Redefining the Bonds of Commonwealth, 1939-1948 F. McKenzie, 2002-06-06 This work is a path breaking study of the changing attitudes of Canada Australia New Zealand and South Africa to Britain and the Commonwealth in the 1940s and the effect of those changes on their individual and collective standing in international affairs. The focus is imperial preference the largest discriminatory tariff system in the world and a potent symbol of Commonwealth unity It is based on archival research in Britain Canada Australia New Zealand and the United States Redefining the Bonds of Commonwealth, 1939-1948 Francine McKenzie, 2002-09-07 This work is a path breaking study of the changing attitudes of Canada Australia New Zealand and South Africa to Britain and the Commonwealth in the 1940s and the effect of those changes on their individual and collective standing in international affairs The focus is imperial preference the largest discriminatory tariff system in the world and a potent symbol of Commonwealth unity **Britain's Imperial Century, 1815-1914** R. Hyam, 2002-09-23 The undisputed best introduction to the history of the world wide pattern of British activity in the nineteenth century embracing its expansive spirit as well as its formal territorial empire The dynamics of this extraordinary enterprise are considered broadly the high political concerns of strategy and international geopolitics are analyzed as well as the economic dimension missionary activity and racial attitudes together with a wide range of cultural aspects including sport and the pursuit of sexual opportunity Nor is the personal contribution of some of the leading Victorian figures neglected **Decolonization Struggle in Trinidad and Tobago** J. Teelucksingh, 2014-11-18 This book provides evidence that Labour in Trinidad and Tobago played a vital role in undermining British colonialism and advocating for federation and self government Furthermore there is emphasis on the pioneering efforts of the Labour movement in party politics social justice and working *Insanity, Race and Colonialism* L. Smith, 2014-10-14 Despite emancipation from the evils of enslavement class solidarity in 1838 most people of African origin in the British West Indian colonies continued to suffer serious material deprivation and racial oppression This book examines the management and treatment of those who became insane in the period until the Great War Forging a British World of Trade David Thackeray, 2019-01-31 Brexit is likely to lead to the largest shift in Britain's economic orientation in living memory Some have argued that leaving the EU will enable Britain to revive markets in Commonwealth countries with which it has long standing historical ties Their opponents maintain that such claims are based on forms of imperial nostalgia which ignore the often uncomfortable historical trade relations between Britain and these countries as well as the UK s historical role as a global rather than chiefly imperial economy Forging a British World of Trade explores how efforts to promote a British World system centred on promoting trade between Britain and the Dominions grew and declined in influence between the 1880s and 1970s At the beginning of the twentieth century many people from London to Sydney Auckland and Toronto considered themselves to belong to culturally British nations British politicians and business leaders invested significant resources in promoting trade with Australia Canada New Zealand and South Africa out

of a perception that these were great markets of the future However ideas about promoting trade between British peoples were racially exclusive From the 1920s onwards colonized and decolonizing populations questioned and challenged the basis of British World networks making use of alternative forms of international collaboration promoted firstly by the League of Nations and then by the United Nations Schemes for imperial collaboration amongst ethnically British peoples were hollowed out by the actions of a variety of political and business leaders across Asia and Africa who reshaped the functions and identity of the Commonwealth **Uniting Nations** Daniel Gorman, 2022-07-28 Uniting Nations is a comparative study of Britons who worked in the United Nations and international non governmental and civil society organizations from 1945 to 1970 and their role in forging the postwar international system Daniel Gorman interweaves the personal histories of scores of individuals who worked in UN organizations the world government movement Quaker international volunteer societies and colonial freedom societies to demonstrate how international public policy often emerged from the ground up He reveals the importance of interwar Second World War colonial and voluntary experiences in inspiring international careers how international and national identities intermingled in the minds of international civil servants and civil society activists and the ways in which international policy is personal It is in the personal relationships forged by international civil servants and activists positive and negative biased and altruistic short sighted or visionary that the international is to be found in the The Impact of the First World War on International Business Andrew Smith, Kevin postwar international order Tennent, Simon Mollan, 2016-10-26 People throughout the world are now commemorating the centenary of the start of the First World War For historians of international business and finance it is an opportunity to reflect on the impact of the war on global business activity The world economy was highly integrated in the early twentieth century thanks to nearly a century of globalisation In 1913 the economies of the countries that were about to go war seemed inextricably linked The Impact of the First World War on International Business explores what happened to international business organisations when this integrated global economy was shattered by the outbreak of a major war Studying how companies responded to the economic catastrophe of the First World War offers important lessons to policymakers and businesspeople in the present concerning for instance the impact of great power politics on international business or the thesis that globalization reduces the likelihood of inter state warfare This is the first book to focus on the impact of the First World War on international business It explores the experiences of firms in Britain France Germany Japan China and the United States as well as those in neutral countries such as the Netherlands Sweden and Argentina covering a wide range of industries including financial services mining manufacturing foodstuffs and shipping Studying how firms responded to sudden and dramatic change in the geopolitical environment in 1914 offers lessons to the managers of today s MNEs since the world economy on the eve of the First World War has many striking parallels with the present Aimed at researchers academics and advanced students in the fields of Business History International Management and Accounting History this book goes beyond the extant literature on

