret police who pursued them In the late nineteenth century nations the world over were mired in economic recession and beset by social unrest their leaders increasingly threatened by acts of terrorism and assassination from anarchist extremists In this riveting history of that tumultuous period Alex Butterworth follows the rise of these revolutionaries from the failed Paris Commune of 1871 to the 1905 Russian Revolution and beyond Through the interwoven stories of several key anarchists and the secret police who tracked and manipulated them Butterworth explores how the anarchists were led to increasingly desperate acts of terrorism and murder Rich in anecdote and with a fascinating array of supporting characters The World That Never Was is a masterly exploration of the strange twists and turns of history taking readers on a journey that spans five continents from the capitals of Europe to a South Pacific penal colony to the heartland of America It tells the story of a generation that saw its utopian dreams crumble into dangerous desperation and offers a revelatory portrait of an era with uncanny echoes of our own

**How Terrorism Ends** Audrey Kurth Cronin,2011-08-28 Annotation This work answers questions concerning the length of time that terrorist campaigns last and when targeting leadership finishes a group It examines a wide range of historical examples to identify the ways in which almost all terrorist groups die out     **Russian Leaders** Alexander Dragomiroff,2002 Russian Leaders A Bibliography With Indexes     Russia and Eastern Europe, 1789-1985 Raymond Pearson,1989

Terrorism: All That Matters Andrew Silke,2014-06-27 DOES TERRORISM WORK Terrorism is surrounded by myths One of the most enduring of these myths and half truths is that terrorism never works that in the end the state will prevail and the terrorists will either be dead or imprisoned or otherwise forced to end their campaign of violence It is true that most terrorist groups are beaten Within twelve months of their first attack most terrorist groups have been crushed Within ten years half of the rest have been beaten However a small proportion roughly one group in twenty endures and incredibly goes on to win the conflict and beat the governments opposing them This book is about these triumphs of terror how and why they happen and what the beaten governments could and should have done differently It is a book about blunders and miscalculations of the danger of underestimating a weak enemy and the hubris of empire It encompasses tales of courage and despair ruthlessness and tragedy brutality and hope In the end it represents not just one but many warnings from history About the care that is needed when confronted with terrorism and about just how badly events can go for even the most powerful state if they get it wrong     The rise of devils James Crossland,2023-01-31 Punctuated by the stories of a host of interesting and extraordinary characters Crossland has produced a fascinating exploration of the long nineteenth century s development of

terrorism and counterterrorism highlighting the role of fear and the paranoia repression and overreaction it engendered

Michael Stohl Professor at the University of California Author of *Crime and Terrorism* By applying an innovative historical lens *The Rise of the Devils* by James Crossland offers a remarkable perspective on the history of terrorism that is not overdetermined by the events of 9 11 and explores a violent strain of nihilism intoxicated by a whiff of martyrdom The book reads like the prequel to the *National Treasure* movie franchise and offers a completely unique understanding of Terrorism s First Wave

Mia Bloom Georgia State University Author of *Dying to Kill the Allure of Suicide Terror* In the dying light of the nineteenth century the world came to know and fear terrorism Much like today this was a time of progress and dread in which breakthroughs in communications and weapons were made political reforms were implemented and immigration waves bolstered the populations of ever expanding cities This era also simmered with political rage and social inequalities which drove nationalists nihilists anarchists and republicans to dynamite cities and discharge pistols into the bodies of presidents police chiefs and emperors This wave of terrorism was seized upon by an outrage hungry press that peddled hysteria conspiracy theories and sometimes fake news in response convincing many a reader that they were living through the end of days

Against the backdrop of this world of fear and disorder *The rise of devils* chronicles the journeys of the men and women who evoked this panic and created modern terrorism revolutionary philosophers cult leaders criminals and charlatans as well as the paranoid police chiefs and unscrupulous spies who tried to thwart them In doing so this book explains how radicals once thought just in their causes became as Pope Pius IX denounced them little more than devils risen up from Hell