this topic namely due to the broad range of industries and countries covered The Impact of the First World War on International Business covers a broad range of geographical areas and topics examining how private firms responded to government policy and have based their contributions mainly on primary sources created by business people Foreign Office, Commerce and British Foreign Policy in the Twentieth Century John Fisher, Effie G. H. Pedaliu, Richard Smith, 2017-02-16 This book addresses the interface of the British Foreign Office foreign policy and commerce in the twentieth century Two related questions are considered what did the Foreign Office do to support British commerce and how did commerce influence British foreign policy The editors of this work collect a range of case studies that explore the attitude of the Foreign Office towards commerce and trade promotion against the backdrop of a century of relative economic decline while also considering the role of British diplomats in creating markets and supporting UK firms This highly researched and detailed examination is designed for readers aiming to comprehend the role that commerce played in Britain's foreign relations in a century when trade and commerce have become an inseparable element in foreign Africa, Empire and World Disorder A. G. Hopkins, 2020-09-24 This volume brings together and security policies important articles from the Cambridge historian A G Hopkins and reflect the enlargement and evolution of historical studies during the last half century The essays cover four of the principal historiographical developments of the period the extraordinary revolution that has led to the writing of non Western indigenous history the revitalization of new types of imperial history the now ubiquitous engagement with global history including a reinterpretation of American Empire and the current revival of economic history after several decades of neglect **International Organizations and Development**, 1945-1990 M. Frey, S. Kunkel, C. R. Unger, 2014-08-19 This volume explores how international organizations became involved in the making of global development policy and looks at the driving forces and dynamics behind that process critically assessing the consequences their policies have had around the world Dominion of Race Laura Madokoro, Francine McKenzie, David Meren, 2017-06-09 How has race shaped Canada's international encounters and its role in the world How have the actions of politicians diplomats citizens and nongovernmental organizations reflected and reinforced racial power structures in Canada In this book leading scholars grapple with these complex questions destabilizing conventional understandings of Canada in the world Dominion of Race exposes how race thinking has informed priorities and policies positioned Canada in the international community and contributed to a global order rooted in racial beliefs While the contributors reconsider familiar topics including the Paris Peace Conference and Canada's involvement with the United Nations they enlarge the scope of Canada's international history by subject geography and methodology By demonstrating that race is a fundamental component of Canada and its international history this important book calls for reengagement with the histories of those marginalized in or excluded from the historical record **Order and Rivalry** Madeleine Lynch Dungy, 2023-06-15 Traces the formation and development of multilateral trade structures in the aftermath

of the First World War Global Perspectives on the Bretton Woods Conference and the Post-War World Order Giles Scott-Smith, J. Simon Rofe, 2017-09-07 This book repositions the groundbreaking Bretton Woods conference of July 1944 as the first large scale multilateral North South dialogue on global financial governance It moves beyond the usual focus on Anglo American interests by highlighting the influence of delegations from Latin America India the Soviet Union France and others It also investigates how state and private interests intermingled collided and compromised during the negotiations on the way to a set of regulations and institutions that still partly frame global economic governance in the early twenty first century Together these essays lay the groundwork for a more comprehensive analysis of Bretton Woods as a pivotal site of multilateralism in international history A Global History of Trade and Conflict since 1500 L. Coppolaro, F. McKenzie, 2013-11-20 This book explains the causes and consequences of the intersection of two transformative global forces trade and conflict since 1500 The nine historical case studies interspersed over 500 years and spanning the globe make a major historical contribution to the enduring debate about whether trade makes peace more likely Ingo Trauschweizer, 2021-03-19 This collection raises timely questions about peace and stability as it interrogates the past and present status of international relations The post World War II liberal international order upheld by organizations such as the United Nations the North Atlantic Treaty Organization and similar alliances aspired to ensure decades of collective security economic stability and the rule of law All of this was a negotiated process that required compromise and yet it did not make for a peaceful world When Winston Churchill referred to the UN framework as the temple of peace in his famous 1946 Iron Curtain speech he maintained that international alliances could help provide necessary stability so free people could prosper both economically and politically Though the pillars of international order remain in place today in a world defined as much by populism as protest leaders in the United States no longer seem inclined to serve as the indispensable power in an alliance framework that is built on shared values human rights and an admixture of hard and soft power In this book nine scholars and practitioners of diplomacy explore both the successes and the flaws of international cooperation over the past seventy years Collectively the authors seek to address questions about how the liberal international order was built and what challenges it has faced as well as to offer perspectives on what could be lost in a post American world

Australia's Boldest Experiment Stuart Macintyre,2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health

education immigration housing are not the result of military endeavour but policy planning politics and popular resolve Collision of Empires G. Bruce Strang, 2016-05-23 Italy s invasion of Ethiopia in 1935 marked a turning point in interwar Europe The last great European colonial conquest in Africa the conflict represented an enormous gamble for the Fascist dictator Benito Mussolini He faced a challenge not only from a stout Ethiopian defence but also from difficult logistics made worse by the League of Nations half hearted sanctions Mussolini faced down this opposition and Italian troops aided by air superiority and liberal use of yprite gas conquered Addis Ababa within eight months a victory that shocked many military observers of the time with its speed and suddenness The invasion had enormous repercussions on European international relations In the midst of a national election campaign the British National Government had felt constrained to support the League despite fears that sanctions through the League could lead to war with Italy The concentration of the Royal Navy in the Mediterranean Sea alienated Mussolini and placed the French government on the horns of dilemma should France support its military partner Italy or its more important potential ally Great Britain French attempts to mark out a middle ground did little to placate the Duce and the crisis seemed to develop a deep rift between Fascist Italy and the Anglo French democracies while at the same time creating a crisis in Anglo French relations Mussolini turned towards Nazi Germany in an attempt to end his diplomatic isolation during the sanctions episode although Hitler considered the Duce's friendship a mixed blessing The question of American adherence to sanctions increased ill will between British politicians and the Roosevelt administration in Washington as each tended to blame the other for the failure of oil sanctions and the collapse of collective security The international crisis posed similarly thorny problems for the smaller powers of Europe and for Japan and the Soviet Union The crisis impeded common defence against Fascist expansionism while giving impetus to claims of the revisionist powers Despite the tremendous importance of the international crisis however little new work on the subject has appeared in recent decades In this volume an international cast of contributors take a fresh look at the crisis through the lens of new evidence and new approaches to international relations history to provide the most comprehensive coverage of the crisis currently possible and their work provides new frames of reference for exploring imperialism collective security and Free Trade and Social Welfare in Europe Lucia Coppolaro, Lorenzo Mechi, 2020-01-24 This book deals with genocide the historical relationship between international trade liberalisation one of the backbones of globalisation and the development of social welfare In Europe the issue has regularly been at the centre of the political debate for at least two centuries and still nowadays it continues to inspire decisions of the highest order as in the recent case of Brexit Analysing a number of particularly meaningful episodes and moments the eight chapters of this edited volume provide an overview of how the liberalisation welfare nexus has been addressed in Europe since the end of the 19th century Describing the oscillations from phases in which state non state and transnational actors saw the two elements as widely conflicting to others in which more harmonious visions prevailed the book uncovers the political complexity of the issue and contributes to
